SUMMARIES OF APPROPRIATIONS

SUMMARY OF APPROPRIATIONS MAJOR INCREASES AND DECREASES

This table summarizes the major increases and decreases in the fiscal 1999 Budget, defined as a change of \$1.0 million or more. Information is organized by category.

Categories of appropriations are defined as follows:

State Operations consists of programs and services operated directly by the State government. The largest single component is for the salary and benefits of State employees. This portion of the budget is subject to the spending limitations imposed by the Cap Law.

Grants-in-Aid expenditures are for programs and services provided to the public on behalf of the State by a third party provider, or grants made directly to individuals based on assorted program eligibility criteria. The Medicaid program, the Tuition Assistance Grant Program, Homestead Rebates, payments for State inmates housed in county jails, public transportation aid, and funding for State Colleges and Universities fall into this category.

State Aid consists of payments to or on behalf of counties, municipalities, and school districts to assist them in carrying out their local responsibilities. In addition to School aid, this category of expenditure includes the Consolidated Municipal Property Tax Relief program, the Supplemental Municipal Property Tax Relief Discretionary Aid program, and other forms of municipal aid. It also includes funding for county colleges, and local public assistance and county psychiatric hospital costs.

Debt Service payments represent the interest and principal on capital projects funded through the sale of general obligation bonds.

Capital Construction represents pay-as-you-go allocations for construction and other infrastructure items.

LANGUAGE RECOMMENDATIONS

The amounts hereinabove appropriated for Payments for Medical Assistance Recipients—Nursing Homes are available for the payment of obligations applicable to prior fiscal years.

In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of medical services, amounts may be transferred to and from the various items of appropriation within the General Medical Services program classification in the Division of Medical Assistance and Health Services in the Department of Human Services and the Medical Services for the Aged program classification in the Division of Senior Services in the Department of Health and Senior Services, subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer. This provision shall apply to all payments made after June 30, 1990.

All funds recovered pursuant to P.L.1968, c.413 (C.30:4D-1 et seq.) and P.L.1975, c.194 (C.30:4D-20 et seq.) during the fiscal year ending June 30, 1999 are appropriated for payments to providers in the same program class from which the recovery originated.

Notwithstanding any other law to the contrary, a sufficient portion of receipts generated or savings realized in Medical Services for the Aged Grants-in-Aid accounts from initiatives included in the fiscal year 1999 Budget may be transferred to administration accounts to fund costs incurred in realizing these additional receipts or savings, subject to the approval of the Director of the Division of Budget and Accounting.

The Division of Medical Assistance and Health Services and Department of Health and Senior Services, subject to federal approval, shall implement policies that would limit the ability of persons who have the financial ability to provide for their own long-term care needs to manipulate current Medicaid rules to avoid payment for that care. The Division and Department of Health and Senior Services shall require, in the case of a married individual requiring long-term care services, that the portion of the couple's resources which are not protected for the needs of the community spouse be used solely for the purchase of long-term care services.

Funding for community care alternative initiatives is made available from the Payments for Medical Assistance Recipients—Nursing Homes account, subject to both federal waiver approval and approval of the Director of the Division of Budget and Accounting.

Such sums as may be necessary are appropriated from enhanced audit recoveries obtained by the Department of Health and Senior Services to fund the costs of enhanced audit recovery efforts of the Department within the Medical Services for the Aged program classification subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law to the contrary, no funds appropriated for Medicaid nursing facility reimbursement shall be expended for administrator or assistant administrator costs or non-food general costs in excess of 100% of the median for those cost centers, subject to the notice provisions of 42 CFR 447.205.

Notwithstanding any other law to the contrary, effective July 1, 1996, reimbursement for nursing facility services shall be 90% of the per diem rate when a Medicaid beneficiary is hospitalized. As in the past, these payments shall be limited to be the first ten days of the hospitalization. Medicaid reimbursement for nursing facility services shall be discontinued beyond the tenth day of the hospitalization.

GRANTS-IN-AID

The funds appropriated here and above for Payments for Medical Assistance Recipients – High Medicaid Occupancy Nursing Homes shall be distributed for patient services among those nursing homes where Medicaid patient day occupancy level is at or above 75%. Each such facility shall receive its distribution through a prospective per diem rate adjustment according to the following formula: $E = A \text{ Medicaid days} / T \text{ Medicaid days} \times F$; where E is the entitlement for a specific nursing home resulting from this allocation; A Medicaid days is an individual nursing home's reported Medicaid days on June 30, 1998; T Medicaid days is the total reported Medicaid days for all affected nursing homes; and F is the total amount of State and federal funds to be distributed. No nursing home shall receive a total allocation greater than the amount lost, due to adjustments in Medicaid reimbursement methodology, which became effective April 1, 1995. Any balances remaining undistributed from the abovementioned amount, shall be deposited in a reserve account in the General Fund.

The amounts hereinabove appropriated for payments for "Pharmaceutical Assistance to the Aged and Disabled" program, P.L.1975, c.194 (C.30:4D-20 et seq.), are available for the payment of obligations applicable to prior fiscal years.

Benefits provided under the "Pharmaceutical Assistance to the Aged and Disabled" (PAAD) program, P.L.1975, c.194 (C.30:4D-20 et seq.) shall be the last resource benefits, notwithstanding any provisions contained in contracts, wills, agreements or other instruments. Any provision in a contract of insurance, will, trust agreement or other instrument which reduces or excludes coverage or payment to an individual because of that individual's eligibility for or receipt of PAAD benefits shall be void, and no PAAD payments shall be made as a result of any such provision.

Notwithstanding the provisions of section 3 of P.L.1975, c.194 (C.30:4D-22) to the contrary, the copayment in the "Pharmaceutical Assistance to the Aged and Disabled" program shall be \$5.00.

Notwithstanding the provisions of any law to the contrary, rebates from pharmaceutical manufacturing companies for prescriptions purchased by the Pharmaceutical Assistance to the Aged and Disabled program shall continue throughout fiscal year 1999. All revenues from such rebates during the fiscal year ending June 30, 1999, are appropriated for the Pharmaceutical Assistance to the Aged and Disabled program.

Notwithstanding the provisions of any other law or regulation to the contrary, effective July 1, 1997, each prescription order dispensed in the Pharmaceutical Assistance to the Aged and Disabled program for Maximum Allowable Cost (MAC) drugs shall state "Brand Medically Necessary" in the prescriber's own handwriting if the prescriber determines that it is necessary to override generic substitution of drugs, and each prescription order shall follow the requirements of P.L.1977, c.240 (C.24:6E-1 et seq.). The list of drugs substituted shall conform to the Drug Utilization Review Council approved list of substitutable drugs and all other requirements pertaining to drug substitution and federal upper limits for MAC drugs as administered by the State Medicaid Program.

Notwithstanding the provisions of any law to the contrary, no funds appropriated to the Pharmaceutical Assistance to the Aged (PAA) program pursuant to the Act shall be expended unless participating pharmaceutical manufacturing companies execute contracts with the Department of Health and Senior Services through the Department of Human Services providing for the payment of rebates to the State.

LANGUAGE RECOMMENDATIONS

The amounts hereinabove appropriated for Payments for Medical Assistance Recipients are available for the payment of obligations applicable to prior fiscal years.

In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of medical services, amounts may be transferred to and from the various items of appropriation within the General Medical Services program classification in the Division of Medical Assistance and Health Services in the Department of Human Services and the Medical Services for the Aged program classification in the Division of Senior Services in the Department of Health and Senior Services, subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

For the purposes of account balance maintenance, all object accounts in the General Medical Services program classification shall be considered as one object. This will allow timely payment of claims to providers of medical services but ensure that no overspending will occur in the program classification.

The State appropriation is based on a federal financial participation rate of 48.70%; provided however, that if the federal financial participation rate exceeds this percentage, there will be placed in reserve a portion of the State appropriation equal to the amount of additional federal funds, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of P.L.1962, c.222 (C.44:7-76 et seq.), the Medical Assistance for the Aged program is eliminated; provided however, that necessary medical services shall be available to those enrolled in the program as of June 30, 1982, until such time that those persons no longer require medical care or are eligible for alternative programs.

All funds recovered pursuant to P.L.1968, c.413 (C.30:4D-1 et seq.) and P.L.1975, c.194 (C.30:4D-20 et seq.) during the fiscal year ending June 30, 1999 are appropriated for payments to providers in the same program class from which the recovery originated.

The amount appropriated hereinabove for the Division of Medical Assistance and Health Services first is to be charged to the federal disproportionate share hospital reimbursements anticipated as Medicaid uncompensated care.

Notwithstanding any other law to the contrary, a sufficient portion of receipts generated or savings realized in Medical Assistance Grants-in-Aid accounts from initiatives may be transferred to the Health Services Administration and Management accounts to fund costs incurred in realizing these additional receipts or savings, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding any law to the contrary and subject to federal approval, the Commissioner of Human Services is authorized to develop and introduce Optional Service Plan Innovations to enhance client choice for users of Medicaid optional services, while containing expenditures.

Notwithstanding the provisions of any other law or regulation to the contrary, and in order to more prudently purchase, the Commissioner of Human Services is authorized to competitively bid managed care contracts, which provide for the medical care of those eligible for the Medical Assistance program, in such manner as the Commissioner, in consultation with the State Treasurer, determines to be in the best interest of the State.

Additional federal Title XIX revenue generated from the claiming of family planning services payments on behalf of individuals enrolled in the Medicaid managed care program is appropriated subject to the approval of the Director of the Division of Budget and Accounting.

The Division of Medical Assistance and Health Services, subject to federal approval, shall implement policies that would limit the ability of persons who have the financial ability to provide for their own long-term care needs to manipulate current Medicaid rules to avoid payment for that care. The division shall require, in the case of a married individual requiring long-term care services, that the portion of the couple's resources which are not protected for the needs of the community spouse be used solely for the purchase of long-term care services.

GRANTS-IN-AID

Such sums as may be necessary are appropriated from the General Fund for the payment of any provider assessments to Intermediate Care Facilities/Mental Retardation facilities, subject to the approval of the Director of the Division of Budget and Accounting of a plan as shall be submitted by the Commissioner of Human Services.

Rebates from pharmaceutical manufacturing companies during the fiscal year ending June 30, 1999 for prescription expenditures made to providers on behalf of Medicaid clients are appropriated for the Payments for Medical Assistance Recipients—Prescription Drugs account.

Notwithstanding any law to the contrary and subject to the notice provisions of 42 CFR 447.205, Personal Care Assistant services shall be limited to no more than 25 hours per week. The amounts hereinabove appropriated for Payments for Medical Assistance Recipients are available for the payments of the residual claims from the Garden State Health Plan.

Notwithstanding any law to the contrary, such sums are appropriated as are necessary for the development and implementation of a Medicaid Disease State Management demonstration project, based on a plan approved in advance by the Director of the Division of Budget and Accounting.

Premiums received from families enrolled in the NJ KidCare program are appropriated for NJ KidCare payments.

2430. NEW JERSEY INSTITUTE OF TECHNOLOGY

Founded in 1881, the New Jersey Institute of Technology has had a long history of offering professional education. Its engineering school was founded in 1919, and until 1975 the institution was known as the Newark College of Engineering. The "New Jersey Institute of Technology Act of 1995" (P.L. 1995, Chapter 400) provides the statutory basis for N.J.I.T. as a public research university deemed essential and necessary to the welfare of the State and the people of New Jersey.

N.J.I.T. is a comprehensive technological research university as demonstrated by the breadth of its programs and degrees. Fields of specialization include engineering, engineering technology, the sciences, architecture, management, statistics and actuarial science, computer and information science, and a number of programs in liberal arts.

Bachelors, Masters and Doctoral degrees, continuing professional education, and a substantial research effort relate to fields of critical importance to the State's economy. Programs are offered at the main campus in Newark, at a campus shared with Burlington County College in Mt. Laurel, at other sites throughout the state, and through distance education. Several degrees are offered jointly with Rutgers University and the University of Medicine and Dentistry of New Jersey.

The main campus comprises 40 acres containing 26 buildings with some 2 million square feet. The campus includes classroom and laboratory buildings, a library, four residence halls, a gymnasium, playing fields, specialized research facilities, a parking structure, and administrative buildings.

The College was founded on July 1, 1972 and was officially established as the ninth State College under the terms of the State College Law (NJS 18A:62-1 et seq.) on May 18, 1973. The management of the College is vested in its Board of Trustees, appointed by the Governor, subject to the approval of the Senate.

The mission of Edison State College is to evaluate college-level learning, regardless of its source. To achieve this mission, the College has been authorized:

To award college credit through college proficiency examinations, the assessment of prior learning and/or the evaluation of transfer credits and special credentials, and to award associate and baccalaureate degrees to individuals who have met the degree requirements as established by the Academic Council of the College.

To develop and administer the Thomas A. Edison State College examination and Portfolio Assessment Programs as basic means through which Edison students may satisfy degree requirements.

To encourage the availability of college-level learning opportunities through cooperation with all types of institutions that are now providing, or have the potential to provide, college-level learning experiences outside the traditional modes of higher education. In developing these cooperative arrangements, Edison State College will not provide instruction directly but will award credit for such educational

experiences either through the evaluation of noncollegiate programs or the direct testing of student learning outcomes.

To develop linkages with or create educational delivery systems built around contemporary telecommunications technology which will provide the distant learner with (1) information and guidance on educational opportunities; (2) modes of support for independent study and assessment; and (3) access to media-based instruction and testing.

The College maintains four facilities; three in Trenton and one in Camden which are open to all residents who wish information and advice concerning educational opportunities available to them within the State system of higher education.

In July 1996, the Governor signed an executive order making the New Jersey State Library an affiliate of Thomas Edison State College. The New Jersey State Library has over 1.9 million holdings and the most extensive Jerseyanna collection in the State. The New Jersey State Library is charged by legislation for providing leadership and management of State and Federal grants to over 300 public libraries throughout the State and ensures access to information for all residents of the State. The State Library has two sites; the main library next to the State House and the specially equipped Library for the Blind and Handicapped on Stuyvesant Avenue, which provides library services to over 12,000 visually or physically impaired citizens.

LANGUAGE RECOMMENDATIONS

The unexpended balances as of June 30, 1998 in the State Aid accounts, not to exceed \$650,000, are appropriated.

STATE AID

Of the amount appropriated hereinabove for the Department of Education, such sums as the Director of the Division of Budget and Accounting shall determine from the schedule in the Governor's Budget first shall be charged to the State Lottery Fund.

In the event that sufficient funds are not appropriated to fully fund any State Aid item, the Commissioner of Education shall apportion such appropriation among the districts in proportion to the State aid each district would have been apportioned had the full amount of State aid been appropriated.

Notwithstanding any law to the contrary, should appropriations in the Property Tax Relief Fund exceed available revenues, the Director of the Division of Budget and Accounting is authorized to transfer General Fund revenues into the Property Tax Relief Fund, providing unrestricted balances are available from the General Fund, as determined by the Director of the Division of Budget and Accounting.

The Commissioner shall audit any district with significant increases or other discrepancies in the enrollments reported at October 15, 1997 on the Application for State School Aid for 1998-99. Each district shall be provided 30 days from receipt of the audit to respond to the findings or provide any documentation necessary to dispute the audit exceptions. Upon receipt of the response, the Commissioner shall recalculate the district's state aid, as warranted, and shall immediately adjust the district's state aid payment schedule for 1998-99.

Public health priority funds are distributed for community health services through a formula based on a per capita amount appropriated annually. The amount received by a given community is calculated by applying the per capita amount to the sum of the non-institutional population, and the special needs population (people over 65, and people having an income less than the poverty level). A relative fair share factor (based upon equalized valuation) is also employed in the distribution formula. These funds finance grant-in-aid projects (C26:2F-1 et seq.) to assist local governments in providing necessary community health

services.

The Early Childhood Intervention Program (C18A:46-6.2 and as transferred by P.L.1992, c.155) provides support for community based early intervention services for infants and toddlers through two years of age who are developmentally delayed or at risk of developmental delay.

Related appropriations are found in the program budget presentation of the Department of Health and Senior Services in the Direct State Services section of the budget.

Through December 31, 1990, the State paid one-half of the cost of maintenance of patients in the county institutions for the mentally ill, based upon per diem rates established by the State House Commission pursuant to N.J.S.A. 30:4-78s. Effective January 1, 1991 the State pays

90 percent of the maintenance of patients as required by P.L. 1990, c.73. The county hospitals are similar to the State psychiatric hospitals for which objectives, descriptive material and evaluation data appear in the Direct State Services section of the budget.

The appropriation for the Support of Patients in County Psychiatric Hospitals account is available to pay liabilities applicable to prior fiscal years, subject to the approval of the Director of the Division of Budget and Accounting.

With the exception of all past, present, and future revenues representing federal financial participation received by the State from the United States and that is based on payments to hospitals that serve a disproportionate share of low-income patients, which shall be retained by the State, the sharing of revenues received to defray the costs of maintaining patients in State and county psychiatric hospitals and facilities for the developmentally disabled shall be based on the same percent as costs are shared.

General Assistance

This program (C44:8107 et seq. and by C30:4B1 et seq.) is directly administered by local assistance boards in each municipality or by county welfare agencies. Financial and other aid is given to needy persons not otherwise provided for under the laws of New Jersey. This Division supervises the administration of the program and is responsible for making the proper allotments of State Aid to such municipalities or to county welfare agencies. Beginning July 1, 1991, this program is supported with 100% State funds as amended by P.L. 1990, c.66. State enabling legislation changes the administration of the program for municipalities which elect to transfer operations to county welfare agencies, effective January 1, 1998.

Temporary Assistance to Needy Families

Temporary Assistance to Needy Families is the temporary assistance and other services extended to or for needy dependent children and the parents and relatives with whom they are living. Work First New Jersey legislation (P.L. 1997, c.38) reflects the federal requirements of the Personal Responsibility and Work

Opportunity Reconciliation Act of 1996. The program is directly administered by a county welfare agency in each of the counties. Eligibility for this program is based on financial need. The allocation of assistance expenditures is 95% federal and/or state and 5% county. The program provides temporary direct financial assistance and services. This Division supervises and coordinates the work of the several county welfare agencies and directs the conduct of the program throughout the State in accordance with specific requirements of State and federal law and regulation.

Assistance to Supplemental Security Income Recipients

The federal Supplemental Security Income (SSI) Program provides direct federal income maintenance payments to aged, blind and disabled persons at a stipulated minimum level. Since the prevailing level of income maintenance payments in New Jersey is higher than the federal minimum level, New Jersey supplements the federal payments. Effective January 1, 1991, the supplement is supported with 100% State funds as amended by P.L. 1990, c.66 and by P.L. 1991, c.63.

A complete description of the program classification and associated evaluation data may be found in the Direct State Services section of the Budget.

As created by P.L. 1993, c. 220, the Safe and Secure Communities Program enables police and the communities to create a partnership designed to identify and develop strategies to impact crime and improve the quality of life in New Jersey by combining State, federal, and local resources to place additional police officers in communities throughout the State, providing funds for the purchase of equipment vital to effective police operations, deploying the additional officers and equipment in a focused, community-oriented manner assuring their

maximum impact in combating crime, imposing monetary penalties on lawbreakers, and initiating other programs that meet the particular needs of municipalities.

A complete description of the statewide program and program classification may be found in the program budget presentation of the Department of Law and Public Safety in the Direct State Services section of the Budget.

Notwithstanding any other law to the contrary, the amount of State aid made available to the Department of Human Services pursuant to “The State Facilities Education Act of 1979,” P.L. 1979, c.207 (C.18A:7B-1 et al.), to defray the costs of educating eligible children in approved private schools under contract with the Department of Human Services shall not exceed the actual costs of the education of those children in such private schools.

Notwithstanding any other law to the contrary, Special Education Aid for pupils classified as eligible for day training shall be paid directly to the resident school district; provided however, that for pupils under contract for service in a regional day school operated by or under contract with the Department of Human Services, tuition shall be withheld and paid to the Department of Human Services.

The commissioner shall not authorize the disbursement of funds to any Abbott district until the commissioner is satisfied that all educational expenditures in the district will be spent effectively and efficiently in order to enable those students to achieve the Core Curriculum Content Standards. The commissioner shall be authorized to take any necessary action to fulfill this responsibility. Notwithstanding any provision of P.L.1968,c.410(C.52:14B-1 et seq.) to the contrary, the commissioner may adopt, immediately upon filing with the Office of Administrative Law, such regulations as the commissioner deems necessary to implement the order of the Supreme Court of New Jersey in *Abbott v. Burke*. The commissioner may deduct from the State aid of any “Abbott district” the expenses required to manage, control and supervise the implementation of that State aid. In order to expeditiously fulfill the responsibilities of the commissioner under the Abbott order, determinations by the commissioner hereunder shall be considered to be final agency action and appeal of that action shall be directly to the Appellate Division of the Superior Court.

The unexpended balances as of June 30,1998, in the *Abbott v. Burke Parity Remedy* account resulting from the underexpenditure of *Abbott v. Burke Parity Remedy Aid* by the Abbott districts shall be held in escrow and the commissioner shall disburse the funds in such amounts as he deems necessary for the purpose of implementing whole school reform initiatives in the Abbott districts.

The unexpended balances due to enrollment adjustments made pursuant to the fiscal year 1998 Appropriations Act, as of June 30, 1998 in the *Abbott v. Burke Parity Remedy* account is appropriated for the same purpose and with the same conditions as are applied to the fiscal year 1999 appropriation for this purpose.

Notwithstanding any other law to the contrary, “district income” for the purposes of NJSA 18A:7F-14 shall mean the aggregate of total income reported on NJ-1040 for 1995 and all public assistance including Aid for Families with Dependent Children for 1995 of the residents of the taxing district or taxing districts.

Notwithstanding any other law to the contrary, state aid for each “Abbott district” whose per pupil regular education expenditure for 1998-99 under P.L. 1996, c.138 is below the estimated per pupil average regular education expenditure of districts in District Factor Groups “I” and “J” for 1998-99 shall be increased. The amount of increase shall be appropriated as *Abbott v. Burke Parity Remedy Aid* and shall be determined as follows: funds shall be allocated in the amount of the difference between each Abbott district’s per pupil regular education expenditure for 1998-99 and the actual per pupil average regular education expenditure of districts in District Factor Groups “I” and “J” for 1997-98 indexed by three percent. In calculating the per pupil regular education expenditure of each Abbott district for 1998-99, regular education expenditure shall equal the sum of the general fund tax levy for 1997-98, Core Curriculum Standards Aid prior to the reduction for excess surplus at June 30, 1997, Supplemental Core Curriculum Standards Aid and all forms of stabilization aid pursuant to section 10 of P.L. 1996, c. 138 (c.18A:7F-10); enrollments shall initially be those resident enrollments for preschool through grade 12 contained on the Application for State School Aid for 1998-99 indexed by the annual growth

rates used to determine the estimated enrollments of October 1998 for calculation of Core Curriculum Standards Aid and T& E budgets for 1998–99; enrollments shall be calculated at their full–time equivalent and reduced by preschool and one half of full–day kindergarten enrollments. State aid shall be adjusted upon receipt of resident enrollment for the Abbott districts as of October 15, 1998 as reflected on the Application for State School Aid for 1999–2000. State aid shall also be adjusted based on the actual per pupil average regular education expenditure of districts in District Factor Groups “I” and “J” for 1998–99. In calculating the actual per pupil average regular education expenditure of districts in District Factor Groups “I” and “J” for 1998–99, regular education expenditure shall equal the sum of the general fund tax levy for 1998–99, Core Curriculum Standards Aid, Supplemental Core Curriculum Standards Aid and all forms of stabilization aid pursuant to section 10 of P.L. 1996, c. 138 (c.18A:7F–10); enrollments shall be the resident enrollment for preschool through grade 12 as of October 15, 1998 as reflected on the Application for State School Aid for 1999–2000; enrollments shall be calculated at their full–time equivalent and reduced by preschool and one half of full–day kindergarten enrollments in districts receiving Early Childhood program aid.

The expenditures associated with the amounts appropriated herein for Abbott v. Burke Parity Remedy Aid shall not be included in the calculation of the actual cost per pupil for tuition purposes, pursuant to a sending/ receiving agreement.

Notwithstanding any other law to the contrary, as a condition of receiving Abbott v. Burke Parity Remedy Aid, an Abbott district shall raise a general fund tax levy which shall be no less than the difference between the product of the actual per pupil average regular education expenditure of districts in District Factor Groups “I” and “J” for 1997–98 indexed by three percent multiplied by each Abbott district’s estimated “resident enrollment” for October 15, 1998 less one half of kindergarten enrollments and the sum of Core Curriculum Standards Aid prior to the reduction for excess surplus at June 30, 1997, Supplemental Core Curriculum Standards Aid, all forms of stabilization aid pursuant to section 10 of P.L. 1996, c. 138(c.18A:7F–10) and Abbott v. Burke Parity Remedy Aid.

Notwithstanding any other law to the contrary, an Abbott district shall have its Core Curriculum Standards Aid, after the application of provisions contained in NJSA 18A:7F–10a or b, reduced by any surplus at June 30, 1997 in excess of that permitted by NJSA 18A:7F–7 or NJAC 6:19–2.5(b).

Notwithstanding any other law to the contrary, special education aid shall be calculated using definitions and cost factors for Tiers I through IV contained in NJSA 18A:7F–19 for the 1997–98 school year. The determination of intensive service criteria for Tier IV and the appropriate per pupil cost factor for universal application to all service settings called for in c. 138, P.L. 1996 shall be made in the March 15, 1998 Biennial Report on the Cost of Providing a Thorough and Efficient Education.

Pursuant to NJSA 18A:7F–10c and h, any district which received supplemental stabilization aid in 1997–98 shall receive an amount equal to that received in 1997–98.

Pursuant to NJSA 18A:7F–5b, any district which received supplemental core curriculum standards aid pursuant to NJSA 18A:7F–5b in 1997–98 shall receive an amount equal to that received in 1997–98.
