Celebrate America Recycles Day!

Did you know that Americans only recycle about 1.5 pounds of the 4.6 pounds of trash they generate on average each day?

November 15 is “America Recycles Day”, a day dedicated to promoting the environmental and economic benefits of recycling. Use this opportunity to rethink how trash is disposed of in your home or office. Taking that simple extra step to throw something in the recycle bin or compost pile is an easy and effective way to do your part in the fight against global warming.

Celebrate America Recycles Day in Mercer County with one or both of these events on Saturday, November 14th!
