4. **Application ID Number:** __SBL-
   ___621290_____
5. **National Objective Description/Number:**____ Urgent Need
6. **Grant Number:** B-13-DS-34-0001
7. **Applicant Name:**_____DMM
   Associates_____
8. **Project Location:** Thundering Surf_____ (Street Address) 300
   Taylor Avenue _____(Zip) 08008
   _____Beach Haven_____ (Municipality)
   _____Ocean_____ (County)
   ____186_____ (Block) ____1-20_____ (Lot)

(A separate form with a unique Application ID number is required for each location.)

9. **Detailed Project Description**
   The purpose is to update and renovate, replace and demolish parts of Thundering Surf Water Park And Adventure Golf Course in Beach Haven, NJ. The site is now occupied by the Water Park that was built in 1989 as well as a 36-hole Adventure Golf Course built at the same time. The purpose of the loan would be to totally renovate the existing Golf courses that are opened for business presently, but are 26 years old, and make room by consolidating them into a smaller footprint for two new waterslides. This would be done by going higher, using a structure of concrete and steel. This way we could use a smaller footprint to expand the existing Water park area but still keep all 36 holes of golf. It would require Demolition of the existing golf courses and removing fill dirt through excavation.
10. **Change in Use**
    Will the project result in a change in use for the land or structure? If YES, please describe and document.
    *No
11. **Change in Size or Capacity**
    Will the project result in a change in size or capacity of **any kind**? If YES, describe the percentage increase in size, footprint, number or capacity. Include any increase in number or square footage of main building(s), ancillary structure(s), parking areas, landscaping, paving, discharges such as sewage (wastewater), solid waste (trash), or process discharges, etc.

    *Please see attached documentation outlining the project.
12. **Market Value**
    What is the estimated cost of the rehabilitation as a percentage of the estimated post-rehab value of the building? Attach documentation such as comparable housing or commercial property prices.
    *Total cost of project: $2,671,200
