

RACIAL DISPARITY IN YOUTH SUICIDE

According to a national survey conducted by the CDC, suicide attempts among Black youth significantly increased between 1991 – 2017 across the United States and in New Jersey.

Black youth also have the highest rate of non-fatal suicide attempts.

DCF's Children's System of Care can help any struggling youth receive:

- **crisis stabilization**
- **individualized care planning**
- **in-home, in-community and out-of-home supports**

If your child needs help, Don't wait!
