The New Jersey Board of Public Utilities (BPU) will hold a Special Board Agenda Meeting to consider the results of the 2014 Basic Generation Service (BGS) Auction which concluded this morning. The meeting will be held Wednesday, February 12, 2014, in the first floor Board Hearing Room at 44 South Clinton Avenue, Trenton, NJ. The auction results will be considered by the Board in public session at 3:00 p.m. The auction results have an impact upon electricity prices paid by many residential and business ratepayers.

The BPU reviews the results of the auction within two business days of the closing, pursuant to the Dec. 1, 2004 Board Order that authorized the BGS auction process. Because offers made at the auction are binding, there is no need for post-auction negotiations.
