Subject: RE: New DEP Application- City of Brigantine

Diana,

We have reviewed this application and really need to have the some additional information and the questions below answered prior to being able to task out the application.

1. Construction schedule
   Brigantine Avenue is a county road and the changes proposed are minor in nature and can be completed during the off season. Assuming this grant application is approved by the end of the year, the City of Brigantine will commence the bidding process in early 2015 and complete this project by the end of 2015. This will provide for added safety and recreation for the residents and visitors of Brigantine and encourage the use of transit. The proposed construction schedule is:

Preparation of Bid Plans and Specifications	60 days
Advertise for Bidding	30 days
Award Construction Bids	30 days
Construction Begins	30 days
Construction Completed	90 days

2. Legible map -clarification is needed regarding the exact project area and the details cannot be discerned from the map provided.
   The project area is the public right of way from 14th Street South to 9th Street South. The public right of way is basically from the front of the buildings on either side of the street. (see attached aerial)
3. Does the cost estimate reflect the project area of 8th -12th Streets or 9th - 14th Streets?
   See clarification above.
4. The text describes the streetscape project as Brigantine Avenue from 8th to 12th streets. However, the plan on page 8 shows it from 9th to 14th Street.
   See clarification above
5. Does it make sense to plant trees under the power lines?

The trees will be sized and placed to not interfere with the power lines.

Please let me know if you have any questions,

Cheers

Chris

Subject: New DEP Application- City of Brigantine

Attached please find a new NCR Streetscape DEP Application for review. There are potentially 3 more applications to be submitted befor2 the end of 2014.
Thank you for your continued support.

Best regards,
Diana
