(a) The event(s) on which an application for accidental disability retirement benefits is based shall be presumed to have occurred during, and as a result, of the performance of a member's regular or assigned duties and not the result of the member's willful negligence, if the member:

1. Participated in World Trade Center rescue, recovery, or cleanup operations for:

i. A minimum of eight hours; or

ii. Less than eight hours, and the member sustained a documented physical injury at the World Trade Center site between September 11, 2001 and September 12, 2001, that prevented the member from continuing to participate in World Trade Center rescue, recovery, or cleanup operations for a minimum of eight hours, and the documented physical injury is a qualifying condition or impairment of health that resulted in a total and permanent disability for which the member seeks a presumption under this subsection;

2. Is totally and permanently disabled by a qualifying condition or impairment of health as a direct result of participation in World Trade Center rescue, recovery, or cleanup operations;

3. Is a member of PERS:

i. Who is or was enrolled in PERS because the member did not meet the age or medical requirements for enrollment in PFRSNJ on the basis of the position held; or

ii. Who is an emergency medical technician;

4. Is enrolled in Tier 1, Tier 2, or Tier 3 of PERS; and

5. Passed a physical examination for entry into public service that failed to disclose evidence of a qualifying condition or impairment of health that formed the basis for the total and permanent disability.

(b) A retiree who retired on a service retirement, early retirement, or an ordinary disability retirement shall be eligible to apply to the board of trustees to have the retiree's retirement allowance recalculated as an accidental disability retirement allowance for benefit payments on or after the application for recalculation, if the retiree:

1. Participated in the World Trade Center rescue, recovery, or cleanup operations for a minimum of eight hours;

2. Is totally and permanently disabled by a qualifying condition or impairment of health as a direct result of participation in World Trade Center rescue, recovery, or cleanup operations;

3. Is a retiree of PERS:

i. Who was enrolled in PERS because the retiree did not meet the age or medical requirements for enrollment in PFRSNJ on the basis of the position held; or

ii. Who is an emergency medical technician;

4. Was enrolled in Tier 1, Tier 2, or Tier 3 of PERS; and

5. Passed a physical examination for entry into public service that failed to disclose evidence of a qualifying condition or impairment of health that formed the basis for the total and permanent disability.

#### 17:2-9.4 Filing requirements

(a) A member or retiree must file a written and sworn Eligibility Registration Form with the Division indicating the dates, locations of service, and number of hours of participation in World Trade Center rescue, recovery, or cleanup operations by July 8, 2021, to qualify for the presumption or recalculation pursuant to N.J.A.C. 17:2-9.3, unless a retiree files an application for recalculation, pursuant to N.J.A.C. 17:2-9.3(b), before July 8, 2021, then such application for recalculation shall serve as the Eligibility Registration Form. This form allows eligible PERS members or retirees the right to file for an accidental disability retirement should they become totally and permanently disabled by a qualifying condition or impairment of health as a direct result of participation in World Trade Center rescue, recovery, or cleanup operations.

(b) A retiree seeking recalculation of a retirement allowance pursuant to N.J.A.C. 17:2-9.3(b) must file an application for recalculation, on a form prescribed by the Division, within 30 days of the date that the retiree knew or should have known of the existence of a total and permanent disability caused by a qualifying condition or impairment of health and its relation to World Trade Center rescue, recovery, or cleanup operations. Retirees who knew, or should have known, of the existence of a total and permanent disability caused by a qualifying condition or impairment of health and its relation to World Trade Center rescue, recovery, or cleanup operations before July 8, 2019, must have filed an application for recalculation, on a form prescribed by the Division, by October 15, 2019 (within 30 days of September 16, 2019, the date members and retirees were notified of the enactment of P.L. 2019, c. 157, and the requirement to file).

(c) A member with an Eligibility Registration Form on file with the Division must file an application with the prospective date of retirement pursuant to N.J.A.C. 17:2-6.1.

(d) N.J.S.A. 43:15A-43 requires the Board to designate physicians to perform medical examinations of members who apply for accidental disability retirements. If a member or retiree who is enrolled in the World Trade Center Health Program provides medical documentation for treatment provided, or paid, by the World Trade Center Health Program sufficient to allow the Medical Review Board to certify that the member or retiree is totally and permanently disabled by a qualifying condition or impairment of health as a direct result of participation in World Trade

Center rescue, recovery, or cleanup operations, no further evaluation is necessary. However, if the medical documentation is not sufficient to establish a total and permanent disability caused by a qualifying condition or impairment of health as a direct result of participation in World Trade Center rescue, recovery, or cleanup operations after review by the Medical Review Board, then an independent medical examination shall be required pursuant to N.J.A.C. 17:1-7.10.

#### 17:2-9.5 Calculation of accidental disability

If a member or retiree is approved for an accidental disability retirement under the provisions of P.L. 2019, c. 157, the annual allowance shall be 72.7 percent of the member or retiree's salary at the time of participation in World Trade Center rescue, recovery, or cleanup operations. If a member or retiree was not a member of PERS at the time of participation in World Trade Center rescue, recovery, or cleanup operations, the annual allowance shall be 72.7 percent of the member or retirees' salary at the time of enrollment in PERS.
