Section V:

CERTIFICATED STAFF INFORMATION

EXPLANATORY NOTES

These tables contain information pertaining to the certificated staff employed full and part-time. Tables in this section not referenced below are self-explanatory.

For the purposes of this publication, certificated staff are classified into three categories that define the major work assignments in the educational profession. These categories are: administrators and supervisors; classroom teachers; and educational support services personnel.

Certificated staff counts are reported in Full-Time Equivalency (FTE). In order to comply with federal reporting requirements and resolve discrepancies as to identification of major work assignments and associated category classification, the "Report of Certificated Staff Status," distributed as part of the department's annual Fall Survey, was revised to include FTE for each reported assignment. For the purposes of this publication, certificated staff counts appearing in tables related to major assignments (Tables 23-26), as well as those related to demographic information (e.g. sex, race/ethnicity, age, experience, salary, mobility, etc.) are prepared as a sum of each individual occurrence (Tables 27-44, 49, 52-54). Certificated staff counts appearing in Tables 45-48 and 50-51 are based on the reported FTE. A detailed definition of FTE appears in the Glossary.

Please note that total staff counts based on FTE and those calculated as the sum of individual occurrences may differ.

- Table 24. The "system-wide" category refers to those individuals employed in the district's central office and/or are itinerant having assignments that cover two or more schools.

- Table 49. Summarizes the mobility of full-time certificated staff in and out of school districts. "Entering" status consists of those individuals who were not reported on October 13, 2000, but held a position in that district one year later. "Leaving" status consists of those individuals who were reported in a position on October 13, 2000, but were not in that district one year later. Table includes counts by county and major work assignment categories, as well as entering and leaving totals by county and statewide totals.

- Table 53. Table includes the calculated ratio of students to full-time administrators and supervisors, comprised of district administrators and school principals, supervisors, non-supervisory coordinators, and directors by county for school years 1998-99, 1999-00 and 2000-01. The ratio was calculated by dividing the number of students enrolled by the counts of these staff members.

- Table 54. Table includes the calculated ratio of students to full-time classroom teachers by county for school years 1998-99, 1999-00, and 2000-01. The ratio was calculated by dividing the number of students enrolled by the counts of classroom teachers.
