(*Call II.A*)
3. Following the NJDCS's adoption of this Delegate Selection Plan, the NJDCS shall submit the Plan for review and approval by the DNC Rules and Bylaws Committee ("RBC"). Such corrections shall be made by the NJDCS Chair or their designee and the Plan shall be resubmitted to the RBC within 30 days of receipt of notice of the RBC's findings. (*Reg. 2.5, Reg. 2.6 & Reg. 2.7*)

APPROVED BY THE DNC DECEMBER 21, 2023; AMENDMENT APPROVED FEBRUARY 1, 2024

B. Description of Delegate Selection Process

1. The NJDSC will use a proportional representation system based on the results of the Presidential Primary for apportioning delegates to the 2024 Democratic National Convention.
2. As of the date of this Delegate Selection Plan, as noted on the cover page, the “first determining step” of New Jersey’s delegate selection process will occur on **Tuesday, June 4, 2024**, with the statewide Presidential Primary. The following may affect the timeline of New Jersey’s “first determining step”:
 - a. As noted in prior correspondence with DNC, discussions with relevant stakeholders in New Jersey continue in order to determine if the Presidential Primary date will be moved up. A bill has been drafted but not yet introduced for this purpose. **The NJDSC will keep the DNC apprised of any changes to the Presidential Primary date or any legislation that may affect the manner of election.**
 - b. Deleted.
 - c. The Presidential Primary date is also the primary for other down ballot federal and state elections to be held in 2024, including, but not limited to: United States Senate; United States House of Representatives; county elected officials; and local municipal officials.
3. In the event that any change noted in Section I.B.2 above is enacted into law, the NJDSC will implement a statewide voter education program to assist voters, including and especially those voters covered in Section VIII of this Delegate Selection Plan, in understanding the changes and casting their ballots.

C. Voter Participation

1. Participation in New Jersey’s delegate selection process is open and accessible to all voters who wish to participate as Democrats and who satisfy any legal requirements in place at the time of the delegate selection process, such as:
 - a. To register to vote (N.J.S.A. 19:31-6):
 - i. Voters must fill out and submit online a Voter Registration Application no later than 21 days before the Presidential Primary;**or**

- e. Participation in New Jersey’s delegate selection process will also be guided by the following principles:
 - i. To encourage participation by youth in New Jersey’s delegate selection process, any individual who is 18 will be allowed to participate in the delegate selection process provided they register to vote as noted above in Section I.C.1. *(Reg. 4.3.C)*
 - ii. At no stage of New Jersey’s delegate selection process shall any person be required, directly or indirectly, to pay a cost or fee as a condition for participating. - iii. No person shall participate or vote in the nominating process for the Democratic presidential candidate who also participates in the nominating process of any other party for the corresponding election. *(Rule 2.E)*
 - iv. Votes shall not be taken by secret ballot at any stage of the delegate selection process, including processes leading up to the selection of DNC Members or State Chairs or Vice Chairs, who serve as DNC members by virtue of their office, except that use of such voting by secret ballot may be used in a process that is the first determining stage of the delegate selection process and in which all individual voters who wish to participate as Democrats are eligible to do so. *(Rule 2.F)*
 - v. No person shall vote in more than one (1) meeting which is the first meeting in the delegate selection process. *(Rule 3.E & Reg. 4.7)*
2. New Jersey is participating in the State government-run Presidential Primary that will utilize government-run voting systems. The NJDSC has taken provable positive steps to ensure or encourage the State of New Jersey to:
- a. Maintain secure and accurate State voter registration rolls, so that every eligible American who registers to vote has their personal information protected and secure; *(Rule 2.H.1)*. New Jersey has had a Democratic Governor since January 2018, and under Governor Murphy's leadership, and with the support of the NJDSC, the Democratic Secretary of State has implemented programs to secure voting registration information, secure voting machines, boost cyber security, and implement voting machines that create a paper trail. One of the first initiatives undertaken in 2018 was modernization of New Jersey's Statewide Voter Registration Service (SVRS) which maintains the statewide voter registration rolls. Secretary Way has worked with New Jersey's Office of Homeland Security to increase deterrence, detection, and response resources and make relevant upgrades to the State's election systems. Secretary Way and her team have been recently honored with a national Clearinghouse Award for Outstanding Use of Help America Vote Act (HAVA) Grants in Elections Modernization for their work during the 2022 midterm elections.
 - b. Implement transparent and accurate voter registration list maintenance procedures that comply with federal requirements and ensure that every eligible voter stays on the rolls; *(Rule 2.H.2)*. Voting registration lists in New Jersey are maintained primarily at the county level (where voters

register), and the Secretary of State. The NJDSC works with county Boards of Election and/or Clerks in each county to ensure that they are following best practices in maintaining voter lists and ensuring that voter lists are not purged. At the state level, in 2018 Secretary Way and NJ's Office of Homeland Security spearheaded the modernization of New Jersey's Statewide Voter Registration Service (SVRS) which maintains the statewide voter registration rolls. In addition, when issues come up at the polls, NJDSC routinely brings litigation on behalf of individuals who are eligible to vote but have been prevented from doing so.

- c. Promote the acquisition, maintenance, and regular replacement of precinct based optical scan voting systems; *(Rule 2.H.3)* Beginning 2021, New Jersey implemented the use of electronic poll books and optical scan voting machines throughout the State.
- d. Ensure that any direct recording electronic systems in place have a voter verified paper record; *(Rule 2.H.4)* New Jersey has mandated voter-verified paper records since 2008.
- e. Implement risk limiting post-election audits such as manual audits comparing paper records to electronic records; *(Rule 2.H.5)* New Jersey requires each Board of Election to audit a random sample of at least 2% of the election districts in which each audited election contest appears on the ballot. Counties having less than 100 election districts shall audit at least two election districts. Each county Board of Election will conduct a hand-to-eye manual count of the voter-verifiable paper records and compare those results to the results produced by the voting machine.
- f. Ensure that all voting systems have recognized security measures; *(Rule 2.H.6)* New Jersey's Division of Elections partners with the New Jersey Cybersecurity and Communications Cell to support the security of election systems in New Jersey. They also collaborate with federal, state, and local authorities, as well as other third parties, on securing New Jersey's voter registration and election systems. They provide direct support to the election officials in all 21 counties in New Jersey in reviewing their processes and procedures, and information technology systems that support elections. They perform assessments of the physical and cybersecurity status of the county election offices and assist with the development of their continuity of operations plans.

- g. Use accessible and secure voting machines that make it possible for individuals with disabilities and a caregiver to vote securely and privately, with votes verifiable by voters; (*Rule 2.H.7*) Disabled New Jersey voters have multiple options to cast their ballot. Voters with accessibility needs can be accommodated at their local polling place and utilize special equipment that enables them to view the ballot on a screen or hear an audio version to help them mark and cast their ballot. A voter who requires assistance to vote at a polling location may also designate the person of their choosing to provide assistance. During the 2023 primary, voters who could not vote via a paper ballot without assistance also had an accessible ballot option. The State of New Jersey hired Democracy Live to help voters with disabilities to cast their vote privately and independently. To access this option, a disabled voter would have reached out to their County Clerk and indicated that they were unable to complete a paper ballot without assistance and that they wished to vote using an accessible vote by mail ballot. The County Clerk worked with Democracy Live to deliver a secure electronic ballot to the voter. At the same time, the County Clerk's office mailed the voter the postage paid ballot return envelope, and a certificate envelope for the voter to seal the ballot in. The voter received an email with a link to a ballot personalized with the applicable local, state, and national contests and any questions based on where they live. From the link provided, the voter marked the ballot using their own personal assistive technology such as screen readers and screen magnifiers. When done, the voter printed the ballot, and the completed Certificate of Accessible Ballot Voter. The completed ballot was sealed in the certificate envelope. If the voter received assistance, the person providing such assistance would fill out the assistor portion on the certificate envelope. The voter would then seal the completed Certificate of Accessible Ballot Voter and the sealed certificate envelope containing the completed ballot in the postage paid ballot return envelope provided. Once this process was completed, the ballot was returned using any of the methods available (via mail, secure ballot box, or return to the County Clerk). The NJDSC also maintains a voter hotline during elections that will take inquiries and requests for assistance from individuals with disabilities and others.
- h. Provide educational materials to enhance public knowledge and confidence in election administration and counter disinformation; (*Rule 2.H.8*) The Secretary of State maintains a website at <https://www.nj.gov/state/elections/vote.shtml> that provides important information for voters, including informational videos and FAQs. The

- Secretary of State has in prior elections also invested in both digital information campaigns to ensure that voters know their rights. NJDSC also routinely used digital media and other means to provide educational material and counter disinformation.
- i. Actively engaging with State and local officials to implement fair and honest election policies and practices; and *(Rule 2.H.9)* The NJDSC routinely works with legislators and state and county officials to ensure that election processes are fair and honest, including advocating for voting rights legislation and other best practices that achieve those goals.
 - j. Support adequate funding for State and local election administration. *(Rule 2.H.10)* Under Governor Murphy’s leadership, the New Jersey legislature has allocated unprecedented funding for State and local election administration – funding that was necessary given the number of election law changes implemented in New Jersey since 2018 and given the events of January 2021.
3. In accordance with the Democratic Party’s requirement to assess and improve participation with respect to presidential preference and the delegate selection process, the NJDSC strengthens its long and consistent history of empowering voters and protecting voting rights. Under the leadership of Governor Phil Murphy and the Democratic legislative delegation, the NJDSC has helped effectuate changes to State voter registration, early voting, and automatic registration laws, including implementing a robust early voting/vote by mail law, automatic ballot mailing for those who previously sought to vote by mail, requiring that all government offices allow visitors to electronically register to vote, early voting in person at polling locations and by secure drop box, advocating for the passage of pending legislation allowing high school students to vote in primary elections if they are 18 at the time of a general election, and advocating for same day voter registration. The NJDSC also has continued to provide a volunteer voter protection program during all statewide elections, with over 100 attorneys deployed statewide each Election Day. This effort starts with training sessions by NJDSC staff and counsel for individuals interested in running for office, and consultations by NJDSC staff and counsel with county and local party organizations on legal, compliance, and voter protection related matters. The NJDSC also has led litigation against RNC to prevent voter suppression, and litigation against government officials in New Jersey seeking multi-lingual ballot access and correcting issues with voting systems. As always, the NJDSC continues its voter education efforts through digital and traditional communication

channels, including promoting our early voting programs. These efforts supported by the NJDSC have worked towards the following: (*Rule 2.1 and 2.1.1*)

- a. Expand access to voting, including by implementing no excuse absentee voting by mail, early voting in person, and voting by secure ballot box; supporting same-day voter registration legislation; and allowing for robust cure provisions. (*Rule 2.1.1.a*). Specifically, in New Jersey, there are three ways to vote:
 - i. Vote By Mail (no excuse absentee voting):
 - For voters whose mail-in ballot requests have been approved, ballots are required to begin being mailed to voters no later than 45 days before the Presidential Primary (N.J.S.A. 19:63-9) – in this case, **April 20, 2024**.
 - Ballots may be requested by a voter – by mail – no later than 7 days before the Presidential Primary by completing the Application for Vote By Mail and returning to the voter’s County Clerk.
 - Ballots may also be requested by a voter in person from the voter’s County Clerk no later than 3:00 PM on the day before Presidential Primary.
 - Completed ballots may be returned via mail (postmarked no later than 8:00 PM on the Presidential Primary election day); via secure drop box located in the voter’s county (delivered no later than 8:00 PM on the Presidential Primary election day); or delivered in person to the voter’s county Board of Elections office no later than 8:00 PM on Presidential Primary election day.
 - For completed ballots sent via mail that are postmarked no later than 8:00 PM on Presidential Primary election day, ballots will be counted so long as they are received by the voter’s county Board of Elections on or before the 6th day after the close of the polls. (N.J.S.A. 19:63-22)
 - For completed ballots sent via mail that do not bear a postmark, ballots will be counted so long as they are received by the voter’s county Board of Elections within 48 hours of the closing of the polls. (N.J.S.A. 19:63-22)
 - If a ballot is rejected by a county Board of Election because of a missing or discrepant signature, the Board of Election shall have 24 hours following the rejection to issue a cure letter to the voter, by mail or email. The cure letter shall include a cure form and instructions for how to cure the

- ballot. Cured ballots must be received no later than 11 days following the Presidential Primary election day.
(N.J.S.A. 19:63-17)
- ii. In Person Early Voting. Voters may go in person and vote on a voting machine during the Early Voting Period before the election. For the Presidential Primary, the early voting period begins on **Wednesday, May 29, 2024** and ends on **Sunday, June 2, 2024**.
(N.J.S.A. 19:15A-1)
 - iii. In Person On Election Day.
- b. Ensure that voting locations are accessible, fairly placed, and adequate in number, and have a sufficient number of voting machines; *(Rule 2.1.1.b)* Polling locations are designated by the County Boards of Election. Each polling place shall be accessible to individuals with disabilities and the elderly. A polling place is considered accessible if it complies with the Americans with Disabilities Act. State law requires that booths have swinging doors or privacy screens, shields, or curtains to maintain privacy while voting. Each booth shall also contain privacy sleeves or folders into which the voter may insert the voted ballot to fully shield it from view while walking the ballot outside the booth to be scanned or cast, as the case may be. Election booths shall not be less than 1 for every 100 or 150 registered persons in the district.
 - c. Speed up the voting process and minimize long lines; *(Rule 2.1.1.c)* New Jersey has enacted multiple laws to increase both vote by mail and in person early voting. This has reduced lines and allowed for a speedier voting process.
 - d. Eliminate onerous and discriminatory voter identification requirements; *(Rule 2.1.1.d)* New Jersey does not require voter identification for voting. However, a first time voter who did not provide adequate identification at the time of registration, may be asked to provide identification at the time of voting.
 - e. Count and include in the final total ballots from voters who are eligible to vote but cast their ballots in the wrong precinct, for offices for which they are eligible to vote; and *(Rule 2.1.1.e)* If an eligible voter appears at the wrong precinct, they will receive a provisional ballots if their eligibility to vote in that precinct cannot be established. Provisional ballots are canvassed at the Boards of Election following verification.

- f. Facilitate military and overseas voting. (*Rule 2. 1.1.f*) Military and overseas voters have several options for voter registration and the means by which they can request and obtain a ballot. Specifically, these voters can request and return a ballot by electronic transmission (fax or as an email attachment).
4. As part of encouraging participation in the delegate selection process by registered voters, the NJDSC has helped effectuate changes to State voter registration, early voting, and automatic registration laws through the work of Governor Phil Murphy and the Democratic legislative delegation. Specifically:
 - a. New Jersey has implemented voter registration modernization including automatic voter registration at statewide offices and online voter registration. The NJDSC supports pending legislation allowing same-day registration;
 - b. In New Jersey, 17-year-olds may register to vote, although they may not vote in an election until they reach the age of 18; and
 - c. New Jersey has restored voting rights for persons on probation and parole.
5. New Jersey is participating in the State government-run Presidential Primary that will utilize government-run voting systems. The NJDSC has taken provable positive steps to ensure or encourage the State of New Jersey to ensure an open and inclusive process for voters and resist attempts at voter suppression and disenfranchisement. Under the leadership of Governor Murphy and the Democratic legislature, the NJDSC has helped effectuate changes to State voter registration, early voting, and automatic registration laws, including implementing a robust early voting/vote by mail law, automatic ballot mailing for those who previously sought to vote by mail, requiring that all government offices allow visitors to electronically register to vote, early voting in person at polling locations and by secure drop box, advocating for the passage of pending legislation allowing high school students to vote in primary elections if they are 18 at the time of a general election and advocating for same day voter registration. NJDSC also has led litigation against RNC to prevent voter suppression, and litigation against government officials in New Jersey seeking multi-lingual ballot access and correcting issues with voting systems. (*Rule 6.I*)

Section III

Selection of Delegates and Alternates

A. District-Level Delegates and Alternates

1. New Jersey is allocated 84 district-level delegates and 8 district-level alternates. *(Rule 8.C, Call I.B, I.I, & Appendix B).*
2. District-level delegates and alternates shall be elected by a two-party primary (a presidential preference primary that includes the election of delegates):
 - a. District-level delegates and alternates shall be elected by a presidential preference primary that includes the election of delegates on the ballot through a proportional representation system, with the “first determining step” taking place on **Tuesday, June 4, 2024** with the Presidential Primary. Delegates will be elected from 20 delegate districts based on New Jersey’s 40 legislative districts. Geographically contiguous legislative districts will be paired together to create the 20 delegate districts. Each delegate district contains roughly 460,000 people as they are based on legislative districts of roughly 230,000 people.
 - b. The following may affect the timeline of New Jersey’s “first determining step”:
 - i. As noted in prior correspondence with DNC, discussions with relevant stakeholders in New Jersey continue in order to determine if the Presidential Primary date will be moved up. A bill has been drafted but not yet introduced for this purpose. **The NJDSC will keep the DNC apprised of any changes to the Presidential Primary date or any legislation that may affect the manner of election.**
 - ii. Deleted.
3. Apportionment of District-Level Delegates and Alternates
 - a. New Jersey’s district-level delegates and alternates are apportioned among the districts based on a formula giving equal weight to total population and to the average vote for the Democratic candidates in the 2016 and 2020 presidential elections. Contiguous legislative districts

were combined to give maximum allowance for largest possible pool of demographic representation. (*Rule 8.A, Reg. 4.12, Reg. 4.11 & Appendix A*) This formula was selected to (a) ensure that no area of the State was disenfranchised due to population changes and (b) ensure that the highest level of inclusivity without breaking contiguity – that is, contiguous legislative districts were paired in a manner that allows for the largest pool of diverse clients to be formed in each delegate district. More specifically, in areas of the state that are less diverse, legislative districts with less diverse population were paired with more diverse, contiguous legislative districts in order to increase the demographic representation.

- b. The number of men and the number of women in the State’s total number of district-level delegates and alternates will not vary by more than one. (*Rule 6.C.1 & Reg. 4.9*)

Each NJDSC member shall have one (1) full vote for each unfilled delegate or alternate position at the special post-primary caucus. In the case of non-binary gender delegates, they shall not be counted in either the male or female category, but do count towards the total delegate allotment. (*Rule 6.C., Rule 6.C.1 & Reg. 4.10*)
 - d. Since New Jersey delegates run on a ballot, in districts with an odd number of delegates, the first delegate selected for the winning presidential preference must be of the same gender as the advantaged

- e. After the delegates are selected, the alternates will be awarded, using the same process described above.

- 8. Primary results must be certified by the Secretary of State. Assuming there is no challenge, the Secretary of State will certify primary result on **June 18, 2024**. Section IV

Selection of Convention Standing Committee Members

A. Introduction

1. New Jersey has been allocated four (4) member(s) on each of the three (3) standing committees for the 2024 Democratic National Convention (Credentials, Platform and Rules), for a total of 12 members. *(Call VII.A & Appendix D)*
2. Members of the Convention Standing Committees need not be delegates or alternates to the 2024 Democratic National Convention. *(Call VII.A.3)*
3. These members will be selected in accordance with the procedures indicated below. *(Rule 1.G)*

B. Temporary Standing Committee Members.

1. If required by the DNC, temporary members for the Convention Standing Committees, will be selected by the NJDSC at a meeting to be held on **May 15, 2024**, which meeting may be virtual. The meeting shall be open to the public and well publicized in accordance with this Plan. Members of the NJDSC shall receive timely notice of the meeting, in accordance with the NJDSC Bylaws. *(Call VII.G.2)* Prior to finalizing a virtual meeting, the NJDSC meeting plan must be reviewed by the DNC Tech and Security Team to ensure the procedures used by the NJDSC follow the necessary safeguards and standards.
2. Any Democrat may apply for a position as a temporary member of the standing committee(s). Persons wishing to be considered must submit an application to the NJDSC, located at 142 West State Street, Trenton, New Jersey 08608, including the committee(s) for which they wish to be considered, no later than **Monday, May 1, 2024**.
3. A separate election shall be conducted for membership on each of the standing committees. The male and female membership of each standing committee shall be as equally divided among men and women (determined by self-identification) as possible under the State allocation; i.e. the variance between men and women on any committee. *(Call VII.E.2)* In the case of gender non-binary committee members, they shall not be counted as either a male or

female, and the remainder of the standing committee members shall be equally divided between male gender (men) and female gender (women). *(Call VII.E.1)*

4. Temporary members serve only in the event that the respective standing committee is called to meet prior to completion of New Jersey's delegate selection process and subsequent selection of permanent standing committee members. No temporary member may continue to serve after the selection of the permanent standing committee members unless they are elected as a permanent member. *(Call VII.G.3)* Given the fact that (a) New Jersey's Presidential Primary is June 4, 2024, (b) New Jersey's regular Standing Committee members will be selected June 19, 2024, and (c) the National Convention will be held August 19-22, 2024, there is little chance that any Convention standing committee will meet before June 19, 2024 when regular Committee members are seated.
5. Temporary members selected after the first determining step has occurred in a State shall reflect the Presidential preferences so established. *(Call VII.G.3)*
6. The NJDSC Chair shall certify the temporary standing committee members in writing to the Secretary of the Democratic National Committee within three (3) days after their selection. Substitutions in a State's list of temporary members may only be made up to ten (10) days prior to the time the standing committee meets. Substitute temporary standing committee members will be selected at a meeting of the NJDSC in accordance with the provisions outlined above. *(Call VII.B.3 and Call VII.G.4)*

C. Standing Committee Members

1. Selection Meeting
 - a. The members of the standing committees shall be elected by a quorum of New Jersey's National Convention delegates, at a meeting to be held on **Tuesday, June 18, 2024** at a location to be determined, which may be virtual *(Call VII.B.1)* Prior to finalizing a virtual meeting, the NJDSC meeting plan must be reviewed by the DNC Tech and Security Team to ensure the procedures used by the NJDSC follow the necessary safeguards and standards.
 - b. All members of the delegation shall receive adequate notice of the time, date and place of the meeting to select the standing committee members. *(Call VII.B.1)*

APPROVED BY THE DNC DECEMBER 21, 2023; AMENDMENT APPROVED FEBRUARY 1, 2024

- c. Presidential candidates must submit names for permanent standing committee members to the NJDSC Chair **by 5:00 PM Monday, June 17, 2024.**
2. Allocation of Members
 - a. The members of the standing committees allocated to New Jersey shall proportionately represent the presidential preference of all candidates (including uncommitted status) receiving the threshold percentage used in the State’s delegation to calculate the at-large apportionment pursuant to Rule 14.E. of the Delegate Selection Rules. *(Call VII.C.1 & Reg. 5.9)*
 - b. The presidential preference of each candidate receiving the applicable percentage or more within the delegation shall be multiplied by the total number of standing committee positions allocated to New Jersey. If the result of such multiplication does not equal 0.455 or above, the presidential preference in question is not entitled to representation on the standing committee. If the result of such multiplication is 0.455 but less than 1.455, the presidential preference is entitled to one (1) position. Those preferences securing more than 1.455 but less than 2.455 are entitled to two (2) positions, etc. *(Call VII.C.2)*
 - c. Where the application of this formula results in the total allocation exceeding the total number of committee positions, the presidential candidate whose original figure of representation is farthest from its eventual rounded-off total shall be denied that one (1) additional position. Where the application of this formula results in the total allocation falling short of the total number of committee positions, the presidential candidate whose original figure of representation is closest to the next rounding level shall be allotted an additional committee position. *(Call VII.C.3)*
 - d. Standing committee positions allocated to a presidential candidate shall be proportionately allocated, to the extent practicable, to each of the three (3) standing committees. When such allocation results in an unequal distribution of standing committee positions by candidate preference, a drawing shall be conducted to distribute the additional positions. *(Call VII.C.4)*

3. Presidential Candidate Right of Review
 - a. Each presidential candidate, or that candidate's authorized representative(s), shall be given adequate notice of the date, time and location of the meeting of the State's delegation authorized to elect standing committee members. *(Call VII.D.1)*
 - b. Each presidential candidate, or that candidate's authorized representative(s), must submit to the NJDSC Chair by 5:00 PM on **Monday, June 17, 2024**, a minimum of (1) name for each slot awarded to that candidate for members of each committee. The delegation shall select the standing committee members from among names submitted by the presidential candidates (including uncommitted status). Presidential candidates shall not be required to submit the name of more than one (1) person for each slot awarded to such candidate for members of standing committees. *(Call VII.D.2)*

4. Selection Procedure to Achieve Equal Division
 - a. Presidential candidates (including uncommitted status) shall use their best efforts to ensure that their respective delegation of standing committee members shall achieve New Jersey's affirmative action, outreach and inclusion goals and that their respective male and female members are equally divided between the men and women determined by gender self-identification. *(Rule 6.1 & Reg. 4.10)*
 - b. The first binary gender position on each standing committee shall be assigned by binary gender as self-identified. For example, the first binary position on the Credentials Committee of the presidential candidate with the most standing committee positions shall be designated for a female, and the next binary position, if one occurs, will be designated for a male, and the remaining binary positions, to the extent they occur, shall be designated in like fashion, alternating between males and females, where applicable. For avoidance of doubt: there is no requirement that positions be assigned to those who identify as non-binary but the described alternation of binary genders may not be used to exclude a gender non-binary from consideration for a committee position. Positions for presidential candidates on each committee shall be ranked according to the total number of standing positions allocated to each such candidate. After positions on the Credentials Committee are

As part of this, the NJDSC should develop a strategy to provide education programs directly to voters who continue to experience confusing timelines for registration, changing party affiliation deadlines, or lack of awareness of the

B. Representation Goals

In cooperation with the National Committee, the NJDSC has determined the demographic composition of African Americans, Hispanics, Native Americans, and Asian Americans and Pacific Islanders in the State's Democratic electorate. These constituency percentages shall be established as goals for representation in the State's convention delegation. (*Rule 6.A*)
2. In cooperation with the National Committee, the NJDSC has determined the demographic composition of members of the LGBTQ+ community, people with disabilities, and youth in the State's Democratic electorate. 3. The NJDSC has reviewed the DNC's recommendations for demographic composition of New Jersey's delegation and has established constituency percentages as goals for representation in New Jersey's convention delegation. The methodology for calculating the demographic percentages of the Democratic electorate was to review the results of the following formulas and choose the formula that results in the most inclusive percentage for any demographic. The relevant formulas are as follows:

Method 1: Percentage of active status registered Democrats according to the DNC's modeling with a DNC high or medium confidence for each coded race out of all active status registered Democrats with a DNC high or medium confidence code.

Method 3: Sum of each town’s most recent Presidential and Gubernatorial vote totals times percentage 2020 Census voting age population racial percentage divided by the most recent statewide Presidential and Gubernatorial vote totals.

Method 4: For LGBT, people with disabilities, and youth categories, NJDSC has used the U.S. Census population percentages for New Jersey.

	African Americans	Hispanics	Native Americans	Asian Americans and Pacific Islanders	LGBTQ+ Americans	People with Disabilities	Youth
Percent in Democratic Electorate	20%	24%	0%	10%	9%	12%	25%
Numeric Goals for Delegates	29	35	0	15	13	18	36

*Calculations based on 146 delegates.

5. Although the selection of the at-large delegation may be used to fulfill the affirmative action goals established by this Plan, the NJDSC will conduct outreach and inclusion activities such as recruitment, education and training at all levels of the delegate selection process. *(Rule 6.A.3)*
