	Corrective Action Plan: Submitted by Irfan Evcil 04/19/2022 12:38 PM  We will reinforce training on the Pre-K straight-serve meal pattern to ensure juice will not be served twice per day. For kitchen staff, additional training will focus on meal planning for the whole day vs. individual breakfast and lunch meal services to ensure juice will be served no more than once per day. Specifically, if breakfast breaks are served for breakfast, which traditionally include juice, then juice will not be served at lunch. Implementation date is 4/13/2022.				
	Flagged by Dianne Kennedy 04/16/2022 09:56 AM  On 3/21 and 3/22, Pre-K students were served juice for breakfast and lunch. Pre-K meal pattern requires pasteurized 100% juice to be served at one meal per day. The required Pre-K meal pattern is intended to result in age-appropriate and nutritious meals. Adaptions to the menus must be made to accommodate grades Pre-K and K-5 within one school. Explain in detail, how the finding will be corrected and the measures taken to ensure that it will not reoccur in the future. Indicate the date of implementation.
