

Get an Updated 2023-2024 COVID-19 Vaccine at No Cost to You!

Through the Vaccines for Children or 317/Bridge Access Programs

VACCINES FOR CHILDREN (VFC) PROGRAM

CHILDREN can get free COVID-19 vaccines if they are 18 years old or younger and they:

- Are Medicaid eligible (NJ FamilyCare Plan A)
- Don't have insurance.
- Have insurance that does not cover the full cost of the vaccine (underinsured).
- Are American Indian or Alaska Native

healthapps.state.nj.us/fhs/cphc/cphcSearch.aspx

Underinsured children can only get vaccines at a Federally Qualified Health Center (FQHC).

Scan the QR code or visit the link below to find an FQHC.

317/BRIDGE ACCESS PROGRAM

ADULTS can get free COVID-19 vaccines if they:

- Are 18 years and older
- Do not have health insurance
- Have insurance that does not cover the full cost of the vaccine (underinsured)

Scan the QR code to the right to find a VFC or 317/Bridge Access Program provider.

For information about COVID-19 vaccination and testing, call the CDC's National COVID-19 Hotline, at 1-800-232-0233.
