

“licensure.” As the Board’s intention regarding licensure is clear from the proposal Summary (see 46 N.J.R. at 1931-1932), the prior text in subsection (a) and the section heading for N.J.A.C. 13:31-2.6 reference “licensure,” and the existence of an error is obvious (the Board does not grant certification to an electrical contractor), N.J.A.C. 13:31-2.6(a) is administratively corrected to replace “certification” with “licensure.”

This notice of administrative correction is published pursuant to N.J.A.C. 1:30-2.7.

**Full text** of the corrected rule follows (addition indicated in boldface **thus**; deletion indicated in brackets [thus]):

13:31-2.6 Credit towards licensure for education, training, and experience received while serving as a member of the Armed Forces

(a) An applicant who has served in the Armed Forces of the United States and who does not meet all of the training, education, and experience requirements for licensure under N.J.A.C. 13:31-2.1 may apply to the Board for recognition of the applicant’s training, education, or experience received while serving as a member of the Armed Forces, which the Board shall consider together with any training, education, and experience obtained outside of the Armed Forces, for determining substantial equivalence to the training, education, and experience required for [certification] **licensure**.

**N.J.A.C. 13:45B-14.7**

**Take notice** that the Division of Consumer Affairs found an error in the text of N.J.A.C. 13:45B-14.7. As adopted effective January 7, 2008, N.J.A.C. 13:45B-14.7(a) begins with the phrase “In order to place certified homemaker-home health aides” (see R.2008 d.5). However, the notice of adoption published in the January 7, 2008, New Jersey Register misprinted “certified homemaker-home health aides” in the phrase as “certified homeowner-home health aides” (see 40 N.J.R. 185(a)). The misprint in the notice of adoption was subsequently included in the New Jersey Administrative Code. Through this notice, published pursuant to N.J.A.C. 1:30-2.7, the adopted term is corrected.

**Full text** of the corrected rule follows (addition indicated in boldface **thus**; deletion indicated in brackets [thus]):

13:45B-14.7 Homemaker-home health aides and agencies

(a) In order to place certified [homeowner-home] **homemaker-home** health aides, an agency regulated by the Division shall be licensed as a health care service firm. If an agency regulated by the Division is not licensed as a health care service firm, it shall not place certified homemaker-home health aides.

Proposed: October 6, 2014, at 46 N.J.R. 2012(a).

Adopted: March 18, 2015, by the New Jersey Board of Public Utilities, Richard S. Mroz, President, Joseph L. Fiordaliso, Mary-Anna Holden, and Dianne Solomon, Commissioners.

Filed: March 18, 2015, as R.2015 d.059, **without change**.

Authority: N.J.S.A. 48:2-1 et seq., in particular 48:2-13 and 48:3-87.

BPU Docket Number: QX14070798.

Effective Date: March 18, 2015.

Expiration Date: May 1, 2019.

**Summary** of Public Comments and Agency Responses:

COMMENT: Jersey Central Power and Light (JCP&L) agrees that no change to the rules is necessary upon readoption, and also states its belief that, as the development of renewable energy technology continues, new sets of circumstances may strain the existing rules that should be addressed on a case-by-case basis, if and as they develop.

RESPONSE: The Board thanks the commenter for its support of the rules. At this time, the Board anticipates that future changes in the renewable energy market will probably be addressed, as the commenter suggests, if and as they develop.

**Federal Standards Statement**

Executive Order No. 27 (1994) and N.J.S.A. 52:14B-1 et seq. require State agencies that adopt, readopt, or amend State rules exceeding any Federal standards or requirements to include in the rulemaking document a Federal standards analysis. The Aggregated Net Metering rules have no Federal analogue and are not promulgated under the authority of, or in order to implement, comply with, or participate in any program established under Federal law or under a State statute that incorporates or refers to Federal law, standards, or requirements. Accordingly, Executive Order No. 27 (1994) and N.J.S.A. 52:14B-1 et seq., do not require a Federal standards analysis for the readopted rules.
