

NJ LeadSafe Program Summer Opportunity

CDC invites qualified applicants to apply for a ten week summer program in Environmental Public Health at the National Center for Environmental Health /Agency for Toxic Substances and Disease Registry (NCEH/ATSDR) in Atlanta, Georgia. This is a full time summer opportunity for rising collegiate juniors and seniors to get real-world experience in Environmental Public Health activities at the federal level. Students will participate in individual projects and will be paired with mentors in order to gain valuable experience in the fascinating field of Environmental Public Health. Students that are majoring in environmental fields are encouraged to visit our website at <http://www.cdc.gov/nceh/ceh/> to learn more about the internship, environmental health, and previous intern projects.

Questions? Please **email Cory Moore**

Stipend: \$500 per week
