Property Description:	Information provided by online sources indicates the resource was built in 1910. The building is a three story on a raised basement, brick residence. It is topped by a flat roof with parapet. The building is clad in face brick on its façade and plain brick on the other elevations. The fenestration pattern appears unaltered and the windows are wood sash. Architectural details include stone sills, lintels, cornice and coping. An entryway porch is located on the façade. It is topped by an arched roof that is supported by metal posts. The residence does not contain any distinctive characteristics that would make it eligible for listing on the NRHP. A second building is located on the lot. It is a two-story concrete block building topped by a flat roof. The lot it sits on is 0.18 acres.
