### **Minutes**

SADC Regular Meeting of February 23, 2023 (Open Session)

It was moved by Mr. Schilling and seconded by Mr. Bullock to approve the Open Session minutes of the SADC regular meeting of February 23, 2023. Mr. Kumpel abstained from the vote. The motion was approved.

### **Report of the Chairman**

Mr. Frank Minch, Director of the NJDA, Division of Agriculture and Natural Resources, introduced himself and announced that he is presiding over the meeting in Chairman Fisher's absence. Mr. Minch noted that Secretary Fisher announced his retirement effective July 1, 2023, and he will be leaving as SADC chairperson. Mr. Minch then introduced Mr. Charles Roohr, SADC Deputy Director, filling in for Executive Director Payne today.

### **Report of the Executive Director**

Mr. Roohr invited the committee to review the monthly CMV report, litigation spreadsheet and communications in their meeting materials.

Mr. Roohr stated the new Special Occasion Events (SOE) law delegates the authority to approve or deny an event request to the easement holder, which in most cases is a county or nonprofit entity. SADC staff has prepared a document to guide easement holders on the implementation of the law, a draft application and checklist for counties to use.

Mr. Roohr noted one requirement to be eligible for an SOE is that the preserved farm must generate \$10,000 worth of products per year. Staff developed an Excel spreadsheet to calculate production values based on acreage and agriculture uses.

Mr. Kimmel demonstrated the spreadsheet and calculation tool available to estimate the values of production for SOE applicants. Mr. Roohr stated SADC staff is preparing a webinar for partners to help them understand the law and the process for accepting and approving applications. Staff is also preparing an online seminar for the public, including municipal officials. Mr. Roohr stated the guidance documents and sample application will be posted on the SADC website and distributed to our partners shortly.

Mr. Roohr stated that the SADC subcommittee and the State Board of Agriculture subcommittee met on March 15<sup>th</sup> to discuss the proposed soil protection regulations, and it was a productive meeting. The State Board held its monthly meeting yesterday and its subcommittee reported a similar sentiment. Mr. Roohr stated the SADC subcommittee will be meeting again in April to continue reviewing the draft rule proposal. Mr. Ellis stated that he also believes the meeting was positive.

Mr. Roohr announced that SADC has hired a new legal specialist. Mr. Brian Smith introduced Kristine Walsh, Esq. as the newest member of the SADC legal department. He stated that she is a Burlington County native who was most recently in private practice. She is a former Mercer County Agriculture Development Board member.

### **NOTE:** Ms. Fischetti arrived at the meeting.

#### **Public Comment**

Mr. Paul Hlubik, a State Board of Agriculture member, thanked the SADC's soil protection subcommittee for its work and the continued dialogue between the State Board and the SADC. He reiterated the importance of finding an appropriate balance between agricultural viability and soil protection.

Ms. Patricia Springwell, a Hunterdon County resident, expressed concern about a proposed increase in the soil disturbance allocation of the draft regulations.

### A. Stewardship

- 1. Review of Activities
  - a. Hunter Farms, Montgomery Township, Somerset County

Note: Mr. Schilling recused himself from discussion on this matter.

Mr. Roohr reviewed the history of the Hunter Farms/Princeton Show Jumping (PSJ) case. He reminded the committee that it previously granted PSJ conditional approvals for its horse shows while it continued to address DOE compliance issues. In 2022, the DOE issues were corrected, while the issue of agricultural production is outstanding. SADC staff is now researching the scope and definition of horse "production" as related to this agricultural activity.

Mr. Roohr also reminded the committee that a Right to Farm (RTF) complaint had been previously filed but could not be heard due to the outstanding DOE violations. One issue raised in the RTF complaint was the amount of time the temporary tents were up for the horse shows. When the committee gave conditional approval, it also stipulated the length of time the tents could be up to address the neighbors' concerns while their RTF case was pending.

In December 2022, the SADC approved PSJ's show calendar and tent schedule for the 2023 season for 64 days and a total of 14 shows. In March 2023, Mr. Roohr received a call from Mary Babick, PSJ compliance officer, who informed him the United States Equine Federation (USEF) approved most of the dates with a few exceptions for which minor changes to the SADC approval was requested. These date changes compress the season and, therefore, require the tents to remain erect during the entire 2023 season.

PSJ is now seeking approval to increase the total show days from 64 days to 70 and to allow the show tents to remain up for the entire season – from April 19th through October 1st – a total of 166 days. Mr. Roohr reminded the committee the erected tents are not a DOE compliance issue if they are removed after 180 days, in order to avoid the impervious cover limit which exists on this farm. Because PSJ has resolved all DOE compliance issues except for the production requirement, the Somerset CADB can now hear the RTF case and decide as to whether the tents are a nuisance. Staff's recommendation is to approve the amended show schedule, but to refer the tent schedule issue to the Somerset CADB, as it is related to the active RTF case before it.

Nicole Voigt, Esq., representing Hunter Farms/PSJ, and Ms. Babick, PSJ compliance officer, spoke before the committee. Ms. Voigt claimed that an SSAMP was first reviewed by the SADC which added conditions relevant to the production standard, so there is a document (the SSAMP) that has been in place for over ten years on which Hunter Farms has relied. She also noted that Hunter Farms had previously provided a letter from its accountant regarding production. This resulted in a discussion of how production is measured, which is an industry-wide question and not a site-specific one.

Ms. Voigt explained the changes to the show schedule were requested by USEF after they reviewed the show calendar approved by the SADC. She stated the timing of approvals do not coincide and, therefore, require adjustments. She suggested the committee consider a delegation of approval to avoid a multi-step calendar approval process. Ms. Voigt, again referring to the alleged SSAMP, stated s that it allows for the schedule being adjusted when a need is shown. As a result of the review by the USEF, the 14 shows the SADC approved in December remain the same but the total number of show days has been increased to 70 days.

Ms. Voigt discussed the tent schedule. PSJ has upgraded its tents to "clear-span" tents which require more time to erect and dismantle. The brief periods of time between shows on the amended schedule do not provide adequate time for the tents to be assembled and disassembled. Ms. Voigt stated that the alleged SSAMP has a 180-day limitation which will be met even if the tents remain up during the entire 2023 season. Ms. Voigt argued that this is consistent with applicable rules and regulations for these structures.

Mr. Roohr asked Mr. Smith to comment on the SSAMP or the RTF case. Mr. Smith addressed the committee and stated that his comments are limited to the so-called SSAMP referred to by Ms. Voigt. An SSAMP is a farmer-initiated application for an agricultural management practice under the RTF Act so that those activities are protected from nuisance claims and preemption of local ordinances. There was no SSAMP issued by the SADC ten years ago. There was a series of resolutions that were adopted finding the farm in violation of the deed. These resolutions were not SSAMPs. The SSAMP is something that would be heard and decided-upon by the Somerset CADB if PSJ applied for one. Mr. Smith stated that he wanted to correct the record, as the SADC did not issue an SSAMP and that there has never been a RTF case before the committee.

Ms. Voigt agreed with Mr. Smith. She was referring to what was first reviewed by the SADC, which developed standards that were attached as an exhibit in an earlier SSAMP resolution by the Somerset CADB. In other words, according to Ms. Voigt, the SADC, under its Agriculture Retention and Development Act jurisdiction, reviewed this matter and established an industry specific set of conditions which included the 10 horses or 10% numbers related to PSJ's agricultural production compliance under the DOE from hosting shows as marketing events. That standard was utilized by the CADB and added as a part of the conditions of its review. In that respect, the SADC set an industry standard. Ms. Voigt argued that is analogous to regulations under RTF which provide that if an issue comes before the CADB that is novel enough such as needing to develop a production standard for an industry that does not have a codified AMP, that can be referred to the SADC for review.

Mr. Smith clarified that under the SADC regulations if there is a complaint against a farmer for activities that are not addressed by the AMP, the matter is referred to the SADC. That has not occurred in this case. Ms. Voigt stated that because there is no AMP, discussions about what the production standards are should continue.

Ms. Voigt suggested the committee consider a standing approval that encompasses what is repetitively occurring at PSJ and would alleviate the need for the committee to annually approve these schedules. Mr. Roohr stated this suggestion is being discussed at staff level and could be presented to the committee for consideration at a later meeting. The committee agreed to staff drafting a proposal.

Mr. Ellis asked Mr. Roohr if staff recommends the committee approve a 70-day schedule and allow the tents to stay up for the 2023 season. Mr. Roohr confirmed staff is suggesting approving the 70 days and leaving nuisance issues related to the tents as an RTF matter for the CADB. Mr. Ellis stated that he is comfortable with that.

Mr. Kumpel asked if PSJ was able to receive a schedule from USEF first and then seek SADC approval. Ms. Babick stated that the USEF makes the schedule based on a rolling calendar where one cannot apply for more shows unless the prior shows are finished. USEF rules preclude what Mr. Kumpel has suggested.

It was moved by Mr. Ellis and seconded by Mr. Kumpel to approve the amended show schedule of 70 show days, but to refer the issue of the tent schedule back to the Somerset CADB, as that dispute is related to an active Right to Farm (RTF) case before the board. A roll call was taken. Mr. Rosen abstained from the vote. The motion was approved.

#### 2. Resolution: Review of Activities

### a. Pleasantdale Farms, Inc. Hammonton, Atlantic County

Mr. Roohr stated that at the January 2023 meeting the SADC reviewed an illegal division of premises where Pleasantdale Farms conveyed a 5+-acre lot to a Mr. Mendez and then took back a 99-year lease on the blueberry production area on the lot. The Committee concurred with a proposal which would have the 5-acre lot conveyed back to Pleasantdale, and then Pleasantdale could grant a life estate to Mr. Mendez. That proposal has been rejected by Mr. Mendez. Therefore, despite the SADC's year-long attempt to find an amicable solution to the matter, staff is recommending the Committee pass a resolution finding Pleasantdale in violation of the deed of easement and authorizing enforcement proceedings by the Attorney General's (AG) office.

Mr. Smith advised that the resolution authorizing the Attorney General's office to take action does not necessarily mean the AG's office will file a lawsuit. It only means the matter is now with Mr. Stypinski, deputy attorney general. His office can continue discussions with Mr. Plackter, the attorney for Pleasantdale.

Mr. Plackter noted that there are three interested parties in this matter, the SADC as the easement holder, Mr. Mendez as the homeowner, and Pleasantdale Farm. Mr. Plackter stated that he does not represent Mr. Mendez, but that Pleasantdale Farm is concerned about Mr. Mendez and protecting his interest in the property. The intent of Pleasantdale Farm is to correct the mistake that was made and reach an agreement with Mr. Mendez.

Mr. Kumpel stated that he understands that Pleasantdale Farm is trying to offer lifetime rights to Mr. Mendez. He asked Mr. Plackter if that is the extent of the offer or if Mr. Mendez will be compensated. Mr. Plackter stated Mr. Mendez was offered a 99-year lease and reimbursement for what he originally paid for the home. The idea is to protect Mr. Mendez's interest to the maximum extent possible.

Ms. Fischetti asked if negotiations could still take place even if the committee sent this matter to the AG's office. Mr. Stypinski stated that negotiations could still take place even after it is transferred to the AGs office. Ms. Fischetti stated that given the facts of the situation, the best-case scenario is to avoid litigation. Mr. Roohr stated staff agrees that it would be best to avoid

litigation and that forwarding the case to the AG's office does not mean a lawsuit will be filed; however, this matter has reached a point where assistance from the AG's office is needed. Mr. Stypinski stated that he understands the matter needs to be elevated to the AG's office to give it more attention. Mr. Kumpel stated that he would like to see negotiations continue to take place between Pleasantdale Farm and Mr. Mendez.

Mr. Rosen stated that he has an existing relationship with Mr. Plackter's firm and is abstaining from the vote.

It was moved by Mr. Bullock and seconded by Mr. Kumpel to approve resolution FY2023R3(1) finding Pleasantdale in violation of the deed of easement and authorizing enforcement proceedings with the Attorney General's office. A roll call was taken. Mr. Rosen abstained from the vote. The motion was approved.

**NOTE:** Julie Krause left the meeting during this discussion.

1. Review of Contamination: (Discussion Only) Lynne Compari, Block 125.01, Lot 1 City of Millville, Cumberland Co. SADC ID#01-0046-DE

Ms. Roberts stated that at its January 2023 meeting the Committee reviewed a request for preliminary approval of the 89-acre Compari farm, which is adjacent to a known hazardous spill and ongoing remediation of groundwater contamination. The property is zoned for residential development and public water and sewer are available. Therefore, the groundwater remediation does not have an impact on development potential. As a result of the questions and concerns expressed at the January meeting, preliminary approval was conditioned on the committee receiving additional information on the environmental status of the property.

Representatives from the environmental consultant attended the meeting to make a presentation about the contamination cleanup and answer the committee's questions.

Kathy Stetser introduced herself. She is the Licensed Site Remediation Professional (LSRP) of record for the property. Tyler Schott, senior consultant and Jason Kohl, project manager, were also introduced.

Ms. Stetser displayed a map showing where the Compari Farm is located in comparison to the contamination site and provided a history of the contamination and the remediation that has taken place.

Mr. Kohl explained the geology of the location and described the purpose of the monitoring wells and their depth and location. Ms. Stetser noted that the wells are only sampled periodically to understand the extent of the plume and to measure remediation progress. Until September 2022, the LSRP believed the Compari well was not operational based on information obtained from the prior owner. However, since the well turned out to be operational, it will be sampled when the farmer connects his equipment for this season. Ms. Stetser also stated the prior owner did not allow access to the Compari parcel and no

monitoring wells were placed on the farm.

Ms. Jones asked if the prior landowner had allowed access, would the LSRP have placed monitoring wells on the Compari parcel. Ms. Stetser showed on the map the areas where wells would have been placed, if allowed. Ms. Stetser stated if the results of the irrigation well tests are clean, she will continue to sample it periodically for monitoring. If the well does not test clean, her client would have an obligation to supply clean water to the site.

Mr. Roohr reminded the committee that it adopted the preliminary approval resolution for the Compari farm at its January meeting with the condition that the environmental concerns and questions raised at that meeting be addressed. The committee members indicated they were satisfied with the presentation and allowed the conditional approval previously granted to remain in place.

### A. Stewardship

### NOTE: Julie Krause returned to the meeting.

- 1. Review of Activities
- a. Atlantic Gardens Vineyards, Inc., Lower Township, Cape May County.

Mr. Willmott reviewed a memo with the committee related to the ongoing compliance issues at Atlantic Gardens Vineyards, Inc. The 81-acre property was acquired by the SADC in fee simple in 2000 and then sold to the current owner who started a vineyard operation on the site. Starting in 2012, staff identified concerns related to the property becoming overgrown and have worked unsuccessfully with the landowner to bring the farm into compliance with the deed of easement. The farm no longer maintains farmland assessment. The corporation's status has been revoked due to not filing annual reports. Mr. Willmott advised that staff reaffirms its prior determinations that the premises has not been retained for agricultural use and production, the current conditions are detrimental to the continued agricultural use of the Premises, and the premises is in violation of DOE paragraphs two and six.

After discussion, the Committee concurred with staff that the farm is in violation of the DOE. Staff will prepare a resolution for consideration at the April SADC meeting finding a violation of the deed and elevating the matter to the AG's office for appropriate action.

It was moved by Mr. Ellis and seconded by Mr. Kumpel to have staff prepare a resolution for consideration at the April SADC meeting finding Atlantic Gardens Vineyards, Inc. in violation of the deed and authorizing the AG's office to take appropriate action. The motion was unanimously approved.

### B. Resolutions: Final Approval- Municipal PIG Program

Ms. Mazzella referred the committee to one request for final approval under the Municipal PIG Program. She reviewed the specifics of the request with the committee and stated that the staff recommendation is to grant final approval.

It was moved by Mr. Schilling and seconded by Mr. Kumpel to approve Resolution

FY2023R3(2) granting final approval to the following application under the Municipal PIG

Program, as presented, subject to any condition of said resolution.

1. James and Dianne Valentine, SADC ID# 14-0246-PG, FY2023R3(2), Block 13, Lots 21.01 and 21.02, Upper Pittsgrove Township, Salem County, 23 gross acres.

A vote was taken. The motion was unanimously approved. A copy of Resolution FY2023R3(2) is attached to and a part of these minutes.

### C. Resolutions: Preliminary Approval – Direct Easement Purchase Program

Ms. Roberts referred the committee to a request for preliminary approval under the Direct Easement Purchase Program. She reviewed the specifics of the request with the committee and stated that the staff recommendation is to grant final approval.

It was moved by Mr. Kumpel and seconded by Mr. Rosen to approve Resolution

FY2023R3(3) granting preliminary approval to the following application under the Direct

Easement Purchase Program, as presented, subject to any condition of said resolution.

1. Bruno and Georgeanne DelPalazzo, SADC ID# 03-0034-DE, FY2023R3(3), Block 110, Lot 9, Hainesport Township, Burlington County, 38.9 net acres.

A vote was taken. The motion was unanimously approved. A copy of Resolution FY2023R3(3) is attached to and a part of these minutes.

- D. Resolution: Final Approval County PIG Program
  - 1. County Plan Updates: Burlington, Cumberland and Hunterdon Counties

### Note: Mr. Kumpel recused himself from this discussion.

Mr. Bruder presented the updated County PIG plans for Burlington, Cumberland and Hunterdon counties and also provided an overview of the county plans and emerging trends.

Mr. Bruder reminded the committee that the 2020 revisions of the program's rules require counties and municipalities to readopt their preservation plans at least every ten years, which allows our partners to reevaluate their targets lists, land bases and mapping. He stated many of these plans were completed recently and he will be discussing our partners' findings and recommendations.

Mr. Bruder noted the cumulative acres in all the ADAs has decreased since 2020 from approximately 1.146 million acres to 1.064 million acres, which is a 7.2% decrease, but still constitutes approximately 20% of the state. One reason for this decrease is more accurate parcel-based mapping and the removal of non-agricultural land.

In terms of target trends, there is approximately 197,000 acres targeted among all the county PIGs. This is a decrease in nearly 30,000 acres, or 15%, from 10 years ago, and during that time almost 50,000 acres have been preserved through the program. Mr. Bruder stated it is

important to note that part of the decrease in targeted farms is due to the preservation that has occurred and there is still a considerable amount of acreage targeted. The municipal PIGS are targeting approximately 94,000 acres and there is a 64% overlap between the two programs. In total, approximately 257,000 acres are being targeted by our partners.

Mr. Bruder discussed the specifics of three plans on the agenda for approval today. Burlington County's plan update shows the county targeting 187 farms totaling approximately 12,000 acres, and 12,500 acres have been preserved since its 2008 plan. Cumberland County's plan shows 327 target farms totaling 14,000 acres which accounts for nearly half of the ag land base in the county. Cumberland County has preserved approximately 8,600 acres since its 2009 plan. Hunterdon County's plan shows 543 targeted farms totaling 22,000 acres. The county has preserved approximately 14,000 acres since its 2008 plan. Mr. Bruder stated Hunterdon County has revised its traditional 40-acre minimum and has incorporated a three-tiered approach and SADC minimum criteria, which has increased its target acres significantly.

Mr. Bruder reviewed several recommendations received from the partners. The first recommendation was to re-evaluate how easement values are determined. Burlington County specifically called for a statewide easement value formula similar to the Pinelands formula. The second recommendation was to expand and increase funding for farm stewardship programs, including efforts to address climate change. Partners also recommended an increased focus on economic development and ag viability. The county plans demonstrated local level strategies to highlight ag tourism and ag businesses. Other recommendations included more insight into deed interpretation and expediting the acquisition process.

Mr. Bruder stated that all the plans are posted on the SADC website and encouraged everyone to look at them.

1. County Plan Updates: Burlington, Cumberland, and Hunterdon Counties

It was moved by Mr. Schilling and seconded by Mr. Bullock to approve Resolution

FY2023R3(4) granting approval to the County PIG Plan Updates for Burlington, Cumberland, and Hunterdon Counties, as presented, subject to any condition of said resolution. The motion was unanimously approved. A copy of Resolution FY2023R3(4) is attached to and a part of these minutes.

### E. Resolution: Final Approval - Municipal PIG Program

Mr. Bruder presented the updated Municipal PIG plan for West Amwell Township, Hunterdon County and provided an overview of the plan and the emerging trends. West Amwell has targeted 53 farms, totaling nearly 3,000 acres.

1. Municipal Plan Update: West Amwell Township, Hunterdon County

It was moved by Mr. Kumpel and seconded by Mr. Rosen to approve Resolution

FY2023R3(5) granting approval to the Municipal PIG Program Plan Update for West Amwell

Township, Hunterdon County, as presented, subject to any condition of said resolution. The

motion was unanimously approved. A copy of Resolution FY2023R3(5) is attached to and a
part of these minutes.

WHEREAS, by Deed of Easement dated May 2, 2003, and recorded on June 20, 2003, in the Atlantic County Clerk's Office in Deed Book 7494, Instrument #3069242, Pleasantdale Farms, Inc. (Pleasantdale) conveyed a development easement and all of the Pinelands Development Credits on the following parcels to the State Agriculture Development Committee (SADC or Grantee) pursuant to the Agriculture Retention and Development Act, N.J.S.A. 4:1C-11, et seq.: Block 4901, Lots 9 and 27; Block 5501, Lots 14 and 15; Block 5504, Lot 4; and Block 5402, Lot 3, totaling approximately 126 acres and hereinafter referred to as the "Premises", as shown in Schedule "A"; and

WHEREAS, paragraph 15 of the Deed of Easement provides as follows [emphasis in original]:

15. The land and its buildings which are affected may be sold collectively or individually for continued agricultural use as defined in Section 2 of this Deed of Easement. However, no division of the land shall be permitted without the approval in writing of the Grantee **and the Pinelands Commission**. In order for the Grantor to receive approval, the Grantee **and the Pinelands Commission** must find that the division shall be for an agricultural purpose and result in agriculturally viable parcels. Division means any division of the Premises, for any purpose, subsequent to the effective date of this Deed of Easement.

i. For purposes of this Deed of Easement, "Agriculturally viable parcel" means that each parcel is capable of sustaining a variety of agricultural operations that yield a reasonable economic return under normal conditions, solely from each parcel's agricultural output; and,

WHEREAS, paragraph 16 of the Deed of Easement provides as follows [emphasis in original]:

- 16. In the event of any violation of the terms and conditions of this Deed of Easement, Grantee **or the Pinelands Commission** may institute, in the name of the State of New Jersey, any proceedings to enforce these terms and conditions including the institution of suit to enjoin such violations and to require restoration of the Premises to its prior condition. The Committee and the Pinelands Commission do not waive or forfeit the right to take any other legal action necessary to insure compliance with the terms, conditions, and purpose of this Deed of Easement by a prior failure to act; and,
- WHEREAS, by deed dated September 16, 2004, and recorded on September 21, 2004, in the Atlantic County Clerk's Office in Deed Book 7844, Instrument #4094447, a copy of which is attached as Schedule "B", Pleasantdale conveyed a part of the Premises, Block 5501, Lot 15, a 5.4-acre parcel which contains a residence and fields devoted to berry crops, to Mr. Rafael Mendez; and
- WHEREAS, Pleasantdale did not obtain advance written approval from the SADC and Pinelands Commission for the division of Block 5501, Lot 15 prior to the conveyance of the lot to Mr. Mendez; and
- WHEREAS, in February 2021 the SADC became aware of the sale of Lot 15, immediately notified a Pleasantdale representative that the conveyance was improper, and advised that rectifying the illegal division would entail either reconveying the parcel back to Pleasantdale or applying for division approval in accordance with paragraph 15 of the Deed of Easement; and
- WHEREAS, in January 2022 Pleasantdale's attorney advised the SADC that Lot 15 was still actively farmed, that the house on the property was occupied by Mr. Mendez, and that Mr. Mendez was leasing the cultivated portion of the parcel to Pleasantdale pursuant to a 99-year lease; and
- WHEREAS, by letter dated May 23, 2022, the SADC reiterated to Pleasantdale's attorney that the sale of Lot 15 constituted an illegal division of the preserved farm under the Deed of Easement and that correcting the violation would entail reconveying the parcel back to Pleasantdale or applying to the SADC and Pinelands Commission for division approval, and
- WHEREAS, Pleasantdale's attorney responded in a letter dated June 2, 2022, that the 99-year lease of Lot 15 constituted Pleasantdale's fee ownership of the lot and, therefore, no division of the Premises had occurred; and
- WHEREAS, at its January 26, 2023, meeting the Committee heard testimony from Pleasantdale's principal and attorney, including proposed remedies, and the Committee made recommendations to Pleasantdale to resolve the matter; and
- WHEREAS, on February 17, 2023, the SADC received correspondence from Pleasantdale's attorney, a copy of which is attached as Schedule "C"; and

WHEREAS, the SADC and Pleasantdale's attempts to arrive at a remedy to cure the illegal division in a manner consistent with the Deed of Easement have been unsuccessful.

#### NOW THEREFORE BE IT RESOLVED:

- 1. The WHEREAS paragraphs above are incorporated herein by reference.
- 2. The SADC finds that Pleasantdale's conveyance of Lot 15 violated paragraph 15 of the Deed of Easement by dividing the Premises without the advance written approval of the SADC and Pinelands Commission.
- 3. The SADC authorizes legal proceedings be initiated through the Office of the Attorney General, as necessary, to enforce the Deed of Easement.
- 4. This action is considered a final agency decision appealable to the Appellate Division of the Superior Court of New Jersey.
- 5. This action is not effective until the Governor's review period expires pursuant to N.J.S.A. 4:1C-4f.

**Property.** The property consists of the land and all the buildings and structures on the land in the Town of Hammonton, County of Atlantic and State of New Jersey. The legal description is:

BEING part of the same land and premises which Bertino Brothers, Inc., a New Jersey Corporation by Deed dated January 10, 2003 and recorded January 15, 2003 in the Atlantic County Clerk's Office in Deed Book 7367, Instrument No. 3004753, granted and conveyed to Pleasantdale Farms, Inc.

Subject to the following express reservation which unless exercised, waived or expired as provided herein, shall run with the land.

In the event the Grantee, his heirs, assigns or successors receives an acceptable "bona-fide" good faith offer to purchase the property, Grantor will be given the right to purchase the property on the same financial terms as that contained in the offer received by Grantee. Grantor will be given thirty (30) days to exercise its right to purchase the property. In the event Grantor fails to exercise its right to

4HT)

purchase the property within the thirty (30) day period, by entering into an agreement of sale with said same financial price and with such ordinary terms and conditions as are generally accepted in the surrounding community, the right and reservation created herein will be deemed waived by Grantor and forever terminated and extinguished and Grantee may proceed with the sale of the property.

Provided further that in the event Grantor fails to exercise its right for any reason whatsoever or Grantor's right is not exercised or terminated as provided herein, at the expiration of ninety-nine (99) years from the above date then Grantor's right will be deemed waived, terminate and forever extinguished.

**Promises by Grantor.** The Grantor promises that the Grantor has done no act to encumber the property. This promise is called a "covenant as to grantor's acts" (N.J.S.A. 46:4-6). This promise means that the Grantor has not allowed anyone else to obtain any legal rights which affect the property (such as by making a mortgage or allowing a judgment to be entered against the Grantor).

**Signatures.** This Deed is signed and attested to by the Grantor's proper officers as of the date at the top of the first page. Its corporate seal is affixed.

Re: Pleasantdale Farms, Block 5501, Lot 15, Town of Hammonton, Atlantic County

Dear Mr. Smith:

Receipt of your February 1, 2023 letter is hereby acknowledged.

Mr. Arena has spoken with Mr. Mendez, and discussed the proposal set forth in your letter involving the reconveyance of the property to Pleasantdale Farms, and the grant to Mr. Mendez of a life estate.

Mr. Mendez indicated that he does not understand a life estate, and wants to remain the owner of his home.

Mr. Arena suggested that Mr. Mendez hire a lawyer however Mr. Mendez indicated that he does not want to hire a lawyer and apparently is not willing to except a life estate.

Accordingly, without Mr. Mendez's consent and agreement there is nothing we can do to force him to accept the current Committee alternative.

Pleasantdale Farms has made a number of proposals to the Committee and respectfully requests additional guidance and other creative solutions on how this matter might be resolved to the satisfaction of the Committee and Mr. Mendez.

Thank you for your patience and guidance in this matter.

Sincerely,

  - a. The documents necessary to rescind the agricultural buffer and consolidate the lots shall be submitted to the SADC for advance review and approval.
- 3. - 4. Any unused funds encumbered from either the base or competitive grants at the time of closing shall be returned to their respective sources (competitive or base grant funds).
- 5. Should additional funds be needed due to an increase in acreage and if base grant funding becomes available the grant may be adjusted to utilize unencumbered base grant funds.

- 6. The SADC will be providing its grant directly to the County, and the SADC shall enter into a Grant Agreement with the Township and County pursuant to N.J.A.C. 2:76-6.18, 6.18(a) and 6.18(b).
- 7. The SADC's cost share grant to the Township for the purchase of a development easement on the approved application shall be based on the final surveyed acreage of the Premises adjusted for proposed road rights-of-way, other rights-of-way, easements, encroachments, and streams or water bodies on the boundaries of the Premises as identified in Policy P-3-B Supplement or other superior interests (recorded or otherwise granted) in the property that conflict with the terms of the Deed of Easement or otherwise restrict the affected area's availability for a variety of agricultural uses.
- 8. The final acreage of the exception area shall be subject to onsite confirmation, and the Executive Director may approve final size and location of the exception area such that the size does not increase more than one (1) acre and the location remains within the substantially same footprint as the herein-approved exception, so long as there is no impact on the SADC certified value.
- 9. All survey, title and all additional documents required for closing shall be subject to review and approval by the SADC.
- 10. This approval is considered a final agency decision appealable to the Appellate Division of the Superior Court of New Jersey.
- 11. This action is not effective until the Governor's review period expires pursuant to N.J.S.A. 4:1C-4f.

### STATE AGRICULTURE DEVELOPMENT COMMITTEE RESOLUTION #FY2023R3(3)

### Preliminary Approval of SADC Easement Purchase on an "OTHER" FARM

### On the Property of Bruno (DelPalazzo), Georgeanne

### MARCH 23, 2023

Subject Property: Bruno (DelPalazzo), Georgeanne

Block 110, Lot 9 - Hainesport Township, Burlington County

SADC ID#: 03-0034-DE

- WHEREAS, pursuant to N.J.A.C. 2:76-11.3, an owner of farmland may offer to sell to the State Agriculture Development Committee ("SADC") a development easement on the farmland; and
- WHEREAS, on February 17, 2023, the SADC received a development easement sale application from Georgeanne Bruno, hereinafter "Owner," identified as Block 110, Lot 9, Hainesport Township, Burlington County, hereinafter "the Property," totaling approximately 42.2 gross acres, identified in (Schedule A); and
- WHEREAS, the Property includes two exception areas: one approximately 1 acre non-severable exception area for and limited to one (1) future single family residential unit and to afford future flexibility of uses and one (1) approximately 2.25 acre severable exception area for and limited to one (1) existing single family residential units and to afford future flexibility of uses, resulting in approximately 38.9 net acres to be preserved; and
- WHEREAS, the portion of the Property outside the exception area includes zero (0) single family residential unit(s), zero (0) Residual Dwelling Site Opportunity (RDSO), zero (0) agricultural labor units, and no pre-existing non-agricultural uses; and
- WHEREAS, at the time of application, the Property was in nursery production; and
- WHEREAS, the application has been evaluated for the sale of development easement pursuant to N.J.A.C. 2:76-11.5 and the State Acquisition Selection Criteria approved by the SADC on September 14, 2022, which categorizes applications into "Priority", "Alternate" and "Other" groups; and
- WHEREAS, the Property, has a quality score of 62.82 and contains approximately 38.9 net acres (Schedule B); and
- WHEREAS, the Property meets the SADC's Burlington County minimum criteria for average quality score in the "Priority "category, which requires at least a quality score of 60; however, since the Property does not meet the minimum acreage requirement in the "Priority" or "Alternate" categories of 78 and 57 acres, respectively, the Property is categorized as an "Other" farm, requiring SADC preliminary approval; and
- WHEREAS, the Property meets the minimum eligibility criteria as set forth in N.J.A.C. 2:76-6.20 and, pursuant to N.J.A.C. 2:76-11.5(b), (c)1 and (c)2, there are no "priority" or "alternate" ranked applications that have not already been selected for processing at this time; and

### NOW THEREFORE BE IT RESOLVED:

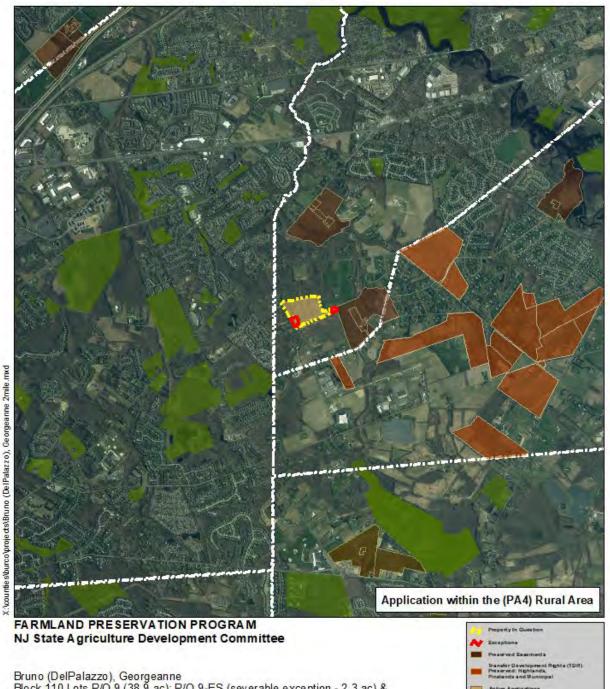

- 1. The WHEREAS paragraphs set forth above are incorporated herein by reference.
- 2. The SADC approves selecting the Property for processing as an "Other" farm, pursuant to N.J.A.C. 2:76-11.5(b) and (c)3 because the farm:
  - a. has a quality score of 62.82, which is above minimum ranking criteria for a "Priority" farm in Burlington County
  - b. has approximately 87% Statewide Important and 13% locally important soils
  - c. is within the County Agriculture Development Area and is adjacent to another preserved farm
- 3. The SADC grants preliminary approval to the Property for an easement acquisition and authorizes staff to proceed with the following:
  - a. Enter into a 120 day option agreement with the Landowners
  - b. Secure two independent appraisals to estimate the fair market value of the Property
  - c. Review the two independent appraisals and recommend a certified fair market easement value of the property to the SADC
- 4. This approval is considered a final agency decision appealable to the Appellate Division of the Superior Court of New Jersey.
- 5. This action is not effective until the Governor's review period expires pursuant to N.J.S.A. 4:1C-4f.
