SECTION I – INTRODUCTION

I. INTRODUCTION

This document has been prepared in accordance with Title XX of the Social Security Act, the Social Services Block Grant (SSBG). It is intended to meet the requirements of the Act, specifically a pre-expenditure report, and to serve as a policy and budget statement regarding the social service programs which are supported by federal SSBG revenues.

The program period reflected in this report will be July 1, 2016 through June 30, 2017 the State Fiscal Year 2017 (SFY'17). In SFY'17, New Jersey plans to spend its entire anticipated allotment of federal funds under the SSBG Program.

For State Fiscal Year 2017 Social Services Block Grant (SSBG), the Department of Children and Families (DCF) will serve as the New Jersey designated conduit agency. New Jersey has streamlined the administration of the federal SSBG grant beginning with SFY16 by realigning the responsibility for these funds from the Department of Human Services (DHS) to the Department of Children and Families. Going forward, DCF will manage the grant reporting and administration for the entire Social Services Block Grant which will be utilized in support of Case Management and other related costs for New Jersey's child protection agency and Family Planning Services for New Jersey's Department of Health (DOH).

In accordance with Section 2006 (42 U.S.C 1397e), the New Jersey Department of Children and Families is included in the annual New Jersey Single State Audit (SSA). Beginning with the State Fiscal Year 2016 SSBG grant, the Department of Children and Families, as the conduit agency for the State of New Jersey, will be the lead agency on audits surrounding any amounts received by the State for SSBG. No audit report for SFY16 concerning the SSBG grant has been issued to date.

SECTION II – ADMINISTRATIVE OPERATIONS

Overview

The Social Services Block Grant (SSBG) is considered by the Department of Children and Families to be a revenue source in support of case management, other related costs of the program as well as family planning services. These programs, which receives SSBG funds, conform to the overall goals, objectives and policies of the Department of Children and Families and Department of Health.

Mission

In partnership with New Jersey's communities, the Department of Children and Families (DCF) ensures the safety, well-being and success of New Jersey's children and families.

With a staff of approximately 6,600 employees, DCF encompasses Child Protection and Permanency, Children's System of Care, Family and Community Partnerships, Specialized Education Services, the Division on Women, Adolescent Services, Child Welfare Training Academy and the Centralized Child Abuse/Neglect Hotline

Responsibilities

DCF focuses on partnering with children, youth, families and communities to achieve child and family safety, support, well-being and success. DCF incorporates the best thinking of New Jersey stakeholders, frontline workers and supervisors to achieve positive results and improvements in supporting New Jersey's women, children, youth and families. Current priorities include reducing the incidence of child abuse and neglect, ensuring permanency for children who enter out-of-home care, managing outcomes by data, continuing the integration of a system of care for children with behavioral, intellectual and developmental disabilities and co-occurring disorders, supporting programs and services for women and adolescents in the transition to adulthood.

Goals

Child Protection and Permanency (CP&P), which administers its case management program and will receive the SSBG funding, is DCF's largest operating unit and meets the federal requirements for New Jersey's official child protection and child welfare agency. Its goals are to ensure the safety, permanency and well-being of New Jersey's most vulnerable children and to strengthen families. CP&P investigates allegations of child abuse and neglect and arranges for child protection and family treatment, if necessary.

3. Types of Activities to be supported

Case Management Services provide an array of social services from general case management to adoption services. These services are designed to assist individuals and families in assessing their needs, making appropriate referrals and providing

services to help manage and enhance their quality of life. This area also includes initial response services that provide a timely response and efficient management of services to those who are in need of protection, emergency services, and/or other services that may be required to restore or maintain the well being of individuals. Services may be provided to individuals who voluntarily request services; and to all those who are reported to be in need of protection as a result of abuse, neglect, abandonment, or exploitation regardless of whether the request is voluntary.

Family Planning Services include, but are not limited to, assisting/counseling patients with developing a reproductive life plan, preventative reproductive care; HIV/AIDS, sexually transmitted testing and treatment; cancer screening including cervical, prostate and breast cancer.

A. Method of Delivery and Geographic Area where Services are to be Provided:

- As part of its overall child reform efforts, New Jersey continues to invest in the State Central Registry, the statewide child protection hotline that operates 24-hours a day, 7-days a week, taking calls from the public regarding children's safety, and which represents a gateway for providing services. The hotline also receives calls expressing concern about the well-being of families and requesting family social services. Services are then coordinated by the child protection agency's local offices in each of the 21 counties throughout the State of New Jersey
- For the New Jersey Department of Health, one agency provides oversight of the entire family planning services program delivery system. The agency which receives SSBG funding from Department Of Health is the New Jersey Family Planning League. There is a well-established partnership between the Department Of Health and the New Jersey Family Planning League to ensure the clinics provide services throughout the 21 counties of New Jersey.
