**Sent:** Wednesday, March 19, 2014 11:12 AM  
**To:** Secretary, Board  
**Subject:** Verizon New Jersey, Docket No. TO12020155

Dear Ms. Kristi Izzo, Secretary:

New Jersey Board of Public Utilities  
C/O Ms. Kristi Izzo, Secretary  
44 South Clinton Avenue, 9th Floor  
Post Office Box 350  
Trenton, N.J. 08625-0350

To the Members of the New Jersey Board of Public Utilities:

As a New Jersey resident and Verizon employee, I am expressing my support for the proposed stipulation between BPU Staff and Verizon. The proposed stipulation is fair and balanced and, under your guidance, will build on the success that the Board and Verizon have achieved in making the Garden State one of the most wired broadband states in the country.

Access to advanced communications technologies is no longer a luxury; it's a necessity. Thanks to Verizon, New Jersey consumers and businesses can harness the power of these technologies like never before. By leveraging new and innovative technologies like 4G LTE and fiber, Verizon has helped put the power of the Internet into more consumers' hands across the state and fulfilled its Opportunity New Jersey obligations. The future holds even more promise.

Few companies have made the kind of critical infrastructure investments in New Jersey that Verizon has made and you can count on Verizon to continue working with communities across the State to deliver the benefits of broadband services through this program.

Please approve the proposed stipulation without further delay. Thank you for taking the time to consider my view and for all you do for the people of New Jersey.

Sincerely,

Robert Markson  
12 Central Ave  
West Milford, NJ 07480-2102

By leveraging new and innovative technologies like 4G LTE and fiber, Verizon has helped put the power of the Internet into more consumers' hands across the state and fulfilled its Opportunity New Jersey obligations. The future holds even more promise.

Few companies have made the kind of critical infrastructure investments in New Jersey that Verizon has made and you can count on Verizon to continue working with communities across the State to deliver the benefits of broadband services through this program.

Please approve the proposed stipulation without further delay. Thank you for taking the time to consider my view and for all you do for the people of New Jersey.

Sincerely,

Joanne Lim

**Sent:** Wednesday, March 19, 2014 11:06 AM  
**To:** Secretary, Board  
**Subject:** Verizon New Jersey, Docket No. TO12020155

Dear Ms. Kristi Izzo, Secretary:

New Jersey Board of Public Utilities  
C/O Ms. Kristi Izzo, Secretary  
44 South Clinton Avenue, 9th Floor  
Post Office Box 350  
Trenton, N.J. 08625-0350

To the Members of the New Jersey Board of Public Utilities:

As a New Jersey resident and Verizon employee, I am expressing my support for the proposed stipulation between BPU Staff and Verizon. The proposed stipulation is fair and balanced and, under your guidance, will build on the success that the Board and Verizon have achieved in making the Garden State one of the most wired broadband states in the country.

Access to advanced communications technologies is no longer a luxury; it's a necessity. Thanks to Verizon, New Jersey consumers and businesses can harness the power of these technologies like never before. By leveraging new and innovative technologies like 4G LTE and fiber, Verizon has helped put the power of the Internet into more consumers' hands across the state and fulfilled its Opportunity New Jersey obligations. The future holds even more promise.

Few companies have made the kind of critical infrastructure investments in New Jersey that Verizon has made and you can count on Verizon to continue working with communities across the State to deliver the benefits of broadband services through this program.

Please approve the proposed stipulation without further delay. Thank you for taking the time to consider my view and for all you do for the people of New Jersey.

Trenton, N.J. 08625-0350

To the Members of the New Jersey Board of Public Utilities:

As a New Jersey resident and Verizon employee, I am expressing my support for the proposed stipulation between BPU Staff and Verizon. The proposed stipulation is fair and balanced and, under your guidance, will build on the success that the Board and Verizon have achieved in making the Garden State one of the most wired broadband states in the country.

Access to advanced communications technologies is no longer a luxury; it's a necessity. Thanks to Verizon, New Jersey consumers and businesses can harness the power of these technologies like never before. By leveraging new and innovative technologies like 4G LTE and fiber, Verizon has helped put the power of the Internet into more consumers' hands across the state and fulfilled its Opportunity New Jersey obligations. The future holds even more promise.

Few companies have made the kind of critical infrastructure investments in New Jersey that Verizon has made and you can count on Verizon to continue working with communities across the State to deliver the benefits of broadband services through this program.

Please approve the proposed stipulation without further delay. Thank you for taking the time to consider my view and for all you do for the people of New Jersey.

Sincerely,

Timothy Gibson  
23 Poet Dr  
Matawan, NJ 07747-3414

Post Office Box 350  
Trenton, N.J. 08625-0350

To the Members of the New Jersey Board of Public Utilities:

As a New Jersey resident and Verizon employee, I want you to know that I support the proposed stipulation between BPU Staff and Verizon. This is a fair stipulation that will build on the Board and Verizon's success in making our State one of the most wired broadband states in the country.

Access to advanced communications technologies is no longer a luxury; it's a necessity. Thanks to Verizon, New Jersey consumers and businesses have these new technologies. With 4G LTE and fiber Verizon has helped give consumers the best of the Internet. I appreciate the quality of high-speed FIOS in Bergen County.

You can depend on Verizon to continue working with communities across the State to deliver the benefits of broadband services through this program.

I urge you to approve the proposed stipulation and thank you for your consideration.

Sincerely,

Francis Malnati

**To:** Secretary, Board  
**Subject:** Verizon New Jersey, Docket No. TO12020155

Dear Ms. Kristi Izzo, Secretary:

New Jersey Board of Public Utilities  
C/O Ms. Kristi Izzo, Secretary  
44 South Clinton Avenue, 9th Floor  
Post Office Box 350  
Trenton, N.J. 08625-0350

To the Members of the New Jersey Board of Public Utilities:

As a New Jersey resident and Verizon employee, I am expressing my support for the proposed stipulation between BPU Staff and Verizon. The proposed stipulation is fair and balanced and, under your guidance, will build on the success that the Board and Verizon have achieved in making the Garden State one of the most wired broadband states in the country.

Access to advanced communications technologies is no longer a luxury; it's a necessity. Thanks to Verizon, New Jersey consumers and businesses can harness the power of these technologies like never before. By leveraging new and innovative technologies like 4G LTE and fiber, Verizon has helped put the power of the Internet into more consumers' hands across the state and fulfilled its Opportunity New Jersey obligations. The future holds even more promise.

Few companies have made the kind of critical infrastructure investments in New Jersey that Verizon has made and you can count on Verizon to continue working with communities across the State to deliver the benefits of broadband services through this program.

Please approve the proposed stipulation without further delay. Thank you for taking the time to consider my view and for all you do for the people of New Jersey.

Sincerely,

Brian Lenihan  
49 Whitehall Rd  
East Brunswick, NJ 08816-1319

**Sent:** Wednesday, March 19, 2014 10:56 AM  
**To:** Secretary, Board  
**Subject:** Verizon New Jersey, Docket No. TO12020155

Dear Ms. Kristi Izzo, Secretary:

New Jersey Board of Public Utilities  
C/O Ms. Kristi Izzo, Secretary  
44 South Clinton Avenue, 9th Floor  
Post Office Box 350  
Trenton, N.J. 08625-0350

To the Members of the New Jersey Board of Public Utilities:

As a New Jersey resident and Verizon employee, I am expressing my support for the proposed stipulation between BPU Staff and Verizon. The proposed stipulation is fair and balanced and, under your guidance, will build on the success that the Board and Verizon have achieved in making the Garden State one of the most wired broadband states in the country.

Access to advanced communications technologies is no longer a luxury; it's a necessity. Thanks to Verizon, New Jersey consumers and businesses can harness the power of these technologies like never before. By leveraging new and innovative technologies like 4G LTE and fiber, Verizon has helped put the power of the Internet into more consumers' hands across the state and fulfilled its Opportunity New Jersey obligations. The future holds even more promise.

Few companies have made the kind of critical infrastructure investments in New Jersey that Verizon has made and you can count on Verizon to continue working with communities across the State to deliver the benefits of broadband services through this program.

Please approve the proposed stipulation without further delay. Thank you for taking the time to consider my view and for all you do for the people of New Jersey.

Sincerely,

Anthony Turner  
226 Park Ave  
Plainfield, NJ 07060-1242

Access to advanced communications technologies is no longer a luxury; it's a necessity. Thanks to Verizon, New Jersey consumers and businesses can harness the power of these technologies like never before. By leveraging new and innovative technologies like 4G LTE and fiber, Verizon has helped put the power of the Internet into more consumers' hands across the state and fulfilled its Opportunity New Jersey obligations. The future holds even more promise.

Few companies have made the kind of critical infrastructure investments in New Jersey that Verizon has made and you can count on Verizon to continue working with communities across the State to deliver the benefits of broadband services through this program.

Please approve the proposed stipulation without further delay. Thank you for taking the time to consider my view and for all you do for the people of New Jersey.

Sincerely,

Harold P. DeFreitas

**Sent:** Wednesday, March 19, 2014 10:54 AM  
**To:** Secretary, Board  
**Subject:** Verizon New Jersey, Docket No. TO12020155

Dear Ms. Kristi Izzo, Secretary:

New Jersey Board of Public Utilities  
C/O Ms. Kristi Izzo, Secretary  
44 South Clinton Avenue, 9th Floor  
Post Office Box 350  
Trenton, N.J. 08625-0350

To the Members of the New Jersey Board of Public Utilities:

As a New Jersey resident and Verizon employee, I am expressing my support for the proposed stipulation between BPU Staff and Verizon. The proposed stipulation is fair and balanced and, under your guidance, will build on the success that the Board and Verizon have achieved in making the Garden State one of the most wired broadband states in the country.

Access to advanced communications technologies is no longer a luxury; it's a necessity. Thanks to Verizon, New Jersey consumers and businesses can harness the power of these technologies like never before. By leveraging new and innovative technologies like 4G LTE and fiber, Verizon has helped put the power of the Internet into more consumers' hands across the state and fulfilled its Opportunity New Jersey obligations. The future holds even more promise.

Few companies have made the kind of critical infrastructure investments in New Jersey that Verizon has made and you can count on Verizon to continue working with communities across the State to deliver the benefits of broadband services through this program.

Dear Ms. Kristi Izzo, Secretary:

New Jersey Board of Public Utilities  
C/O Ms. Kristi Izzo, Secretary  
44 South Clinton Avenue, 9th Floor  
Post Office Box 350  
Trenton, N.J. 08625-0350

To the Members of the New Jersey Board of Public Utilities:

As a New Jersey resident and Verizon employee, I am expressing my support for the proposed stipulation between BPU Staff and Verizon. The proposed stipulation is fair and balanced and, under your guidance, will build on the success that the Board and Verizon have achieved in making the Garden State one of the most wired broadband states in the country.

Access to advanced communications technologies is no longer a luxury; it's a necessity. Thanks to Verizon, New Jersey consumers and businesses can harness the power of these technologies like never before. By leveraging new and innovative technologies like 4G LTE and fiber, Verizon has helped put the power of the Internet into more consumers' hands across the state and fulfilled its Opportunity New Jersey obligations. The future holds even more promise.

Few companies have made the kind of critical infrastructure investments in New Jersey that Verizon has made and you can count on Verizon to continue working with communities across the State to deliver the benefits of broadband services through this program.

Please approve the proposed stipulation without further delay. Thank you for taking the time to consider my view and for all you do for the people of New Jersey.

Sincerely,

Steven Kellner  
14 Rottau Ave  
Pemberton, NJ 08068-1919

**Subject:** Verizon New Jersey, Docket No. TO12020155

Dear Ms. Kristi Izzo, Secretary:

New Jersey Board of Public Utilities  
C/O Ms. Kristi Izzo, Secretary  
44 South Clinton Avenue, 9th Floor  
Post Office Box 350  
Trenton, N.J. 08625-0350

To the Members of the New Jersey Board of Public Utilities:

As a New Jersey resident and Verizon employee, I am expressing my support for the proposed stipulation between BPU Staff and Verizon. The proposed stipulation is fair and balanced and, under your guidance, will build on the success that the Board and Verizon have achieved in making the Garden State one of the most wired broadband states in the country.

Access to advanced communications technologies is no longer a luxury; it's a necessity. Thanks to Verizon, New Jersey consumers and businesses can harness the power of these technologies like never before. By leveraging new and innovative technologies like 4G LTE and fiber, Verizon has helped put the power of the Internet into more consumers' hands across the state and fulfilled its Opportunity New Jersey obligations. The future holds even more promise.

Few companies have made the kind of critical infrastructure investments in New Jersey that Verizon has made and you can count on Verizon to continue working with communities across the State to deliver the benefits of broadband services through this program.

Please approve the proposed stipulation without further delay. Thank you for taking the time to consider my view and for all you do for the people of New Jersey.

Sincerely,

Aby Sebastian  
156 Clendenny Ave  
Jersey City, NJ 07304-1202

By leveraging new and innovative technologies like 4G LTE and fiber, Verizon has helped put the power of the Internet into more consumers' hands across the state and fulfilled its Opportunity New Jersey obligations. The future holds even more promise.

Few companies have made the kind of critical infrastructure investments in New Jersey that Verizon has made and you can count on Verizon to continue working with communities across the State to deliver the benefits of broadband services through this program.

Please approve the proposed stipulation without further delay. Thank you for taking the time to consider my view and for all you do for the people of New Jersey.

Sincerely,

Max Solondz

**To:** Secretary, Board  
**Subject:** Verizon New Jersey, Docket No. TO12020155

Dear Ms. Kristi Izzo, Secretary:

New Jersey Board of Public Utilities  
C/O Ms. Kristi Izzo, Secretary  
44 South Clinton Avenue, 9th Floor  
Post Office Box 350  
Trenton, N.J. 08625-0350

To the Members of the New Jersey Board of Public Utilities:

As a New Jersey resident and Verizon employee, I am expressing my support for the proposed stipulation between BPU Staff and Verizon. The proposed stipulation is fair and balanced and, under your guidance, will build on the success that the Board and Verizon have achieved in making the Garden State one of the most wired broadband states in the country.

Access to advanced communications technologies is no longer a luxury; it's a necessity. Thanks to Verizon, New Jersey consumers and businesses can harness the power of these technologies like never before. By leveraging new and innovative technologies like 4G LTE and fiber, Verizon has helped put the power of the Internet into more consumers' hands across the state and fulfilled its Opportunity New Jersey obligations. The future holds even more promise.

Few companies have made the kind of critical infrastructure investments in New Jersey that Verizon has made and you can count on Verizon to continue working with communities across the State to deliver the benefits of broadband services through this program.

Please approve the proposed stipulation without further delay. Thank you for taking the time to consider my view and for all you do for the people of New Jersey.

Trenton, N.J. 08625-0350

To the Members of the New Jersey Board of Public Utilities:

As a New Jersey resident and Verizon employee, I am expressing my support for the proposed stipulation between BPU Staff and Verizon. The proposed stipulation is fair and balanced and, under your guidance, will build on the success that the Board and Verizon have achieved in making the Garden State one of the most wired broadband states in the country.

Access to advanced communications technologies is no longer a luxury; it's a necessity. Thanks to Verizon, New Jersey consumers and businesses can harness the power of these technologies like never before. By leveraging new and innovative technologies like 4G LTE and fiber, Verizon has helped put the power of the Internet into more consumers' hands across the state and fulfilled its Opportunity New Jersey obligations. The future holds even more promise.

Few companies have made the kind of critical infrastructure investments in New Jersey that Verizon has made and you can count on Verizon to continue working with communities across the State to deliver the benefits of broadband services through this program.

Please approve the proposed stipulation without further delay. Thank you for taking the time to consider my view and for all you do for the people of New Jersey.

Sincerely,

Carlos Gonzalez  
57 Ariel Ct

**Subject:** Verizon New Jersey, Docket No. TO12020155

Dear Ms. Kristi Izzo, Secretary:

New Jersey Board of Public Utilities  
C/O Ms. Kristi Izzo, Secretary  
44 South Clinton Avenue, 9th Floor  
Post Office Box 350  
Trenton, N.J. 08625-0350

To the Members of the New Jersey Board of Public Utilities:

As a New Jersey resident and Verizon employee, I am expressing my support for the proposed stipulation between BPU Staff and Verizon. The proposed stipulation is fair and balanced and, under your guidance, will build on the success that the Board and Verizon have achieved in making the Garden State one of the most wired broadband states in the country.

Access to advanced communications technologies is no longer a luxury; it's a necessity. Thanks to Verizon, New Jersey consumers and businesses can harness the power of these technologies like never before. By leveraging new and innovative technologies like 4G LTE and fiber, Verizon has helped put the power of the Internet into more consumers' hands across the state and fulfilled its Opportunity New Jersey obligations. The future holds even more promise.

Few companies have made the kind of critical infrastructure investments in New Jersey that Verizon has made and you can count on Verizon to continue working with communities across the State to deliver the benefits of broadband services through this program.

Please approve the proposed stipulation without further delay. Thank you for taking the time to consider my view and for all you do for the people of New Jersey.

Sincerely,

Kunjal Raval  
3 Hye Ct  
Milltown, NJ 08850-1355

Access to advanced communications technologies is no longer a luxury; it's a necessity. Thanks to Verizon, New Jersey consumers and businesses can harness the power of these technologies like never before. By leveraging new and innovative technologies like 4G LTE and fiber, Verizon has helped put the power of the Internet into more consumers' hands across the state and fulfilled its Opportunity New Jersey obligations. The future holds even more promise.

Few companies have made the kind of critical infrastructure investments in New Jersey that Verizon has made and you can count on Verizon to continue working with communities across the State to deliver the benefits of broadband services through this program.

Please approve the proposed stipulation without further delay. Thank you for taking the time to consider my view and for all you do for the people of New Jersey.

Sincerely,

Frank Norman

**To:** Secretary, Board  
**Subject:** Verizon New Jersey, Docket No. TO12020155

Dear Ms. Kristi Izzo, Secretary:

New Jersey Board of Public Utilities  
C/O Ms. Kristi Izzo, Secretary  
44 South Clinton Avenue, 9th Floor  
Post Office Box 350  
Trenton, N.J. 08625-0350

To the Members of the New Jersey Board of Public Utilities:

As a New Jersey resident and Verizon employee, I am expressing my support for the proposed stipulation between BPU Staff and Verizon. The proposed stipulation is fair and balanced and, under your guidance, will build on the success that the Board and Verizon have achieved in making the Garden State one of the most wired broadband states in the country.

Access to advanced communications technologies is no longer a luxury; it's a necessity. Thanks to Verizon, New Jersey consumers and businesses can harness the power of these technologies like never before. By leveraging new and innovative technologies like 4G LTE and fiber, Verizon has helped put the power of the Internet into more consumers' hands across the state and fulfilled its Opportunity New Jersey obligations.
