Section II:

STUDENT ENROLLMENT INFORMATION

EXPLANATORY NOTES

This section contains information on student enrollments. Tables in this section not referenced below are self-explanatory.

Please note the following changes that have occurred in the methodology for reporting student enrollment. In previous years, shared-time vocational education students (i.e., those students appearing in the New Jersey School Registers of an academic high school and a county vocational school for a half school day each) were counted in their appropriate grade (Grades 9-12, Post-Graduate, or Ungraded) by their home district and duplicated in counts of shared-time students who were sent and those who were received by each location. Subsequently counts of students "on-roll" full -time and shared-time have been combined with full-time students reported as "1" and shared-time as ".5"" at each location.

Enrollment counts that include a decimal (".5") for demographic categories such as racial/ethnic origin and sex are due to the reporting limitations of the New Jersey School Register. For example, pupils attending a private school for the handicapped on a shared-time basis would only be reported as a ".5" by the public school where the child is enrolled for a half school day each day. Enrollments, full- or shared-time, are not reported in a school register for private schools for the handicapped.

- Table 7. Students counted in the "Special Education" category are pupils enrolled in self-contained classrooms. Mainstreamed special education students are reported in their grade level. Additionally, full-time and shared-time students attending vocational school districts are reported separately under the heading "Vocational" Education. The table appears on two pages.

- Student counts for Grades 7 and 8 appearing in Tables 8 and 9 are mutually exclusive based on the grade span of each school and the reported school type (elementary or secondary).

- Table 10. New to the 2000-01 edition are the student enrollments by county and grade for those charter schools that were in operation as of October 13, 2000. Students counted in the "Special Education" category are pupils enrolled in self-contained classrooms. Mainstreamed special education students are reported in their grade level. These enrollments are a subset of the enrollment figures that appear in Tables 7, 8, and 9. The table appears on two pages.

- The racial/ethnic categories appearing in Table 11 and 12 are in accordance with prescribed federal reporting requirements.
