III. TEST DATE, TIME AND LOCATION .....	1
IV. READING/REFERENCE LIST .....	2

*Candidates who wish to begin preparing for this Fire Chief Examination may use this Orientation Guide. If changes to the guide are required, these changes will be added to the website at a later date.*

## I. INTRODUCTION

This page is intended to provide you with specific information regarding the current testing cycle for the Fire Chief exam, which includes the most recent test announcements for this position. To view information regarding the general testing process, please check the Fire Chief General Orientation Guide by clicking [HERE](#).

## II. TEST CONTENT AREAS

The scenario-based oral exercises will cover four topic areas and each will be given an oral communication score:

1. Supervision – Subordinate Incident
2. Fire Department Administration
3. Finance – Budget Preparation
4. Fire Ground Operations Management

All responses to the test questions will be audio taped.

## III. TEST DATE, TIME AND LOCATION

The tentative test date for the announced 2014 Fire Chief Exam is scheduled for November 20, 2014.

Approximately two weeks before the test date, candidates will receive a notice in the mail that shows the date, time and location to which they should report for their examination. Candidates are to bring the Notification Card, two forms of identification and you may also bring pencils, pens, and highlighters to the Examination Center. One of the forms of identification must include your photograph. Candidates will not be permitted to bring this Orientation Guide into the Examination Center. Candidates should map out a route in advance of the examination date and plan to arrive at the Examination Center early, because no one will be admitted late.

#### IV. READING/ REFERENCE LIST

The following reference list has been selected based on the input of incumbents:

1. The Fire Chief's Handbook, Barr, R.C.; Eversole, J. M., 6th edition, 2003. Saddle Brook, N.J.: Fire Engineering Books And Videos a Division of PennWell Publishing Company. (ISBN#: 0-87814-830-1)
2. Managing Fire and Emergency Services, Thiel, A. & Jennings, C.; ICMA Publications, 4<sup>th</sup> edition, 2012. Washington, DC: International City/Council Management Association. (ISBN#: 978-0-87326-763-2)
3. Fire Officer's Handbook of Tactics, Norman, J.; 4th edition, 2012. Tulsa, O.K.: Fire Engineering Books and Videos, a Division of PennWell Publishing Company. (ISBN#: 1-59370-279-3)

*Please note that the Civil Service Commission's intention is to utilize the reading/reference list on a limited basis in the development of the test. More specifically, the justification for the correct responses may be drawn from the reading/reference list, but not exclusively. Justification may also be based on the collective Fire Service experience of Subject Matter Experts. When justification is based on experience, care will be taken to ensure that correct answers do not conflict with reference list material. **Although, the CSC suggests that candidates review the reading/reference list, your preparation for the examination should not be restricted to the above reading/reference list. Since the test items will require open-ended responses, you will also have to rely on the application of knowledge and the application of management principles.***
