

A photograph of a dirt path winding through a dense forest of tall, thin trees with green foliage. The path is the central focus, leading the eye into the woods. The trees are closely packed, and the ground is covered in fallen leaves and undergrowth. The lighting is soft, suggesting a shaded forest environment.

Pinelands Commission

Our internal
path to
sustainability.

Changing to LED Lighting

Since the Commission's participation in the BPU sponsored Energy Audit, lightbulbs are being replaced with LEDs throughout the office.

Battery Powered Grounds Equipment Acquired

Trimmer \$179.00

Leaf Blower \$449.00

Push Mower \$649.00

Total \$1,277.00

Future Purchase Identified

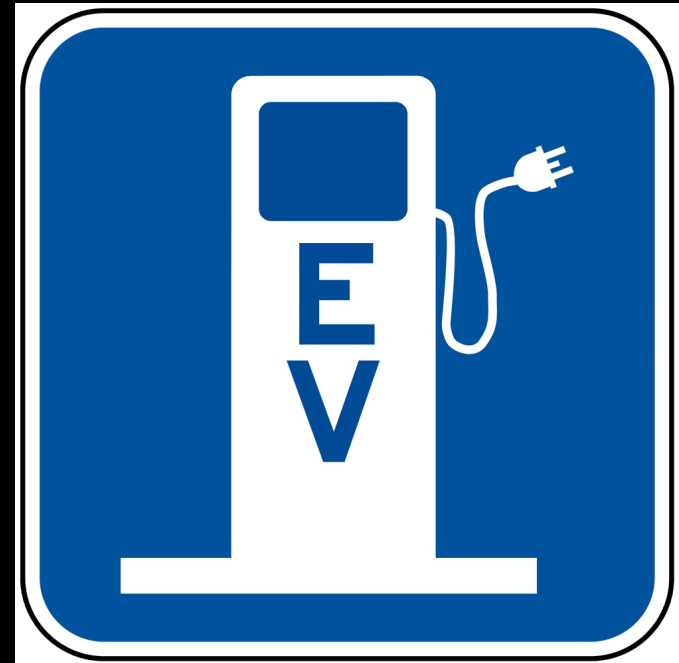

Ryobi – 42 inch deck, brushless, 80V ride on mower (or similar model)

- Funded by Energy Conservation Reserve
- Need to sell existing gasoline mower
 - Fixed Asset Deletion approval by P&B
 - List on GovDeals.com
- Obtain quotes and purchase by Spring

Medium- and Heavy-Duty Electric Vehicle Charging Program

- Funds provided by RGGI (Regional Greenhouse Gas Initiative).
- Community Charging: \$225,000 toward the purchase and installation of 150 kW or greater dual-port, networked DCFC and Make-Ready, with at least \$25,000 per charger suggested for use in potential distribution system upgrade funding. Chargers must be publicly available.
- Deadline: May 12, 2023

Purchasing of New Electric or Hybrid Field Vehicles

Current Vehicles on State Contract do not meet our ground clearance needs.

RFQ (Request for Quote) currently being prepared with the specifications needed for field work vehicles.
