MANAGER OF THE MERCER COUNTY MOTOR POOL
(609) 530-7524**

The County of Mercer requests bids from automotive vendors to provide Mercer County and its Co-op members, hereafter referred to as the owners with a one (1) year contract with the option for a second year, for automotive and light duty truck parts. The winning contractors shall be located within a **45** minute commute from 300 Scotch Road, Ewing Township, New Jersey and shall be located in an area convenient for Mercer County and the Coop Members to access walk in service. The awarded contractors shall deliver stock items within the same day from the receipt of order and non-stock items shall be delivered within 24 hours from the receipt of order.

In the event of a manufacturer's price decrease during the contract period, the County shall receive the full benefit of such price reduction. Failure to report price reductions will result in cancellation of contract for cause.

The County reserves the right to purchase items from state contract or other co-op vendors and/or in the open market, if such use serves the interest of the County. The County reserves the right to bid separately for any commodity represented in the catalogue.

For the second year of the contract, 60 days prior to the award of the second year of the contract, Mercer County will permit contractor(s) to submit a revised price list based upon the Jobber Price List, which shall be applicable for the second year of the contract. Any submission received after 60 days prior to the second year will not be accepted and the contractor must continue to accept orders for the second year of the contract based on the price list originally submitted for the first year of the contract. If the contractor is to use the original price list from the first year's contract and applied to the second year contract, Mercer County Purchasing Department must be notified of your intent.

In the event there is a substantial price increase and is not the most advantageous pricing to Mercer County or the owners, the contract may be re-bid in the second year. All parts that are bid/supplied must be of the highest quality and recognized in the automotive and truck industry.

All parts supplied shall carry a one year warranty.
