Subject: CDBG-DR Landlord Rental Repair Program - Middlesex and Monmouth Counties - Endangered Species Review

Good Afternoon Mr. Woerner,

I am in the process of completing the environmental assessment for a Community Development Block Grant-Disaster Recovery (CDBG-DR) project for the Landlord Rental Repair Program (LRRP) – Middlesex and Monmouth Counties. The proposed project would reconstruct one multi-family property in Middlesex County and four multi-family properties in Monmouth County. One of the proposed activity sites has a “Yes” in the parcel centroid for state and federal listed endangered species. Two of the proposed activity sites are located within the threatened and endangered species layer for bat species. I have attached a shapefile for your review.

A Division of Land Use Regulation (DLUR) jurisdictional determination is needed for SRP0037809 with respect to wetlands.

Please let me know if you have any questions.

Thank you!

Jeffrey Rakowski
