<b>Mandatory Pre-Proposal Meeting/Site Visit: Thursday, March 12, 2015 at 10:00 AM</b>
--

<b>Proposal Due Date: NO LATER THAN 2:00 PM, Thursday, March 26, 2015</b>
---

This confirms that your firm was selected from the list of pre-qualified firms in your discipline/specialty category and is invited to submit a proposal for this project. **Attached is the Consultant Proposal Package for this project. The Scope of Work is available on the Division's website at [www.state.nj.us/treasury/dpmc](http://www.state.nj.us/treasury/dpmc).**

The mandatory pre-proposal meeting/site visit is scheduled for Thursday, March 12, 2015 at 10:00 AM. Consultants shall meet at the Leonardo State Marina, 102 Concord Avenue, Leonardo, Monmouth County, NJ 07737. Only those firms attending the mandatory pre-proposal meeting will be permitted to submit a proposal. For more information on the site visit or the Scope of Work, please call Eugene Cardone, DPMC Project Design Manager at (609) 633-2648.

**Please submit an original and three (3) copies of the proposal to:**

Department of Treasury  
Division of Property Management and Construction  
Contracts & Procurement Unit  
33 West State Street, 9th Floor, Plan Room  
Attention: Bill Mahan  
P.O. BOX 034  
Trenton, New Jersey 08625-0034

**IMPORTANT: PROPOSALS SUBMITTED AFTER THE 2:00 PM DEADLINE WILL NOT BE ACCEPTED**

Subsequent to receipt of this Consultant Proposal Package and the Scope of Work, should your firm decide not to submit a proposal for this project, please notify Bill Mahan at (609) 292-4234 or fax (609) 777-1970 (email address: [william.mahan@treas.nj.gov](mailto:william.mahan@treas.nj.gov)) as soon as possible so another firm can be contacted to participate.

# CONSULTANT PROPOSAL PACKAGE

STATE OF NEW JERSEY  
DEPARTMENT OF THE TREASURY  
DIVISION OF PROPERTY MANAGEMENT AND CONSTRUCTION  
33 WEST STATE STREET, 9TH FLOOR  
P. O. BOX 034  
TRENTON, NEW JERSEY 08625-0034

# CONSULTANT PROPOSAL PACKAGE - INSTRUCTIONS

## I. CONTENTS

This Consultant Proposal Package contains the following documents:

- (a) Request for Proposal (Cover Letter and Instructions)
- (b) Key Team Member Project Experience Data Sheet
- (c) Project Key Personnel List
- (d) Sample Technical Proposal Evaluation Form
- (e) Professional Services Fee Proposal
- (f) Consultant Task/Labor/Fee Sheet
- (g) Sub-Consultant Task/Labor/Fee Sheet
- (h) Scope of Work (Available on the DPMC website at [www.state.nj.us/treasury/dpmc](http://www.state.nj.us/treasury/dpmc))
- (i) Agreement Between the State of New Jersey and the Consultant & General Conditions to the Consultant Agreement

## II. GENERAL INFORMATION

The proposal submitted by each consultant will be in two parts:

- Technical Proposal (ONE ORIGINAL PLUS 3 COPIES)
- Fee Proposal (ONE ORIGINAL PLUS 3 COPIES)

Both proposals must be submitted in one envelope. However, the entire fee proposal is to be placed in a **separately sealed envelope** marked "Fee Proposal" with the Division's project number and the firm's name indicated on the envelope.

## III. TECHNICAL PROPOSAL

The Technical Proposal package submitted by the Consultant consists of the following:

- (a) Cover letter and Firm/Project Team experience
- (b) Organization Chart
- (c) Resumes of Key Team Members
- (d) Key Team Members Project Experience Data Sheet (form enclosed)
- (e) Project Key Personnel List (form enclosed)
- (f) Project Approach
- (g) Project Schedule
- (h) Certificate of Employee Information Report
- (i) Certification of Public Law 2005, Chapter 92 (form enclosed)

Please ensure that all the above items are addressed in the technical proposal in the order presented here. A sample of the "Technical Evaluation Form" is included in the package for your information. Each firm's technical proposal will be evaluated on the criteria listed on this form to determine your firm's ability to successfully complete the project.

You may include any photos, graphics, etc., that relate to your firm's past experience and qualifications for this project; however, please keep your proposal as concise as possible.

### (a) Consultant/Sub-Consultant Prequalification

Consultants are randomly selected from the list of firms pre-qualified with the Division of Property Management and Construction (DPMC) in the discipline(s)/specialty category (ies) required for the successful completion of the project as described in the Scope of Work.

Consultants must have in-house capabilities or sub-consultants to perform all other prequalified architectural, engineering and/or specialty discipline work as described in the project Scope of Work. All sub-consultants must be appropriately pre-qualified with the DPMC in the specific

discipline/specialty category for the work to be performed on the project. A listing of all the prequalified disciplines can be found on DPMC's website at [www.state.nj.us/treasury/dpmc](http://www.state.nj.us/treasury/dpmc).

Consultants and sub-consultants must be pre-qualified in the required discipline/specialty category by the **due date of the project proposal**. If, upon review of the proposal, consultants/sub-consultants are determined to be without the appropriate pre-qualification for a particular discipline(s), the proposal will be deemed non-responsive.

(b) **Cover Letter and Firm Experience**

Limit your description of your firm's experience to approximately five projects similar in scope, complexity, construction cost, etc. If sub-consultants are proposed for this project, include their relative experience as well.

(c) **Organization Chart**

The organization chart should include all of the key team members, including sub-consultants (if appropriate), their titles for this project and the firms they represent. For the purpose of this contract, a "key person" is a principal, partner or officer of the firm, project executive, project manager, senior designer or other person represented in the technical proposal as having a responsible role in the successful completion of this project and generally spending 20% or more of their time on any phase of the project.

(d) **Resume**

Include a resume of each key team member.

(e) **Key Team Member Project Experience Data Sheet (Form provided)**

Complete one form for each key team member. Reproduce this form as needed. List the requested information for past projects that are similar in scope to this project.

(f) **Project Key Personnel List (Form provided)**

Complete one sheet providing the information requested and continue on to another sheet only if needed. Do not prepare a separate sheet for each sub-consultant.

Based upon a 40-hour workweek, indicate generally the percentage of time each key person will spend on this project at each phase.

The wage level (1-7) you provide in the right hand column will indicate the level of personnel expertise dedicated to each project phase, thereby assisting the evaluators in their technical evaluations. **Do not include the hourly rates**; only provide the appropriate number 1 thru 7 which reflects the qualification level of the team members (see attachment 1, "Personnel Levels").

(g) **Project Approach**

Describe your firm's approach to completing the project in accordance with the Scope of Work.

(h) **Project Schedule**

This section must include a bar chart schedule, indicating major project milestones. You may also include a narrative, explaining any techniques you plan to use to meet or reduce the project's proposed schedule.

(i) **Certificate of Employee Information Report**

Pursuant to N.J.A.C. 17:27-1.1 et seq., all firms contracting with the State of New Jersey must comply with P.L. 1975, c. 127, regarding non-discrimination in employment. For your information, a copy of "Exhibit A" detailing these requirements has been attached. Also attached for your information is the State contract policy with respect to the Americans With Disabilities Act.

All firms contracting with the State of New Jersey must provide a copy of the firm's Certificate of Employee Information Report, issued by the NJ Division of Contract Compliance & Equal Employment Opportunity. Please attach a copy of this certificate within your technical proposal.

The application form for the Certificate of Employee Information Report is form AA302 and may be obtained from the Division of Purchase & Property, Contract Compliance Unit.

**NJ Department of the Treasury  
Division of Purchase and Property  
Contract Compliance Audit Unit  
P.O. Box 206  
Trenton, NJ 08625  
Phone: 609-292-5473**

Please make sure the form is filed with the above agency, and include a copy of the form within your technical proposal.

**(j) Certification of Public Law 2005, Chapter 92  
Formerly: Executive Order 129**

In accordance with Public Law 2005, Chapter 92 (N.J.S.A. 52:34-13.2 et seq., superseding Executive Order 129 (2004)) all bidders submitting a proposal shall be required to submit a Source Disclosure Certification that all services will be performed in the United States. The bidder shall disclose the location by country where services under the contract will be performed and any subcontracting of services under the contract and the location by country where any subcontracted services will be performed.

**IV. FEE PROPOSAL**

The Fee Proposal package consists of the following:

- (a) Professional Services Fee Proposal (Cover Sheet)**
- (b) Consultant Task/Labor Sheet**
- (c) Sub-consultant Task/Labor Sheet (if needed)**
- (d) Certificates of Required Insurance Coverage**
- (e) Copies of "Proof of Business Registration Certificate," issued by the NJ Division of Revenue, for your firm and any sub-consultants.**
- (f) MacBride Principles Compliance Certification (form attached)**
- (g) Disclosure of Investment Activity in Iran (form attached)**

**(a) Professional Services Fee Proposal (Form provided)**

This document is the cover sheet of your fee proposal. Fill in the dollar amount from your completed task/labor sheets. If you are not using any sub-consultants on this project enter "N/A" on this line. Do not leave any blanks.

The consultant will be responsible for all work requested by the Division in the "Allowance" section of the Scope of Work such as materials testing during construction, surveys, soil test borings, water flow test, electrical tests, geotechnical investigations, etc. If the dollar amount of the allowance is not provided by the Division, you must anticipate all associated costs for this work and include the amount on the line entitled "Allowance for Work Specified by the Division" on the Fee Proposal form.

You may also include an allowance for any additional investigation survey work or testing which may require the hiring of various contractors to verify "as-built" or existing conditions. If the SOW does not provide for these services but you consider them to be necessary to the success of this project, describe them in your project approach

narrative and include your recommended allowance on the line entitled "Allowance Proposed by Consultant." Contractors (Tradesmen) hired by your firm to do the work directly under your supervision do not need to be pre-qualified by the Division. If you have no additional recommended allowance, enter "N/A" on this line. Do not leave any blanks.

(b) **Consultant Task/Labor Fee Sheet**  
(c) **and Sub Consultant Task/Labor/Fee Sheet (Form provided)**

Your proposal is based upon a lump sum amount for all professional services indicated and includes all required site visits, office support and reproduction expenses.

It is your responsibility to ensure that your sub-consultants participate in all appropriate phases of the project. Therefore, you must anticipate the amount of hours required by your sub-consultants for each project phase (including attendance at the various design and construction job meetings, site visits, close out activities, etc.). These hours of effort must be determined by you from the Project's Scope of Work and must be included on the "Consultant Task/Labor/Fee Sheet" for each sub-consultant identified. The hours of effort for each project phase or task by discipline submitted on the Task/Labor Tally Sheet will be used by the Selection Committee in their evaluation of your fee proposal.

During the project, the only tasks that will be monitored for actual hours spent on this project and subject to audit are those tasks or deliverables that are clearly delineated in the SOW, such as attendance at a specific number of meetings, site visits or the submission of the proper number of contract documents specified.

Include the reproduction costs by phase on this form. These costs are included in your lump sum fee and therefore will not be treated as a reimbursable expense.

If you are not using sub-consultants on the project, do not submit the Sub-Consultant form.

(d) **Required Insurance Certificates**

During the project, your firm is required to secure and maintain in force insurance coverage for: Comprehensive General Liability, Comprehensive Automobile Liability (if applicable), Workers Compensation, and Professional Liability. Proof of this coverage must be submitted with your fee proposal. See the attached "Insurance Requirements" excerpt from the "General Conditions to the Consultant Agreement."

Check the lower left hand corner of the "Professional Services Fee Proposal Form" for the required Professional Liability insurance limits for this contract to make certain that your policy meets the limits.

(e) **Revenue Certificate**

Copies of "Proof of Business Registration Certificate," issued by the NJ Division of Revenue, for your firm and any sub-consultants.

(f) **MacBride Principles Compliance Certificate**

P.L. 1995, c. 134  
Complete this form and return.

(g) **Disclosure of Investment Activities in Iran**

P.L. 2012, c. 25  
Complete this form and return.

## **E. SUBMISSION**

When all of the above fee proposal items are completed, place an original and three copies of the fee proposal in the separately sealed envelope provided marked "Fee Proposal" with the project number and the firm's name indicated on the envelope. This envelope should then be enclosed in another envelope containing the Technical Proposal and sent to the address noted on the "Request for Proposal". **DO NOT INCLUDE ANY FEE INFORMATION IN YOUR TECHNICAL PROPOSAL. ONLY INCLUDE THE HOURLY WAGE RATE LEVELS ON THE "PROJECT KEY PERSONNEL LIST" IN YOUR TECHNICAL PROPOSAL. INCLUSION OF FEE INFORMATION WITHIN THE TECHNICAL PROPOSAL WILL RESULT IN THE REJECTION OF THE CONSULTANT'S ENTIRE SUBMISSION.**

## **F. EVALUATION, NEGOTIATION AND AWARD**

Subsequent to the evaluation and ranking of the technical proposals by the Selection Committee, the fee proposals will be opened and negotiations, if necessary, will begin with the technically ranked number one firm. Once the final fee proposal for this project is accepted, the DPMC Contracting Officer will award the contract to the firm considered to offer the best value to the State.

Upon award, the successful firm will receive a "Notice of Award/Notice to Proceed" letter from the DPMC Assistant Deputy Director and the unsuccessful firms will receive letters informing them of the award.

In accordance with Public Law 2005, Chapter 51 (formerly Executive Order 134), all consultants with which the State intends to contract must complete and submit the "Contractor Certification and Disclosure of Political Contributions" form (Form DPPc51, copy and instructions attached). If your firm is selected for this project, prior to contract award, you must submit this information for your firm as a business entity, as well as for each principal of your firm who owns or controls 10% or more of a business entity or 10% or more of its stock in the case of a corporation for profit. For a sole proprietorship, one form encompassing both owner and firm will suffice.

The successful consultant must also adhere to all continuing obligations contained in this law regarding contributions and disclosures as required. For more information on Public Law 2005, Chapter 51, please visit the website: <http://www.state.nj.us/treasury/purchase/forms.htm#eo134>

After the contract is awarded, all firms are welcome to review the proposals and evaluation documents regarding this project. Firms can schedule this review by contacting the Consultant Selection Coordinator for this project in advance for an appointment to review the documents.

## **G. REVISIONS/CHANGES**

Your firm will be notified of any revisions, changes or additions to this Request for Proposal, Consultant Proposal Package and/or project Scope of Work prior to the due date for the Technical and Fee Proposals.

**ATTACHMENT 1**  
**PERSONNEL LEVELS**

**LEVEL 7**

**Title:** **Principal, partner or officer of the firm**  
**Duties:** Overall responsibility for the legal, technical and financial obligation of the firm.

**Qualifications:** Current License in applicable discipline, if required by law.  
**Experience:** N/A

**LEVEL 6**

**Title:** **Project Executive**  
**Duties:** Under direct leadership of principal, controls project scheduling and management.

**Qualifications:** Current license in applicable discipline, if required by law.  
**Experience:** N/A

**LEVEL 5**

**Title:** **Project Manager**  
**Duties:** Under direction of Project Executive, directs day-to-day operations of the project, scheduling deadlines, group work activities, etc.

**Qualifications:** BA, BS degree or equivalent experience.  
**Experience:** Minimum 7 years.

**LEVEL 4**

**Title:** **Senior Designer; Senior Engineer**  
**Duties:** Under supervision of Project Manager, reviews project elements to conform to project requirements, directs designer and others on projects.

**Qualifications:** BA, BS degree or equivalent experience.  
**Experience:** Minimum 5 years

**LEVEL 3**

**Title:** **Designer; Abatement Service Technician**  
**Duties:** Under supervision of Designer or Engineer takes designed systems and layout data and sketches and translates into usable information on construction documents or feasibility studies.

**Qualifications:** BA, BS degree or equivalent experience; AST certification, if required.  
**Experience:** Minimum 3 years

**LEVEL 2**

**Title:** **Designer/Draftsperson**  
**Duties:** Takes simple systems and layout data and sketches and translates into usable information; performs drafting as required for construction documents, etc.

**Qualifications:** High School Graduate, Technical School, or equivalent, with courses in discipline.  
**Experience:** Minimum 3 years direct work experience within discipline.

**LEVEL 1**

**Title:** **Draftsperson**  
**Duties:** Performs all entry level tasks: Assembles tracings for review, printing; keeps logs of tracings, shop drawings; performs tracing and drafting chores, etc.

**Qualifications:** High School Graduate, Technical School or equivalent with courses in discipline.  
**Experience:** N/A

## **MAC BRIDE PRINCIPLES COMPLIANCE CERTIFICATION**

*Pursuant to Public Law 1995, c.134, a responsible consultant selected, after public bidding, by the Director of the Division of Property Management and Construction, pursuant to N.J.S.A. 52:32-2, must complete the certification below by checking one of the two representations listed and signing where indicated. If a consultant who would otherwise be awarded a contract or agreement does not complete the certification, then the Director may determine, in accordance with applicable law and rules, that it is in the best interest of the State to award the contract or agreement to another consultant who has completed the certification and has submitted a fee proposal within five (5) percent of the most advantageous fee proposal. If the Director finds the consultant to be in violation of the principles which are the subject of this law, he shall take such action as may be appropriate and provided for by law, rule or contract, including, but not limited to, imposing sanctions, seeking compliance, recovering damages, declaring the consultant in default and seeking debarment or suspension of the consultant.*

I certify, pursuant to N.J.S.A. 52:34-12.2, that the entity for which I am authorized to bid:

\_\_\_\_\_ has no ongoing business activities in Northern Ireland and does not maintain a physical presence therein through the operation of offices, plants, factories, or similar facilities, either directly or indirectly, through intermediaries, subsidiaries or affiliated companies over which it maintains effective control; or

\_\_\_\_\_ will take lawful steps in good faith to conduct any business operations it has in Northern Ireland in accordance with the MacBride principles of nondiscrimination in employment as set forth in N.J.S.A. 52:18A-89.5 and in conformance with the United Kingdom's Fair Employment (Northern Ireland) Act of 1989, and permit independent monitoring of their compliance with those principles.

I certify that the foregoing statements made by me are true. I am aware that if any of the foregoing statements made by me are willfully false, I am subject to punishment.

# AMERICANS WITH DISABILITIES ACT

## State Contract Language

### Equal Opportunity for Individuals with Disabilities

The CONTRACTORS and the STATE do hereby agree that the provision of Title II of the Americans With Disabilities Act of 1990 (the "Act") (42 U.S.C. S12101 et seq.), which prohibits discrimination on the basis of disability by public entities in all services, programs and activities provided or made available by public entities, and the rules and regulations promulgated pursuant thereto, are made a part of this contract. In providing any aid, benefit, or service on behalf of the STATE pursuant to this contract, the CONTRACTOR agrees that the performance shall be in strict compliance with the Act. In the event that the CONTRACTOR, its agents, servants, employees or subcontractors violate or are alleged to have violated the Act during the performance of this contract, the CONTRACTOR shall defend the STATE in any action or administrative proceeding commenced pursuant to this Act. The CONTRACTOR shall indemnify, protect, and save harmless the STATE, its agents, servants, and employees from and against any and all suits, claims, losses, demands, or damages of whatever kind or nature arising out of or claimed to arise out of the alleged violation. The CONTRACTOR shall, at its own expense, appear, defend and pay any and all charges for legal services and any and all costs and other expenses arising from such action or administrative proceeding or incurred in connection therewith. In any and all complaints brought pursuant to the STATE's grievance procedure, the CONTRACTOR agrees to abide by any decision of the STATE which is rendered pursuant to said grievance procedure. If any action or administrative proceeding results in an award of damages against the STATE, or if the STATE incurs any expense to cure a violation of the ADA which has been brought pursuant to its grievance procedure, the CONTRACTOR shall satisfy and discharge the same at its own expense.

The STATE shall, as soon as practicable after a claim has been made against it, give written notice thereof to the CONTRACTOR along with full and complete particulars of the claim. If any action or administrative proceeding is brought against the STATE or any of its agents, servants, and employees, the STATE shall expeditiously forward or have forwarded to the CONTRACTOR every demand, complaint, notice, summons, pleading, or other process received by the STATE of its representatives.

It is expressly agreed and understood that any approval by the STATE of the services provided by the CONTRACTOR pursuant to this contract will not relieve the CONTRACTOR of the obligation to comply with the Act and to defend, indemnify, protect, and save harmless the STATE pursuant to this paragraph.

It is further agreed and understood that the STATE assumes no obligation to indemnify or save harmless the CONTRACTOR, its agents, servants, employees and subcontractors for any claim which may arise out of their performance of this Agreement. Furthermore, the CONTRACTOR expressly understands and agrees that the provisions of this indemnification clause shall in no way limit the CONTRACTOR's obligations assumed in this Agreement, nor shall they be construed to relieve the CONTRACTOR from any liability, nor preclude the STATE from taking any other actions available to it under any other provisions of the Agreement or otherwise at law.

**EXHIBIT A**

**MANDATORY EQUAL EMPLOYMENT OPPORTUNITY LANGUAGE**

**N.J.S.A. 10:5-31 et seq. (P.L. 1975, C. 127)**

**N.J.A.C. 17:27**

**GOODS, PROFESSIONAL SERVICE AND GENERAL SERVICE CONTRACTS**

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Except with respect to affectional or sexual orientation and gender identity or expression, the contractor will ensure that equal employment opportunity is afforded to such applicants in recruitment and employment, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Such equal employment opportunity shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this nondiscrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex.

The contractor or subcontractor, where applicable, will send to each labor union with which it has a collective bargaining agreement, a notice, to be provided by the agency contracting officer, advising the labor union of the contractor's commitments under this chapter and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer pursuant to N.J.S.A. 10:5-31 et seq., as amended and supplemented from time to time and the Americans with Disabilities Act.

The contractor or subcontractor agrees to make good faith efforts to meet targeted county employment goals established in accordance with N.J.A.C. 17:27-5.2.

The contractor or subcontractor agrees to inform in writing its appropriate recruitment agencies including, but not limited to, employment agencies, placement bureaus, colleges, universities, labor unions, that it does not discriminate on the basis of age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex, and that it will discontinue the use of any recruitment agency which engages in direct or indirect discriminatory practices.

The contractor or subcontractor agrees to revise any of its testing procedures, if necessary, to assure that all personnel testing conforms with the principles of job-related testing, as established by the statutes and court decisions of the State of New Jersey and as established by applicable Federal law and applicable Federal court decisions.

In conforming with the targeted employment goals, the contractor or subcontractor agrees to review all procedures relating to transfer, upgrading, downgrading and layoff to ensure that all such actions are taken without regard to age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex, consistent with the statutes and court decisions of the State of New Jersey, and applicable Federal law and applicable Federal court decisions.

The contractor shall submit to the public agency, after notification of award but prior to execution of a goods and services contract, one of the following three documents:

Letter of Federal Affirmative Action Plan Approval

Certificate of Employee Information Report

Employee Information Report Form AA302 (electronically provided by the Division and distributed to the public agency through the Division's website at [www.state.nj.us/treasury/contract\\_compliance](http://www.state.nj.us/treasury/contract_compliance))

The contractor and its subcontractors shall furnish such reports or other documents to the Division of Purchase and Property, CCAU, EEO Monitoring Program as may be requested by the office from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Division of Purchase and Property, CCAU, EEO Monitoring Program for conducting a compliance investigation pursuant to **Subchapter 10 of the Administrative Code at N.J.A.C. 17:27**.

Formerly: Executive Order 129

## SOURCE DISCLOSURE CERTIFICATION FORM

Bidder: \_\_\_\_\_

I hereby certify and say:

I have personal knowledge of the facts set forth herein and am authorized to make this Certification on behalf of the Bidder.

The Bidder submits this Certification as part of a bid proposal in response to the referenced solicitation issued by the State of New Jersey, Department of Treasury, Division of Property Management and Construction (DPMC), in accordance with the requirements of Public Law 2005, Chapter 92, (N.J.S.A. 52:34-13.2 et seq., superseding Executive Order 129 (2004)).

The following is a list of every location where services will be performed by the bidder and all subcontractors.

<u>Bidder or Subcontractor</u>	<u>Description of Services</u>	<u>Performance Location(s) by Country</u>
--------------------------------	--------------------------------	---

Any changes to the information set forth in this Certification during the term of any contract awarded under the referenced Project Number will be immediately reported by the Bidder to the Contract Compliance Unit in the DPMC, Department of Treasury, State of New Jersey, PO Box 034, Trenton, NJ 08625.

I understand that, after award of a contract to the Bidder, it is determined that the Bidder has shifted services declared above to be provided within the United States to sources outside the United States, prior to a written determination by the Director, Division of Property Management and Construction, that extraordinary circumstances require the shift of services or that the failure to shift the services would result in economic hardship to the State of New Jersey, the Bidder shall be deemed in breach of contract, which contract will be subject to termination for cause under its contract with DPMC.

I further understand that this Certification is submitted on behalf of the Bidder in order to induce DPMC to accept a bid proposal, with knowledge that the State of New Jersey and DPMC are relying upon the truth of the statements contained herein.

I certify that, to the best of my knowledge and belief, the foregoing statements by me are true. I am aware that if any of the statements are willfully false, I am subject to punishment.

BIDDER \_\_\_\_\_

*Pursuant to Public Law 2012, c. 25, any person or entity that submits a bid or proposal or otherwise proposes to enter into or renew a contract must complete the certification below to attest, under penalty of perjury, that neither the person or entity, nor any of its parents, subsidiaries, or affiliates, is identified on the Department of Treasury's Chapter 25 list as a person or entity engaging in investment activities in Iran. The Chapter 25 list is found on the Division of Purchase and Property's website at <http://www.state.nj.us/treasury/purchase/pdf/Chapter25List.pdf>. Bidders **must** review this list prior to completing the below certification. **Failure to complete the certification may render a bidder's proposal non-responsive.** If the Director finds a person or entity to be in violation of law, s/he shall take action as may be appropriate and provided by law, rule or contract, including but not limited to, imposing sanctions, seeking compliance, recovering damages, declaring the party in default and seeking debarment or suspension of the party.*

**PLEASE CHECK THE APPROPRIATE BOX:**

I certify, pursuant to Public Law 2012, c. 25, that neither the bidder listed above nor any of the bidder's parents, subsidiaries, or affiliates is listed on the N.J. Department of the Treasury's list of entities determined to be engaged in prohibited activities in Iran pursuant to P.L. 2012, c. 25 ("Chapter 25 List"). I further certify that I am the person listed above, or I am an officer or representative of the entity listed above and am authorized to make this certification on its behalf. I will skip Part 2 and sign and complete the Certification below.

OR

I am unable to certify as above because the bidder and/or one or more of its parents, subsidiaries, or affiliates is listed on the Department's Chapter 25 list. I will provide a detailed, accurate and precise description of the activities in Part 2 below and sign and complete the Certification below. Failure to provide such will result in the proposal being rendered as non-responsive and appropriate penalties, fines and/or sanctions will be assessed as provided by law.

**Part 2: PLEASE PROVIDE FURTHER INFORMATION RELATED TO INVESTMENT ACTIVITIES IN IRAN**

You must provide a detailed, accurate and precise description of the activities of the bidding person/entity, or one of its parents, subsidiaries or affiliates, engaging in the investment activities in Iran outlined above by completing the box(es) below.

Name \_\_\_\_\_ Relationship to Bidder/Offeror \_\_\_\_\_

Description of Activities \_\_\_\_\_

Duration of Engagement \_\_\_\_\_ Anticipated Cessation Date \_\_\_\_\_

Bidder/Offeror Contract Name \_\_\_\_\_ Contact Phone Number \_\_\_\_\_

List Additional Activities on Separate Sheet

**P.L. Law 2012 c. 25**

CERTIFICATION: I, being duly sworn upon my oath, hereby represent and state that the foregoing information and any attachments thereto to the best of my knowledge are true and complete. I attest that I am authorized to execute this certification on behalf of the above-referenced person or entity. I acknowledge that the State of New Jersey is relying on the information contained herein and thereby acknowledge that I am under a continuing obligation from the date of this certification through the completion of any contracts with the State to notify the State in writing of any changes to the answers of information contained herein. I acknowledge that I am aware that it is a criminal offense to make a false statement or misrepresentation in this certification, and if I do so, I recognize that I am subject to criminal prosecution under the law and that it will also constitute a material breach of my agreement(s) with the State of New Jersey and that the State at its option may declare any contract(s) resulting from this certification void and unenforceable.

---

## **I. OBJECTIVE**

---

The objective of this project is to design and construct a new marina office at Leonardo State Marina in Middletown Township, Monmouth County, New Jersey. The new office is replacing the old office that was destroyed by Super Storm Sandy.

---

## **II. CONSULTANT QUALIFICATIONS**

---

### **A. CONSULTANT & SUB-CONSULTANT PRE-QUALIFICATIONS**

The Consultant shall be a firm pre-qualified with the Division of Property Management & Construction (DPMC) in the following discipline(s):

- **P001 Architecture**

The Consultant shall also have in-house capabilities or Sub-Consultants pre-qualified with DPMC in:

- **P002 Electrical Engineering**
- **P003 HVAC Engineering**
- **P004 Plumbing Engineering**
- **P025 Estimating/Cost Analysis**

As well as, **any and all** other Architectural, Engineering and Specialty Disciplines necessary to complete the project as described in this Scope of Work (SOW).

---

## **III. PROJECT BUDGET**

---

### **A. CONSTRUCTION COST ESTIMATE (CCE)**

The initial Construction Cost Estimate (CCE) for this project is \$750,000.

The Consultant shall review this Scope of Work and provide a narrative evaluation and analysis of the accuracy of the proposed project CCE in their technical proposal based on their professional experience and opinion.

## **B. CURRENT WORKING ESTIMATE (CWE)**

The Current Working Estimate (CWE) for this project is \$995,500.

The CWE includes the construction cost estimate and all consulting, permitting and administrative fees.

The CWE is the Client Agency's financial budget based on this project Scope of Work and shall not be exceeded during the design and construction phases of the project unless DPMC approves the change in Scope of Work through a Contract amendment.

## **C. COST ESTIMATING**

On projects with a CCE under \$750,000, the estimate may be prepared by the Consultant's in-house staff or their Sub-Consultant's staff during each design phase of the project. However, if the CCE is \$750,000 or larger, the Consultant or Sub-Consultant providing the estimate must be pre-qualified with DPMC in the P025 Estimating/Cost Analysis Specialty Discipline.

All cost estimates shall be adjusted for regional location, site factors, construction phasing, premium time, building use group, location of work within the building, temporary swing space, security issues, and inflation factors based on the year in which the work is to be performed.

All cost estimates must be submitted on a DPMC-38 Project Cost Analysis form at each design phase of the project with a detailed construction cost analysis in CSI format (2004 Edition) for all appropriate divisions and sub-divisions. The Project Manager will provide cost figures for those items which may be in addition to the CCE such as art inclusion, CM services, etc. and must be included as part of the CWE. This cost analysis must be submitted for all projects regardless of the Construction Cost Estimate amount.

## **D. CONSULTANT'S FEES**

The construction cost estimate for this project *shall not* be used as a basis for the Consultant's design and construction administration fees. The Consultant's fees shall be based on the information contained in this Scope of Work document and the observations made and/or the additional information received during the pre-proposal meeting.

## IV. PROJECT SCHEDULE

---

### A. SCOPE OF WORK DESIGN & CONSTRUCTION SCHEDULE

The following schedule identifies the estimated design and construction phases for this project and the estimated durations.

<b>PROJECT PHASE</b>	<b>ESTIMATED DURATION (Calendar Days)</b>	
<b>1. Schematic Design Phase</b>	<b>25% (Minimum)</b>	<b>90</b>
• <i>Project Team &amp; DPMC Plan/Code Unit Review &amp; Comment</i>		14
<b>2. Final Design Phase</b>	<b>100%</b>	<b>120</b>
• <i>Project Team &amp; DPMC Plan/Code Unit Review &amp; Approval</i>		14
<b>3. Permit Application Phase</b>		<b>7</b>
• <i>Issue Plan Release</i>		
<b>4. Bid Phase</b>		<b>42</b>
<b>5. Award Phase</b>		<b>28</b>
<b>6. Construction Phase</b>		<b>180</b>

### B. CONSULTANT'S PROPOSED DESIGN & CONSTRUCTION SCHEDULE

The Consultant shall submit a project design and construction bar chart schedule with their technical proposal that is similar in format and detail to the schedule depicted in **Exhibit 'A'**. The bar chart schedule developed by the Consultant shall reflect their recommended project phases, phase activities, activity durations.

The Consultant shall estimate the duration of the project Close-Out Phase based on the anticipated time required to complete each deliverable identified in Section XIV of this document entitled "Contract Deliverables - Project Close-Out Phase" and include this information in the bar chart schedule submitted.

A written narrative shall also be included with the technical proposal explaining the schedule submitted and the reasons why and how it can be completed in the time frame proposed by the Consultant.

This schedule and narrative will be reviewed by the Consultant Selection Committee as part of the evaluation process and will be assigned a score commensurate with clarity and comprehensiveness of the submission.

### **C. CONSULTANT DESIGN SCHEDULE**

The Project Manager will issue the Consultant's approved project schedule at the first design kickoff meeting. This schedule will be binding for the Consultant's activities and will include the start and completion dates for each design activity. The Consultant and Project Team members shall use this schedule to ensure that all design milestone dates are being met for the project. The Consultant shall update the schedule to reflect performance periodically (minimally at each design phase) for the Project Team review and approval. Any recommendations for deviations from the approved design schedule must be explained in detail as to the causes for the deviation(s) and impact to the schedule.

### **D. BID DOCUMENT CONSTRUCTION SCHEDULE**

The Consultant shall include a construction schedule in Division 1 of the specification bid document. This schedule shall contain, at minimum, the major activities and their durations for each trade specified for the project. This schedule shall be in "bar chart" format and will be used by the Contractors as an aid in determining their bid price. It shall reflect special sequencing or phased construction requirements including, but not limited to: special hours for building access, weather restrictions, imposed constraints caused by Client Agency program schedules, security needs, lead times for materials and equipment, anticipated delivery dates for critical items, utility interruption and shut-down constraints, and concurrent construction activities of other projects at the site and any other item identified by the Consultant during the design phases of the project.

### **E. CONTRACTOR CONSTRUCTION PROGRESS SCHEDULE**

The Contractor shall be responsible for preparing a coordinated combined progress schedule with the Sub-Contractors after the award of the contract. This schedule shall meet all of the requirements identified in the Consultant's construction schedule. The construction schedule shall be completed in accordance with the latest edition of the Instructions to Bidders and General Conditions entitled, "Article 6.3, Construction Progress Scheduling Provided by the Contractor".

The Consultant must review and analyze this progress schedule and recommend approval/disapproval to the Project Team until a satisfactory version is approved by the Project Team. The Project Team must approve the baseline schedule prior to the start of construction and prior to the Contractor submitting invoices for payment.

**PROJECT NAME:** New Marina Office  
**PROJECT LOCATION:** Leonardo State Marina  
**PROJECT NO:** P1119-00  
**DATE:** February 2, 2015

---

The Consultant shall note in Division 1 of the specification that the State will not accept the progress schedule until it meets the project contract requirements and any delays to the start of the construction work will be against the Contractor until the date of acceptance by the State.

The construction progress schedule shall be reviewed, approved, and updated by the Contractor, Consultant, and Project Team members at each regularly scheduled construction job meeting and the Consultant shall note the date and trade(s) responsible for project delays (as applicable).

---

## **V. PROJECT SITE LOCATION & TEAM MEMBERS**

---

### **A. PROJECT SITE ADDRESS**

The location of the project site is:

Leonardo State Marina  
102 Concord Avenue  
Leonardo, NJ 07737

See **Exhibit 'B'** for the project site location map.

### **B. PROJECT TEAM MEMBER DIRECTORY**

The following are the names, addresses, and phone numbers of the Project Team members.

#### **1. DPMC Representative:**

Name: Eugene Cardone, Project Manager  
Address: Division Property Management & Construction  
20 West State Street, 3<sup>rd</sup> Floor  
Trenton, NJ 08608-1206  
Phone No: (609) 633-2648  
E-Mail No: eugene.cardone@treas.nj.gov

#### **2. Client Agency Representative:**

Name: Robert Kunze  
Address: Department of Environmental Protection  
275 Freehold-Englishtown Road  
Englishtown, NJ 07726  
Phone No: (609) 273-4568  
E-Mail No: Robert.kunze@dep.nj.gov

## **VI. PROJECT DEFINITION**

---

### **A. BACKGROUND**

The old marina office at Leonardo State Marina was destroyed by Super Storm Sandy along with other marina structures which have been removed from the site. The office was located in the main parking area for the marina. Visitors used the office to obtain information, register a boat, pay for the use of the boat ramp, meet with Marina staff and use the restrooms and/or shower facilities. The new office will be located in an area that is outside the flood zone and will be constructed with a four foot crawl space to accommodate all necessary plumbing and utilities.

There are approximately 175 boat slips at the marina and a similar number of parking spaces.

### **B. FUNCTIONAL DESCRIPTION OF THE BUILDING**

The new office shall be a one story structure with a superintendent's office, maintenance supervisor's office, administrative assistance area, lobby area, mechanical room, multi-purpose room and an employee restroom. There shall also be public restroom and shower facilities with exterior entrances. The office shall be constructed on a 4' crawl space with adequate access to make any future repairs. The structure must be designed to withstand extreme wind, rain and salt air conditions. All walks, ramps or decks must comply with the Americans with Disability Act (ADA).

---

## **VII. CONSULTANT DESIGN RESPONSIBILITIES**

---

### **A. DESIGN CRITERIA**

The new office shall be designed to have the following spaces:

Superintendent's Office - The office shall be approximately 120 square feet with room for a desk, file, computer and closet. The superintendent should have a view of the marina.

Maintenance Supervisor's Office – The office shall be approximately 100 square feet with room for a desk, file, computer and closet.

Office Assistance Area – The area shall be approximately 240 square feet with a view of the counter and public lobby. The area shall have room for 2 desk, files, computers, copier/fax machine and closet. The counter area to meet the public shall have under counter storage and a lockable section for cash and receipts.

Employee Restroom – The area shall be approximately 100 square feet and meet barrier free requirements. It shall be constructed using materials easy to clean and maintain. The number of fixtures shall be based on the occupant load for the Business Classification of the 2009 National Standard Plumbing Code (NSPC).

Public Restrooms and Showers – There are approximately 175 boat slips at the marina. Public restrooms and showers shall be provided for convenience. They shall be accessed from the exterior of the building and be constructed using materials easy to clean and maintain. The lavatories, urinals and toilets shall have sensor controls. The showers shall have timers for water control.

If the exterior restrooms are adjacent to any office space, acoustics must be considered to dampen public shower, restroom sounds.

The exterior restrooms should have provision for cleaning supply storage and a slop sink and a cold/hot water hose bib.

The number of fixtures shall be based on the occupant load for Assembly Classification (f) in NSPC table 7.21.1, but not less than the following:

Men's area shall have the following;

- 2 lavatories
- 2 urinals
- 2 toilets
- 2 showers
- 4 half lockers

Women's area shall have the following:

- 2 lavatories
- 3 toilets
- 2 showers
- 4 half lockers

Multi-purpose room – The room shall be approximately 150 square feet with room for lunch table and 6 chairs, kitchenette with sink, microwave, coffee maker and small refrigerator. Room should have closet for storage.

Lobby Area – The area shall be approximately 240 square feet with room for small information displays and a bulletin board. The lobby area shall be constructed using material to withstand heavy usage and pedestrian traffic. Area for a counter and the dissemination of information is necessary. The lobby area can be reduced in space to allow for a greater amount of sq. ft. to be applied to other areas if necessary.

Mechanical Room – The room shall be approximately 120 square feet with room for HVAC equipment, hot water heater, electric service and panel, communication panels and a fire/security panel. The room should have a slop sink.

### Additional Considerations

Functionality of the office requires the monitoring of vehicles and trailers that pass in front of the office to view application of annual boat launch passes. A clear vision and the ability of staff to signal pass holders through to the launch is required. (The office/lobby acts as a person to person contact area and as a toll booth allowing for the smooth passage and acknowledgement of pass holders). Those that do not have a pass must pull over and obtain a daily permit from the office staffed counter.

A decrease in lobby space or employee restroom sq. ft. can be applied to the closet storage space, maintenance office, superintendent office or counter spaces to include storage for forms, filing and supplies.

Siting of the structure should account for a view of the bay to the degree possible. However, the office site will be far removed from the marina due to the V zone. Typically the harbor master has a view of the marina and launch. This location precludes any marina visuals. A remote video monitoring system is currently being proposed for the existing trailer for 24 hr monitoring. Accommodations must be made for the transfer of this utility to the new building including a location for video monitor/recording devices.

The building could be sited on pilings (as opposed to concrete) to match the maritime environment. If the structure is designed to have a skirt to hide utilities then it doesn't matter what is used.

The exterior design should have a maritime theme.

Telephone/communications should have telephone/data jacks for each desk/counter location. Considerations for internet/ credit card machine, fax/copier, phones. It was suggested by DEP telephone communications that 3 jack drops at each work station location be provided

The roof system shall be designed to withstand extreme winds and environmental conditions.

The exterior of the office shall utilize a pre-stained or painted cement clap-board siding. Windows and doors shall also be vinyl clad.

The environment shall be taken into consideration with the design and placement of any exterior HVAC equipment. Natural gas shall be used for heating fuel.

Exterior decks and walkways shall comply with ADA requirements.

## **B. GENERAL DESIGN OVERVIEW**

### **1. Design Detail:**

Section VII of this Scope of Work is intended as a guide for the Consultant to understand the overall basic design requirements of the project and is not intended to identify each specific design component related to code and construction items. The Consultant shall provide those details during the design phase of the project ensuring that they are in compliance with all applicable codes, regulating authorities, and the guidelines established in the DPMC Procedures for Architects and Engineers Manual.

The Consultant shall understand that construction documents submitted to DPMC shall go beyond the basic requirements set forth by the current copy of the Uniform Construction Code N.J.A.C. 5:23-2.15(f). Drawings and specifications shall provide detail beyond that required to merely show the nature and character of the work to be performed. The construction documents shall provide sufficient information and detail to illustrate, describe and clearly delineate the design intent of the Consultant and enable all Contractors to uniformly bid the project.

The Consultant shall ensure that all of the design items described in this scope of work are addressed and included in the project drawings and specification sections where appropriate.

It shall be the Consultant's responsibility to provide all of the design elements for this project. Under no circumstance may they delegate the responsibility of the design; or portions thereof, to the Contractor unless specifically allowed in this Scope of Work.

### **2. Specification Format:**

The Consultant shall prepare the construction specifications in the Construction Specifications Institute (CSI) format entitled MasterFormat© 2004.

The project construction specifications shall include only those CSI MasterFormat© 2004 specification sections and divisions applicable to this specific project.

### **3. Construction Cost Estimates:**

The Consultant shall include with each design submittal phase identified in Paragraph IV.A, including the Permit Application Phase and Bid Phase, a detailed construction cost estimate itemized and summarized by the divisions and sections of the Construction Specification Institute (CSI) MasterFormat© 2004 applicable to the project.

The detailed breakdown of each work item shall include labor, equipment, material and total costs.

The construction estimate shall include all alternate bid items and all unit price items itemized and summarized by the divisions and sections of the specifications.

## **C. PROJECT COMMENCEMENT**

A pre-design meeting shall be scheduled with the Consultant and the Project Team members at the commencement of the project to obtain and/or coordinate the following information:

### **1. Project Directory:**

Develop a project directory that identifies the name and phone number of key designated representatives who may be contacted during the design and construction phases of this project.

### **2. Site Access:**

Develop procedures to access the project site and provide the names and phone numbers of approved escorts when needed. Obtain copies of special security and policy procedures that must be followed during all work conducted at the facility and include this information in Division 1 of the specification.

### **3. Project Coordination:**

Review and become familiar with any current and/or future projects at the site that may impact the design, construction, and scheduling requirements of this project. Incorporate all appropriate information and coordination requirements in Division 1 of the specification.

### **4. Existing Documentation:**

Copies of the following documents will be provided to each Consulting firm at the pre-proposal meeting to assist in the bidding process.

- *Boundary and Topographic Survey, 04/05/13, LAN Associates*
- *Foundation and Utility Connections for Temporary Marina Office Trailer, Leonardo State Marina, 05/21/14, Ronald A. Sebring, Associates, LLC*

Review these documents and any additional information that may be provided at a later date such as reports, studies, surveys, equipment manuals, as-built drawings, etc. The State does not attest to the accuracy of the information provided and accepts no responsibility for the consequences of errors by the use of any information and material contained in the documentation provided. It shall be the responsibility of the Consultant to verify the contents and assume full responsibility for any determination or conclusion drawn from the material used. If the information provided is

insufficient, the Consultant shall take the appropriate actions necessary to obtain the additional information required.

All original documentation shall be returned to the provider at the completion of the project.

#### **5. Scope of Work:**

Review the design and construction administration responsibilities and the submission requirements identified in this Scope of Work with the Project Team members. Items such as: contract deliverables, special sequencing or phased construction requirements, special hours for construction based on Client Agency programs or building occupancy, security needs, delivery dates of critical and long lead items, utility interruptions or shut down constraints for tie-ins, weather restrictions, and coordination with other project construction activities at the site shall be addressed.

This information and all general administrative information; including a narrative summary of the work for this project, *shall be included in Division 1* of the specification. The Consultant shall assure that there are no conflicts between the information contained in Division 1 of the specification and the DPMC General Conditions.

#### **6. Project Schedule:**

Review and update the project design and construction schedule with the Project Team members.

### **D. BUILDING & SITE INFORMATION**

The following information shall be included in the project design documents.

#### **1. Building Classification:**

Provide the building Use Group Classification and Construction Type on the appropriate design drawing.

#### **2. Building Block & Lot Number:**

Provide the site Block and Lot Number on the appropriate design drawing.

#### **3. Building Site Plan:**

Only when the project scope involves site work, or when the design triggers code issues that require site information to show code compliance, shall a site plan be provided that is drawn in accordance with an accurate boundary line survey. The site plan shall include, but not be limited to, the following as may be applicable:

- The size and location of new and existing buildings and additions as well as other structures.
- The distance between buildings and structures and to lot lines.
- Established and new site grades and contours as well as building finished floor elevations.
- New and existing site utilities, site vehicular and pedestrian roads, walkways and parking areas.

#### **4. Site Location Map:**

Provide a site location map on the drawing cover sheet that identifies the vehicular travel routes from major roadways to the project construction site and the approved access roads to the Contractor's worksite staging area.

### **E. DESIGN MEETINGS & PRESENTATIONS**

#### **1. Design Meetings:**

Conduct the appropriate number of review meetings with the Project Team members during each design phase of the project so they may determine if the project meets their requirements, question any aspect of the contract deliverables, and make changes where appropriate. The Consultant shall describe the philosophy and process used in the development of the design criteria and the various alternatives considered to meet the project objectives. Selected studies, sketches, cost estimates, schedules, and other relevant information shall be presented to support the design solutions proposed. Special considerations shall also be addressed such as: Contractor site access limitations, utility shutdowns and switchover coordination, phased construction and schedule requirements, security restrictions, available swing space, material and equipment delivery dates, etc.

It shall also be the responsibility of the Consultant to arrange and require all critical Sub-Consultants to be in attendance at the design review meetings.

Record the minutes of each design meeting and distribute within seven (7) calendar days to all attendees and those persons specified to be on the distribution list by the Project Manager.

#### **2. Design Presentations:**

The minimum number of design presentations required for each phase of this project is identified below for reference:

Schematic Phase: One (1) oral presentation at phase completion.

Final Design Phase: One (1) oral presentation at phase completion.

## **F. CONSTRUCTION BID DOCUMENT SUBMITTAL**

In addition to submitting construction bid documents as defined in Section XIV Contract Deliverables, Consultant shall submit both specifications and drawings on compact disk (CD) in *Adobe Portable Document Format (.pdf)*.

---

## **VIII. CONSULTANT CONSTRUCTION RESPONSIBILITIES**

---

### **A. GENERAL CONSTRUCTION ADMINISTRATION OVERVIEW**

This section of the Scope of Work is intended as a guide for the Consultant to understand their overall basic construction administration responsibilities for the project and does not attempt to identify each specific activity or deliverable required during this phase. The Consultant shall obtain that information from the current publication of the DPMC Procedures for Architects and Engineers Manual and any additional information provided during the Consultant Selection Process.

### **B. PRE-BID MEETING**

The Consultant shall attend, chair, record and distribute minutes of the Contractor pre-bid meetings. When bidders ask questions that may affect the bid price of the project, the Consultant shall develop a Bulletin(s) to clarify the bid documents in the format described in the Procedures for Architects and Engineers Manual, Section 9.2 entitled "Bulletins." These Bulletins must be sent to DPMC at least seven (7) calendar days prior to the bid opening date. DPMC will then distribute the document to all bidders.

### **C. BID OPENING**

The Consultant must attend the bid opening held at the designated location.

In the event that the construction bids received exceed the Consultant's approved final cost estimate by 5% or more, the Consultant shall redesign and/or set up sufficient approved alternate designs, plans and specifications for the project work, to secure a bid that will come within the allocation specified by the State without impacting the programmatic requirements of the project. Such redesign work and changes to plans, including reproduction costs for submission in order to obtain final approval and permits, shall be undertaken by the Consultant at no additional cost to the State.

## **D. POST BID REVIEW MEETING, RECOMMENDATION FOR AWARD**

The Consultant; in conjunction with the Project Manager, shall review the bid proposals submitted by the various Contractors to determine the low responsible bid for the project. The Consultant; in conjunction with the Project Manager and Project Team members, shall develop a post bid questionnaire based on the requirements below and schedule a post bid review meeting with the Contractor's representative to review the construction costs and schedule, staffing, and other pertinent information to ensure they understand the Scope of the Work and that their bid proposal is complete and inclusive of all requirements necessary to deliver the project in strict accordance with the plans and specifications.

### **1. Post Bid Review:**

Review the project bid proposals including the alternates, unit prices, and allowances within seven (7) calendar days from the bid due date. Provide a bid tabulation matrix comparing all bids submitted and make a statement about the high, low, and average bids received. Include a comparison of the submitted bids to the approved current construction cost estimate. When applicable, provide an analysis with supporting data, detailing why the bids did not meet the construction cost estimate.

### **2. Review Meeting:**

Arrange a meeting with the apparent low bid Contractor to discuss their bid proposal and other issues regarding the award of the contract. Remind the Contractor that this is a Lump Sum bid. Request the Contractor to confirm that their bid proposal does not contain errors. Review and confirm Alternate pricing and Unit pricing and document acceptance or rejection as appropriate.

Comment on all omissions, qualifications and unsolicited statements appearing in the proposals. Review any special circumstances of the project. Ensure the Contractor's signature appears on all post bid review documents.

### **3. Substitutions:**

Inquire about any potential substitutions being contemplated by the Contractor and advise them of the State's guidelines for the approval of substitutions and the documentation required. Review the deadline and advise the Contractor that partial submissions are not acceptable. Submission after the deadline may be rejected by the State.

Equal substitutions that are proposed by the Contractor that are of lesser value must have a credit change order attached with the submittal (See Article 4.7.5 "Substitutions" of the General Conditions). The State has the right to reject the submission if there is no agreement on the proposed credit. Contractor will be responsible to submit a specified item.

#### **4. Schedule:**

Confirm that the Contractor is aware of the number of calendar days listed in the contract documents for the project duration and that the Contractor's bid includes compliance with the schedule duration and completion dates. Particular attention shall be given to special working conditions, long lead items and projected delivery dates, etc. Review project milestones (if applicable). This could give an indication of Contractor performance, but not allow a rejection of the bid.

Review the submittal timeframes per the Contract documents. Ask the Contractor to identify what products will take over twenty-eight (28) calendar days to deliver from the point of submittal approval.

If a CPM Schedule is required, review the provisions and have Contractor acknowledge the responsibility. Ask for the name of the CPM Scheduler and the "ballpark" costs.

#### **5. Performance:**

Investigate the past performance of Contractor by contacting Architects and owners (generally three of each) that were listed in their DPMC pre-qualification package and other references that may have been provided. Inquire how the Contractor performed with workmanship, schedule, project management, change orders, cooperation, paper work, etc.

#### **6. Letter of Recommendation:**

The Consultant shall prepare a Letter of Recommendation for contract award to the Contractor submitting the lowest responsible bid within three (3) calendar days from the post bid review meeting. The document shall contain the project title, DPMC project number, bid due date and expiration date of the proposal. It shall include a detailed narrative describing each post bid meeting agenda item identified above and a recommendation to award the contract to the apparent low bid Contractor based on the information obtained during that meeting. Describe any acceptance or rejection of Alternate pricing and Unit pricing.

Comment on any discussion with the Contractor that provides a sense of their understanding of the project and any special difficulties that they see, and how they might approach those problems.

Attach all minutes of the Post bid meeting and any other relevant correspondence with the Letter of Recommendation and submit them to the Project Manager.

#### **7. Conformed Drawings:**

The Consultant shall prepare and distribute two (2) sets of drawings stamped “Conformed Drawings” to the Project Manager that reflect all Bulletins and/or required changes, additions, and deletions to the pertinent drawings within fourteen (14) calendar days of the construction contract award date.

Any changes made in Bulletins, meeting minutes, post bid review requirements shall also be reflected in the specification.

## **E. DIRECTOR’S HEARING**

The Consultant must attend any Director’s hearing(s) if a Contractor submits a bid protest. The Consultant shall be present to interpret the intent of the design documents and answer any technical questions that may result from the meeting. In cases where the bid protest is upheld, the Consultant shall submit a new “Letter of Recommendation” for contract award. The hours required to attend the potential hearings and to document the findings shall be estimated by the Consultant and the costs will be included in the base bid of their fee proposal.

## **F. CONSTRUCTION JOB MEETINGS, SCHEDULES, LOGS**

The Consultant shall conduct all of the construction job meetings, to be held bi-weekly for the duration of construction, in accordance with the procedures identified in the A/E manual and those listed below.

### **1. Meetings:**

The Consultant and Sub-Consultant(s) shall attend the pre-construction meeting and all construction job meetings during the construction phase of the project. The Consultant shall chair the meeting, transcribe and distribute the job-meeting minutes for every job meeting to all attendees and to those persons specified to be on the distribution list by the Project Manager. The Agenda for the meeting shall include, but not be limited to the items identified in the Procedures for Architects and Engineers Manual, Section 10.3.1, entitled “Agenda.”

Also, the Consultant is responsible for the preparation and distribution of minutes within three (3) calendar days of the meeting. The format to be used for the minutes shall comply with those identified in the “Procedures for Architects and Engineers Manual,” Section 10.3.4, entitled, “Format of Minutes.” All meeting minutes are to have an “action” column indicating the party that is responsible for the action indicated and a deadline to accomplish the assigned task. These tasks must be reviewed at each job progress meeting until it is completed and the completion date of each task shall be noted in the minutes of the meeting following the task completion.

### **2. Schedules:**

The Consultant; with the input from the Client Agency Representative and Project Manager, shall review and recommend approval of the project construction schedule prepared by the Contractor. The schedule shall identify all necessary start and completion dates of construction, construction activities, submittal process activities, material deliveries and other milestones required to give a complete review of the project.

The Consultant shall record any schedule delays, the party responsible for the delay, the schedule activity affected, and the original and new date for reference.

The Consultant shall ensure that the Contractor provides a two (2) week “look ahead” construction schedule based upon the current monthly updated schedule as approved at the bi-weekly job meetings and that identifies the daily planned activities for that period. This Contractor requirement must also be included in Division 1 of the specification for reference.

### **3. Submittal Log:**

The Consultant shall develop and implement a submittal log that will identify all of the required project submittals as identified in the design specification. The dates of submission shall be determined and approved by all affected parties during the pre-construction meeting.

Examples of the submissions to be reviewed and approved by the Consultant and Sub-Consultant (if required) include: shop drawings, change orders, Request for Information (RFI), equipment and material catalog cuts, spec sheets, product data sheets, MSDS material safety data sheets, specification procedures, color charts, material samples, mock-ups, etc. The submittal review process must be conducted at each job progress meeting and shall include the Consultant, Sub-Consultant, Contractor, Project Manager, and designated representatives of the Client Agency.

The Consultant shall provide an updated submittal log at each job meeting that highlights all of the required submissions that are behind schedule during the construction phase of the project.

## **G. CONSTRUCTION SITE ADMINISTRATION SERVICES**

The Consultant and Sub-Consultant(s) shall provide construction site administration services during the duration of the project. The Consultant and Sub-Consultant(s) do not necessarily have to be on site concurrently if there are no critical activities taking place that require the Sub-Consultant’s participation.

The services required shall include, but not be limited to; field observations sufficient to verify the quality and progress of construction work, conformance and compliance with the contract documents, and to attend/chair meetings as may be required by the Project Manager to resolve special issues.

Consultant and Sub-Consultant(s) shall conduct weekly site inspection/field observation visits. Site inspection/field observation visits may be conducted in conjunction with regularly scheduled bi-weekly construction job meetings, depending on the progress of work, for weeks that construction job meetings are scheduled. The Consultant and their Sub-Consultant(s) shall submit a field observation report for each site inspection to the Project Manager within three (3) calendar days of the site visit. Also, they shall conduct inspections during major construction activities including, but not limited to the following examples: concrete pours, steel and truss installations, code inspections, final testing of systems, achievement of each major milestone required on the construction schedule, and requests from the Project Manager. The assignment of a full time on-site Sub-Consultant does not relieve the Consultant of their site visit obligation.

The Consultant shall refer to Section XIV. Contract Deliverables of this Scope of Work subsection entitled “Construction Phase” to determine the extent of services and deliverables required during this phase of the project.

## **H. SUB-CONSULTANT PARTICIPATION**

It is the responsibility of the Consultant to ensure that they have provided adequate hours and/or time allotted in their technical proposal so that their Sub-Consultants may participate in all appropriate phases and activities of this project or whenever requested by the Project Manager. This includes the pre-proposal site visit and the various design meetings and construction job meetings, site visits, and close-out activities described in this Scope of Work. Field observation reports and/or meeting minutes are required to be submitted to the Project Manager within three (3) calendar days of the site visit or meeting. All costs associated with such services shall be included in the base bid of the Consultant’s fee proposal.

## **I. DRAWINGS**

### **1. Shop Drawings:**

Each Contractor shall review the specifications and determine the numbers and nature of each shop drawing submittal. Five (5) sets of the documents shall be submitted with reference made to the appropriate section of the specification. The Consultant shall review the Contractor’s shop drawing submissions for conformity with the construction documents within seven (7) calendar days of receipt. The Consultant shall return each shop drawing submittal stamped with the appropriate action, i.e. “Approved”, “Approved as Noted”, “Approved as Noted Resubmit for Records”, “Rejected”, etc.

### **2. As-Built & Record Set Drawings:**

The Contractor(s) shall keep the contract drawings up-to-date at all times during construction and upon completion of the project, submit their AS-BUILT drawings to the Consultant with the

Contractor(s) certification as to the accuracy of the information prior to final payment. All AS-BUILT drawings submitted shall be entitled AS-BUILT above the title block and dated.

The Consultant shall review the Contractor(s)' AS-BUILT drawings at each job progress meeting to ensure that they are up-to-date. Any deficiencies shall be noted in the progress meeting minutes.

The Consultant shall acknowledge acceptance of the AS-BUILT drawings by signing a transmittal indicating they have reviewed them and that they reflect the AS-BUILT conditions as they exist.

Upon receipt of the AS-BUILT drawings from the Contractor(s), the Consultant shall obtain the original reproducible drawings from DPMC and transfer the AS-BUILT conditions to the original full sized signed reproducible drawings to reflect RECORD conditions within fourteen (14) calendar days of receipt of the AS-BUILT information.

The Consultant shall note the following statement on the original RECORD-SET drawings. "The AS-BUILT information added to this drawing(s) has been supplied by the Contractor(s). The Architect/Engineer does not assume the responsibility for its accuracy other than conformity with the design concept and general adequacy of the AS-BUILT information to the best of the Architect's/Engineer's knowledge."

Upon completion, The Consultant shall deliver the RECORD-SET original reproducible drawings to DPMC who will acknowledge their receipt in writing. This hard copy set of drawings and two (2) sets of current release AUTO CAD discs shall be submitted to DPMC. The discs shall contain all AS-BUILT drawings in both ".dwg" (native file format for AUTO CAD) and ".pdf" (*Adobe* portable document format) file formats.

## **J. CONSTRUCTION DEFICIENCY LIST**

The Consultant shall prepare, maintain and continuously distribute an on-going deficiency list to the Contractor, Project Manager, and Client Agency Representative during the construction phase of the project. This list shall be separate correspondence from the field observation reports and shall not be considered as a punch list.

## **K. INSPECTIONS: SUBSTANTIAL & FINAL COMPLETION**

The Consultant and their Sub-Consultant(s) accompanied by the Project Manager, Code Inspection Group, Client Agency Representative and Contractor shall conduct site inspections to determine the dates of substantial and final completion. The Project Manager will issue the only recognized official notice of substantial completion. The Consultant shall prepare and distribute the coordinated punch list, written warranties and other related DPMC forms and documents,

supplied by the Contractor, to the Project Manager for review and certification of final contract acceptance.

If applicable, the punch list shall include a list of attic stock and spare parts.

## **L. CLOSE-OUT DOCUMENTS**

The Consultant shall review all project close-out documents as submitted by the Contractors to ensure that they comply with the requirements listed in the “Procedure for Architects and Engineers’ Manual.” The Consultant shall forward the package to the Project Manager within fourteen (14) calendar days from the date the Certificate of Occupancy/Certificate of Approval is issued. The Consultant shall also submit a letter certifying that the project was completed in accordance with the contract documents, etc.

## **M. CLOSE-OUT ACTIVITY TIME**

The Consultant shall provide all activities and deliverables associated with the “Close-Out Phase” of this project as part of their Lump Sum base bid. The Consultant and/or Sub-Consultant(s) may not use this time for additional job meetings or extended administrative services during the Construction Phase of the project.

## **N. TESTING, TRAINING, MANUALS AND ATTIC STOCK**

The Consultant shall ensure that all equipment testing, training sessions and equipment manuals required for this project comply with the requirements identified below.

### **1. Testing:**

All equipment and product testing conducted during the course of construction is the responsibility of the Contractor. However, the Consultant shall ensure the testing procedures comply with manufacturers recommendations. The Consultant shall review the final test reports and provide a written recommendation of the acceptance/rejection of the material, products or equipment tested within seven (7) calendar days of receipt of the report.

### **2. Training:**

The Consultant shall include in the specification that the Contractor shall schedule and coordinate all equipment training with the Project Manager and Client Agency representatives. It shall state that the Contractor shall submit the Operation and Maintenance (O&M) manuals, training plan contents, and training durations to the Consultant, Project Manager and Client Agency Representative for review and approval prior to the training session.

The Consultant shall ensure that the training session is “videotaped” by the Contractor. A copy of the “videotape” shall be transmitted to the Project Manager who will forward the material to the Client Agency for future reference.

All costs associated with the training sessions shall be borne by the Contractor installing the equipment. A signed letter shall be prepared stating when the training was completed and must be accompanied with the training session sign-in sheet as part of the project close-out package.

### **3. Operation & Maintenance Manuals:**

The Consultant shall coordinate and review the preparation and issuance of the equipment manuals provided by the Contractor(s) ensuring that they contain the operating procedures, maintenance procedures and frequency, cut sheets, parts lists, warranties, guarantees, and detailed drawings for all equipment installed at the facility.

A troubleshooting guide shall be included that lists problems that may arise, possible causes with solutions, and criteria for deciding when equipment shall be repaired and when it must be replaced.

Include a list of the manufacturer’s recommended spare parts for all equipment being supplied for this project.

A list of names, addresses and telephone numbers of the Contractors involved in the installations and firms capable of performing services for each mechanical item shall be included. The content of the manuals shall be reviewed and approved by the Project Manager and Client Agency Representative.

The Consultant shall include in the specification that the Contractor must provide a minimum of ten (10) “throwaway” copies of the manual for use at the training seminar and seven (7) hardbound copies as part of the project close-out package.

### **4. Attic Stock:**

The Consultant shall determine and recommend whether “attic stock” should be included for all aspects of the project. If required, the Consultant shall specify attic stock items to be included in the project.

Prior to project close-out, the Consultant must prepare a comprehensive listing of all items for delivery by the Contractor to the Owner and in accordance with the appropriate specification/plan section. Items shall include, but not be limited to: training sessions, O&M manuals, as-built drawings, itemized attic stock requirements, and manufacturer guarantees/warranties.

## **O. CHANGE ORDERS**

The Consultant shall review and process all change orders in accordance with the contract documents and procedures described below.

### **1. Consultant:**

The Consultant shall prepare a detailed request for Change Order including a detailed description of the change(s) along with appropriate drawings, specifications, and related documentation and submit the information to the Contractor for the change order request submission. This will require the use of the current DPMC 9b form.

### **2. Contractor:**

The Contractor shall submit a DPMC 9b Change Order Request form to the Project Manager within seven (7) calendar days after receiving the Change Order from the Consultant. The document shall identify the changed work in a manner that will allow a clear understanding of the necessity for the change. Copies of the original design drawings, sketches, etc. and specification pages shall be highlighted to clarify and show entitlement to the Change Order.

Copies shall be provided of job minutes or correspondence with all relative information highlighted to show the origin of the Change Order. Supplementary drawings from the Consultant shall be included if applicable that indicate the manner to be used to complete the changed work. A detailed breakdown of all costs associated with the change, i.e. material, labor, equipment, overhead, Sub-Contractor work, profit and bond, and certification of increased bond shall be provided.

If the Change Order will impact the time of the project, the Contractor shall include a request for an extension of time. This request shall include a copy of the original approved project schedule and a proposed revised schedule that reflects the impact on the project completion date. Documentation to account for the added time requested shall be included to support entitlement of the request such as additional work, weather, other Contractors, etc. This documentation shall contain dates, weather data and all other relative information.

### **3. Recommendation for Award:**

The Consultant shall evaluate the reason for the change in work and provide a detailed written recommendation for approval or disapproval of the Change Order Request including backup documentation of costs in CSI format and all other considerations to substantiate that decision.

### **4. Code Review:**

The Consultant shall determine if the Change Order request will require Code review and shall submit six (6) sets of signed and sealed modified drawings and specifications to the DPMC Plan & Code Review Unit for approval, if required. The Consultant must also determine and produce a permit amendment request if required.

## **5. Cost Estimate:**

The Consultant shall provide a detailed cost estimate of the proposed Change Order Request, as submitted by the Contractor, in CSI format (2004 Edition) for all appropriate divisions and sub-divisions using a recognized estimating formula. The estimate shall then be compared with that of the Contractor's estimate. If any line item in the Consultant's estimate is lower than the corresponding line item in the Contractor's estimate, the Consultant in conjunction with the Project Manager is to contact the Contractor by telephone and negotiate the cost differences. The Consultant shall document the negotiated agreement on the Change Order Request form. If the Contractor's total dollar value changes based on the negotiations, the Consultant shall identify the changes on the Change Order Request form accordingly.

When recommending approval or disapproval of the change order, the Consultant shall be required to prepare and process a Change Order package that contains at a minimum the following documents:

- DPMC 9b Change Order Request
- DPMC 10 Consultant's Evaluation of Contractor's Change Order Request
- Consultant's Independent Detailed Cost Estimate
- Notes of Negotiations

## **6. Time Extension:**

When a Change Order Request is submitted with both cost and time factors, the Consultant's independent cost estimate is to take into consideration time factors associated with the changed work. The Consultant is to compare their time element with that of the Contractor's time request and if there is a significant difference, the Consultant in conjunction with the Project Manager is to contact the Contractor by telephone and negotiate the difference.

When a Change Order Request is submitted for time only, the Consultant is to do an independent evaluation of the time extension request using a recognized scheduling formula.

Requests for extension of contract time must be done in accordance with the General Conditions Article 10.1 "Changes in the Work".

## **7. Submission:**

The Consultant shall complete all of the DPMC Change Order Request forms provided and submit a completed package to the Project Manager with all appropriate backup documentation within seven (7) calendar days from receipt of the Contractor's change order request. The Consultant shall resubmit the package at no cost to the State if the change order package contents are deemed insufficient by the Project Manager.

**8. Meetings:**

The Consultant shall attend and actively participate at all administrative hearings or settlement conferences as may be called by Project Manager in connection with such Change Orders and provide minutes of those meetings to the Project Manager for distribution.

**9. Consultant Fee:**

All costs associated with the potential Contractor Change Order Requests shall be anticipated by the Consultant and included in the base bid of their fee proposal.

If the Client Agency Representative requests a scope change; and it is approved by the Project Manager, the Consultant may be entitled to be reimbursed through an amendment and in accordance with the requirements stated in paragraph 10.01 of this Scope of Work.

---

## **IX. PERMITS & APPROVALS**

---

**A. REGULATORY AGENCY PERMITS**

The Consultant shall comply with the following guidelines to ensure that all required permits, certificates, and approvals required by State regulatory agencies are obtained for this project.

**1. NJ Uniform Construction Code Permit:**

The Consultant shall complete the NJUCC permit application and all applicable technical sub-code sections with all technical site data listed. The Agent section of the application and certification section of the building sub-code section shall be signed. These documents shall be forwarded to the Project Manager who will send them to the Department of Community Affairs (DCA) and all permit application costs will be paid by DPMC from encumbered funds for the project.

The Consultant may obtain access and copies of all NJUCC Building, Fire, Plumbing, Electrical and Elevator permit applications at the following website: [www.nj.gov/dca/divisions/codes](http://www.nj.gov/dca/divisions/codes).

The project construction documents must comply with the latest adopted edition of the NJ Uniform Construction Code that is in effect at the Final Design Phase of this project.

All other required project permits shall be obtained and paid for by the Consultant in accordance with the procedures described in paragraph 2. below.

## **2. Other Regulatory Agency Permits, Certificates, and Approvals:**

The Consultant shall identify and obtain all other State Regulatory Agency permits, certificates, and approvals that will govern and affect the work described in this Scope of Work. An itemized list of these permits, certificates, and approvals shall be included with the Consultant's Technical Proposal and the total amount of the application fees should be entered in the Fee Proposal line item entitled, "**Permit Fee Allowance.**"

The Consultant may refer to the Division of Property Management and Construction "Procedures for Architects and Engineers Manual", Section 6.4.8, which presents a compendium of State permits, certificates, and approvals that may be required for this project.

The Consultant shall determine the appropriate phase of the project to submit the permit application(s) in order to meet the approved project milestone dates.

Where reference to an established industry standard is made, it shall be understood to mean the most recent edition of the standard unless otherwise noted. If an industry standard is found to be revoked, or should the standard have undergone substantial change or revision from the time that the Scope of Work was developed, the Consultant shall comply with the most recent edition of the standard.

## **3. Prior Approval Certification Letters:**

The issuance of a construction permit for this project may be contingent upon acquiring various "prior approvals" as defined by N.J.A.C. 5:23-1.4. It is the Consultant's responsibility to determine which prior approvals, if any, are required. The Consultant shall submit a general certification letter to the DPMC Plan & Code Review Unit Manager during the Permit Phase of this project that certifies all required prior approvals have been obtained.

In addition to the general certification letter discussed above, the following specific prior approval certification letters, where applicable, shall be submitted by the Consultant to the DPMC Plan & Code Review Unit Manager: Soil Erosion & Sediment Control, Water & Sewer Treatment Works Approval, Coastal Areas Facilities Review, Compliance of Underground Storage Tank Systems with N.J.A.C. 7:14B, Pinelands Commission, Highlands Council, Well Construction and Maintenance; Sealing of Abandoned Wells with N.J.A.C. 7:9D, Certification that all utilities have been disconnected from structures to be demolished, Board of Health Approval for Potable Water Wells, Health Department Approval for Septic Systems. It shall be

noted that in accordance with N.J.A.C. 5:23-2.15(a)5, a permit cannot be issued until the letter(s) of certification is received.

## **B. BARRIER FREE REQUIREMENTS**

The Consultant, in cooperation with the Client Agency Representative, shall assure that this project complies with the NJUCC Barrier Free Sub code where applicable.

## **C. STATE INSURANCE APPROVAL**

The Consultant shall respond in writing to the FM Global Insurance Underwriter plan review comments through the DPMC Plan & Code Review Unit Manager as applicable. The Consultant shall review all the comments and, with agreement of the Project Team, modify the documents while adhering to the project's SOW requirements, State code requirements, schedule, budget, and Consultant fee.

## **D. PUBLIC EMPLOYEES OCCUPATIONAL SAFETY & HEALTH PROGRAM**

A paragraph shall be included in the design documents, if applicable to this project that states: The Contractor shall comply with all the requirements stipulated in the Public Employees Occupational Safety & Health Program (PEOSHA) document, paragraph 12:100-13.5 entitled "Air quality during renovation and remodeling". The Contractor shall submit a plan demonstrating the measures to be utilized to confine the dust, debris, and air contaminants in the renovation or construction area of the project site to the Project Team prior to the start of construction.

The link to the document is: <http://www.state.nj.us/health/eoh/peoshweb/iaqstd.pdf>

## **E. MULTI-BUILDING OR MULTI-SITE PERMITS**

A project that involves many buildings and/or sites requires that a separate permit shall be issued for each building or site. The Consultant must determine the construction cost estimate for *each* building and/or site location and submit that amount where indicated on the permit application.

## **F. PERMIT MEETINGS**

The Consultant shall attend and chair all meetings with Permitting Agencies necessary to explain and obtain the required permits.

## **G. MANDATORY NOTIFICATIONS**

The Consultant shall include language in Division 1 of the specification that states the Contractor shall assure compliance with the New Jersey “One Call” Program (1-800-272-1000) if any excavation is to occur at the project site.

The One Call Program is known as the “New Jersey Underground Facility Protection Act”, refer to N.J.A.C. 14:2.

## **H. SPECIAL INSPECTIONS**

In accordance with the requirements of the New Jersey Uniform Construction Code N.J.A.C. 5:23-2.20(b), Bulletin 03-5 and Chapter 17 of the International Building Code, the Consultant shall be responsible for the coordination of all special inspections during the construction phase of the project.

### **1. Definition:**

Special inspections are defined as an independent verification by a certified Special Inspector for **Class I buildings only**. The special inspector is to be independent from the Contractor and responsible to the Consultant so that there is no possible conflict of interest.

### **2. Responsibilities:**

The Consultant shall submit with the permit application, a list of special inspections and the agencies or special inspectors that will be responsible to carry out the inspections required for the project. The list shall be a separate document, on letter head, signed and sealed.

### **3. Special Inspections:**

Special inspections, as applicable to this project, shall be performed in accordance with UCC Bulletin 03-5 and Chapter 17 of the International Building Code, New Jersey Edition.

Special inspectors shall be certified in accordance with the requirements in the New Jersey Uniform Construction Code.

---

## **X. GENERAL REQUIREMENTS**

---

### **A. SCOPE CHANGES**

The Consultant must request any changes to this Scope of Work in writing. An approved DPMC 9d Consultant Amendment Request form reflecting authorized scope changes must be received by the Consultant prior to undertaking any additional work. The DPMC 9d form must be

approved and signed by the Director of DPMC and written authorization issued from the Project Manager prior to any work being performed by the Consultant. Any work performed without the executed DPMC 9d form is done at the Consultant's own financial risk.

## **B. ERRORS AND OMISSIONS**

The errors and omissions curve and the corresponding sections of the "Procedures for Architects and Engineers Manual" are eliminated. All claims for errors and omissions will be pursued by the State on an individual basis. The State will review each error or omission with the Consultant and determine the actual amount of damages, if any, resulting from each negligent act, error or omission.

## **C. ENERGY INCENTIVE PROGRAM**

The Consultant shall review the programs described on the "New Jersey's Clean Energy Program" website at: <http://www.njcleanenergy.com> to determine if any proposed upgrades to the mechanical and/or electrical equipment and systems for this project qualify for "New Jersey Clean Energy Program" rebates and incentives such as SmartStart, Pay4Performance, Direct Install or any other incentives.

The Consultant shall be responsible to complete the appropriate registration forms and applications, provide any applicable worksheets, manufacturer's specification sheets, calculations, attend meetings, and participate in all activities with designated representatives of the programs and utility companies to obtain the entitled financial incentives and rebates for this project. All costs associated with this work shall be estimated by the Consultant and the amount included in the base bid of their fee proposal.

---

# **XI. ALLOWANCES**

---

## **A. PERMIT FEE ALLOWANCE**

The Consultant shall obtain and pay for all of the project permits in accordance with the guidelines identified below.

### **1. Permits:**

The Consultant shall determine the various State permits, certificates, and approvals required to complete this project.

### **2. Permit Costs:**

**PROJECT NAME: New Marina Office**  
**PROJECT LOCATION: Leonardo State Marina**  
**PROJECT NO: P1119-00**  
**DATE: February 2, 2015**

---

The Consultant shall determine the application fee costs for all of the required project permits, certificates, and approvals (excluding the NJ Uniform Construction Code permit) and include that amount in their fee proposal line item entitled **“Permit Fee Allowance”**. A breakdown of each permit and application fee shall be attached to the fee proposal for reference.

NOTE: The NJ Uniform Construction Code permit is excluded since it is obtained and paid for by DPMC.

### **3. Applications:**

The Consultant shall fill out and submit all permit applications to the appropriate permitting authorities and the costs shall be paid from the Consultant’s permit fee allowance provided. A copy of the application(s) and the original permit(s) obtained by the Consultant shall be given to the Project Manager for distribution during construction.

### **4. Consultant Fee:**

The Consultant shall determine what is required to complete and submit the permit applications, obtain supporting documentation, attend meetings, etc., and include the total cost in the base bid of their fee proposal under the “Permit Phase” column.

Any funds remaining in the permit allowance account will be returned to the State at the close of the project.

---

## **XII.SUBMITTAL REQUIREMENTS**

---

### **A. CONTRACT DELIVERABLES**

All submissions shall include the Contract Deliverables identified in Section XIV of this Scope of Work and described in the DPMC Procedures for Architects and Engineers Manual.

### **B. CATALOG CUTS**

The Consultant shall provide catalog cuts as required by the DPMC Plan & Code Review Unit during the design document review submissions. Examples of catalog cuts include, but are not limited to: mechanical equipment, hardware devices, plumbing fixtures, fire suppression and alarm components, specialized building materials, electrical devices, etc.

### **C. PROJECT DOCUMENT BOOKLET**

The Consultant shall submit all of the required Contract Deliverables to the Project Manager at the completion of each phase of the project. All reports, meeting minutes, plan review comments, project schedule, cost estimate in CSI format (2004 Edition), correspondence, calculations, and other appropriate items identified on the Submission Checklist form provided in the A/E Manual shall be presented in an 8½” x 11” bound “booklet” format.

#### **D. DESIGN DOCUMENT CHANGES**

Any corrections, additions, or omissions made to the submitted drawings and specifications at the Permit Phase of the project must be submitted to DPMC Plan & Code Review Unit as a complete document. Corrected pages or drawings may not be submitted separately unless the Consultant inserts the changed page or drawing in the original documents. No Addendums or Bulletins will be accepted as a substitution to the original specification page or drawing.

#### **E. SINGLE-PRIME CONTRACT**

All references to “separate contracts” in the Procedures for Architects and Engineers Manual, Chapter 8, shall be deleted since this project will be advertised as a “Single Bid” (Lump Sum All Trades) contract. The single prime Contractor will be responsible for all work identified in the drawings and specifications.

The drawings shall have the required prefix designations and the specification sections shall have the color codes as specified for each trade in the DPMC Procedure for Architects and Engineers Manual.

The Consultant must still develop the Construction Cost Estimate (CCE) for each trade and the amount shall be included on the DPMC-38 Project Cost Analysis form where indicated. This document shall be submitted at each design phase of the project and updated immediately prior to the advertisement to bid.

PROJECT NAME: New Marina Office  
PROJECT LOCATION: Leonardo State Marina  
PROJECT NO: P1119-00  
DATE: February 2, 2015

---

### XIII. SOW SIGNATURE APPROVAL SHEET

---

This Scope of Work shall not be considered a valid document unless all signatures appear in each designated area below.

The Client Agency approval signature on this page indicates that they have reviewed the design criteria and construction schedule described in this project Scope of Work and verifies that the work will not conflict with the existing or future construction activities of other projects at the site.

## **XIV.CONTRACT DELIVERABLES**

---

The following is a listing of Contract Deliverables that are required at the completion of each phase of this project. The Consultant shall refer to the DPMC publication entitled, "Procedures for Architects and Engineers," Volumes I and II, 2<sup>nd</sup> Edition, dated January, 1991 to obtain a more detailed description of the deliverables required for each item listed below.

The numbering system used in this "Contract Deliverables" section of the scope of work corresponds to the numbering system used in the "Procedures for Architects and Engineers" manual and some may have been deleted if they do not apply to this project.

### **SCHEMATIC DESIGN PHASE: 25% Complete Design Documents (Minimum)**

- 6.1 Project Schedule (Update Bar Chart Schedule)**
- 6.2 Meetings & Minutes (Minutes within 5 working days of meeting)**
- 6.3 Correspondence**
- 6.4 Submission Requirements**
  - 6.4.1 A/E Statement of Site Visit, As-Built Drawing Verification (if available)
  - 6.4.2 Space Analysis & Program Requirements
  - 6.4.3 Special Features Description: communications, security, fire protection, special structural features, etc.
  - 6.4.4 Site Evaluation
  - 6.4.5 Borings, Surveys, and Soils Analysis (provided with plan submission)
  - 6.4.8 Regulatory Agency Approvals
    - 6.4.8.1 NJ Department of Agriculture
      - (a) Soil Erosion (land disturbance over 5000 s.f.)
    - 6.4.8.2 NJ Department of Community Affairs
      - (a) UCC Permit for Building Construction
    - 6.4.8.3 NJ Department of Environmental Protection
      - (c) Coastal Development (CAFRA)
  - 6.4.9 Utility Availability for:
    - Sanitary Service
    - Storm Water
    - Domestic Water
    - Gas Service
    - Fire Service

- Electric Service
- Telephone Service
- Cable Service
- 6.4.10 Drawings: 6 sets
  - Cover Sheet (See A/E Manual for format)
  - Site Plan
  - Site Utility Plan
  - Floor Plans
  - Elevations
  - Sections/Details
  - Structural Narrative
  - HVAC Narrative
  - Electrical Narrative
- 6.4.11 Specifications: 6 sets (See A/E Manual for format, include Division 1 and edit to describe the administrative and general requirements of the project)
- 6.4.12 Current Working Estimate in CSI Format & Cost Analysis 38 Form
- 6.4.13 Bar Chart of Design and Construction Schedule
- 6.4.14 Oral Presentation of Submission to Project Team
- 6.4.15 SOW Compliance Statement
- 6.4.16 This Submission Checklist (See A/E Manual, Figure 6.4.16 for format)
- 6.4.17 Deliverables Submission in Booklet Form: 7 sets

## **6.5 Approval**

- 6.5.1 Respond to Submission Comments

## **6.6 Submission Forms**

- Figure 6.4.10 Plan Review Record Sheet
- Figure 6.4.12 Current Working Estimate/Cost Analysis
- Figure 6.4.16 Submission Checklist

## **FINAL DESIGN PHASE 100% Complete Construction Documents**

This Final Design Phase may require more than one submission based on the technical quality and code conformance of the design documents.

### **8.1 Schedule (Update Bar Chart Schedule)**

### **8.2 Meeting & Minutes (Minutes within 5 working days of meeting)**

### **8.3 Correspondence**

#### **8.4 Submission Requirements**

- 8.4.1 A/E Statement of Site Visit
- 8.4.2 Space Analysis
- 8.4.3 Special Features Description, Communication/Security/Fire/Smoke/Exhaust)
- 8.4.4 Site Evaluation
- 8.4.5 Borings, Surveys, Soils Analysis (provided with plan submission)
- 8.4.8 Regulatory Agency Approvals (Include itemized list specific to this project)
- 8.4.10 Drawings: 6 sets
- 8.4.11 Specifications: 6 sets
- 8.4.12 Current Working Estimate in CSI Format & Cost Analysis 38 Form
- 8.4.13 Bar Chart of Design and Construction Schedule
- 8.4.14 Oral Presentation of this Submission to Project Team
- 8.4.15 Plan Review/SOW Compliance Statement
- 8.4.16 This Submission Checklist
- 8.4.17 Deliverables Submission in Booklet Form: 7 sets

#### **8.5 Approvals**

- 8.5.1 Respond to Submission Comments

### **PERMIT APPLICATION PHASE**

This Permit Application Phase should not include any additional design issues. Design documents shall be 100% complete at the Final Design Phase.

#### **8.6 Permit Application Submission Requirements**

- 8.6.1 - 8.6.7: If all of the deliverables of these sections have been previously submitted to DPMC and approved there are no further deliverables due at this time
- 8.6.8 Regulatory Agency Approvals
  - (a) UCC Permit Application & Technical Sub-codes completed by A/E
- 8.6.9 Utility Availability Confirmation
- 8.6.10 Signed and Sealed Drawings: 6 sets
- 8.6.11 Signed and Sealed Specifications: 6 sets
- 8.6.12 Current Working Estimate/Cost Analysis
- 8.6.13 Bar Chart Schedule
- 8.6.14 Project Presentation (N/A this Project)
- 8.6.15 Plan Review/SOW Compliance Statement
- 8.6.16 Submission Checklist

#### **8.7 Approvals**

## **8.8 Submission Forms**

- Figure 8.4.12 Current Working Estimate/Cost Analysis
- Figure 8.4.16 Submission Checklist (Final Review Phase)
- Figure 8.6.12-b Bid Proposal Form (Form DPMC -3)
- Figure 8.6.12-c Notice of Advertising (Form DPMC -31)
- Figure 8.6.16 Submission Checklist (Permit Phase)
- Figure 8.7 Bid Clearance Form (Form DPMC -601)

## **BIDDING AND CONTRACT AWARD**

### **9.0 Bidding Phase Requirements**

- 9.0.1 Original Drawings signed & sealed by A/E, one (1) set AUTOCAD Discs
- 9.02 One Unbound Specification Color Coded per A/E Manual Section 8.4.11
- 9.03 Bid Documents Checklist
- 9.04 Bid Proposal Form
- 9.05 Notice for Advertising

### **9.1 Chair Pre-Bid Conference/Mandatory Site Visit**

### **9.2 Prepare Bulletins**

### **9.3 Attend Bid Opening**

### **9.4 Recommendation for Contract Award**

- 9.4.1 Prepare Letter of Recommendation for Award & Cost Analysis

### **9.5 Attend Pre-Construction Meeting**

### **9.6 Submission Checklist**

### **9.7 Submission Forms**

- Figure 9.4.1 Cost Analysis
- Figure 9.6 Submission Checklist

## **CONSTRUCTION PHASE**

### **10.1 Site Construction Administration**

### **10.2 Pre-Construction Meeting**

**10.3 Construction Job Meetings**

- 10.3.1 Agenda: Schedule and Chair Construction Job Meetings
- 10.3.2 Minutes: Prepare and Distribute Minutes within 5 working days of meeting
- 10.3.3 Schedules; Approve Contractors' Schedule & Update
- 10.3.4 Minutes Format: Prepare Job Meeting Minutes in approved format, figure 10.3.4-a

**10.4 Correspondence**

**10.5 Prepare and Deliver Conformed Drawings**

**10.7 Approve Contractors Invoicing and Payment Process**

**10.8 Approve Contractors 12/13 Form for Subs, Samples and Materials**

**10.10 Approve Test Reports**

**10.11 Approve Shop Drawings**

**10.12 Construction Progress Schedule**

- 10.12.1 Construction Progress Schedule

**10.13 Review & Recommend or Reject Change Orders**

- 10.13.1 Scope Changes
- 10.13.2 Construction Change Orders
- 10.13.3 Field Changes

**10.14 Construction Photographs**

**10.15 Submit Field Observation Reports**

**10.16 Submission Forms**

- Figure 10.3.4-a Job Meeting Format of Minutes
- Figure 10.3.4-b Field Report

## **PROJECT CLOSE-OUT PHASE**

### **11.1 Responsibilities: Plan, Schedule and Execute Close-Out Activities**

### **11.2 Commencement: Initiate Close-Out w/DPMC 20A Project Close-Out Form**

### **11.3 Develop Punch List & Inspection Reports**

### **11.4 Verify Correction of Punch List Items**

### **11.5 Determination of Substantial Completion**

### **11.6 Ensure Issuance of “Temporary Certificate of Occupancy or Approval”**

### **11.7 Initiation of Final Contract Acceptance Process**

### **11.8 Submission of Close-Out Documentation**

11.8.1 As-Built & Record Set Drawings, 3 sets AUTOCAD Discs Delivered to DPMC

11.8.2 (a) Maintenance and Operating manuals, Warranties, etc.: 7 sets each

(b) Guarantees

(c) Testing and Balancing Reports

(d) Boiler Inspection Certificates

(f) Shop Drawings

(g) Letter of Contract Performance

11.8.3 Final Cost Analysis-Insurance Transfer DPMC 25

11.8.4 This Submission Checklist

### **11.9 Final Payment**

11.9.1 Contractors Final Payment

11.9.2 A/E Invoice and Close-Out Forms for Final Payment

### **11.10 Final Performance Evaluation of the A/E and the Contractors**

**11.11 Ensure Issuance of a “Certificate of Occupancy or Approval”**

**11.12 Submission Forms**

- Figure 11.2 Project Close-Out Documentation List DPMC 20A
- Figure 11.3-a Certificate of Substantial Completion DPMC 20D

- Figure 11.8.3-b Insurance Transfer Form DPMC 25
- Figure 11.8.4 Submission Checklist

---

**XV.EXHIBITS**

---

The attached exhibits in this section will include a sample project schedule, and any supporting documentation to assist the Consultant in the design of the project such as maps, drawings, photographs, floor plans, studies, reports, etc.

**END OF SCOPE OF WORK**

February 7, 1997  
Rev.: January 29, 2002

### Responsible Group Code Table

The codes below are used in the schedule field "GRP" that identifies the group responsible for the activity. The table consists of groups in the Division of Property Management & Construction (DPMC), as well as groups outside of the DPMC that have responsibility for specific activities on a project that could delay the project if not completed in the time specified. For reporting purposes, the groups within the DPMC have been defined to the supervisory level of management (i.e., third level of management, the level below the Associate Director) to identify the "functional group" responsible for the activity.

<u>CODE</u>	<u>DESCRIPTION</u>	<u>REPORTS TO ASSOCIATE DIRECTOR OF:</u>
CM	Contract Management Group	Contract Management
CA	Client Agency	N/A
