(SERVICE LIST ATTACHED)

BY PRESIDENT JEANNE M. FOX:

In response to Governor Corzine's call to electric and gas utilities to assist in promoting a broad economic recovery in the State while reducing energy consumption and greenhouse gas

production, the Board has encouraged the State's utilities to formulate plans for enhanced investments in energy efficiency programs.

Background and Procedural History

On January 19, 2009 New Jersey Natural Gas Company ("NJNG") submitted petitions for approval to implement certain energy efficiency programs and of an associated cost recovery mechanism. Similar filings were made by Public Service Electric and Gas Company ("PSE&G"), South Jersey Gas Company ("SJG"), and Elizabethtown Gas Company ("ETG") on January 21, 2009, January 26, 2009 and February 6, 2009, respectively.

By Order dated February 19, 2009, the Board retained these matters for review and hearing, and as authorized by N.J.S.A. 48:2-32, designated me as the presiding officer who is authorized to rule on all motions that arise during the proceedings and modify any schedules that may be set as necessary to secure just and expeditious determination of the issues.

Under the authority, to expedite the review of these matters while providing an opportunity for discovery and public comment, I **HEREBY SET** the procedural schedule as described on Attachment A. This schedule is subject to modification as necessary and appropriate in the interests of economy and justice and applies only to the filings of NJNG, PSE&G, SJG, and ETG..

In the interest of the economy, all parties are **HEREBY DIRECTED** to serve electronically all documents, other than petitions which must be filed with the Board to the service list with two (2) hard copies provided to a designee of each party.

Finally, I **HEREBY DIRECT** Staff to post this Order on the Board's website.

This provisional ruling is subject to ratification or other alteration by the Board as it deems appropriate during the proceedings in this matter.

DATED: 2/25/09
