**In the Matter of The Board's Review of N.J.A.C. 14:5-8
Electric Distribution Service Reliability and Quality Standards
Docket No. EO14091043**

Stakeholder Meeting – October 6, 2014

The Staff of the Board of Public Utilities (BPU) invites all interested parties and members of the Public to a stakeholders' meeting to discuss the re-adoption of the Board's electric distribution service reliability and quality standards as outlined in N.J.A.C. 14:5-8.

Staff is charged with working alongside stakeholders to review and propose changes to the rules outlined in Chapter 5. As part of this process, a number of issues will be analyzed including but not limited to vegetation management practices applicable to the electric distribution system, the establishment of quarterly reliability reporting requirements, increased reporting of worst performing circuits contained in the EDC Annual System Performance Report and the establishment of new reliability service performance levels.

Along with this notice BPU Staff will be notifying previous participants about this stakeholder process and alerting potential participants via the official BPU website <http://www.nj.gov/bpu>.

Questions should be directed to Rosalie Serapiglia in the Division of Energy via email at Rosalie.Serapiglia@bpu.state.nj.us.
