

COMBINED PUBLIC NOTICE

NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS AND NOTICE AND PUBLIC EXPLANATION OF A PROPOSED ACTIVITY IN THE 100-YEAR FLOODPLAIN

MONMOUTH COUNTY

October 17, 2014

New Jersey Economic Development Authority
36 West State Street
PO Box 990
Trenton, NJ 08625-0990
609-858-6700

This notice shall satisfy two separate but related procedural requirements for activities to be undertaken by the New Jersey Economic Development Authority (EDA).

Per 24 CFR 58.33, and 24 CFR 55.20(b)(1), the Notice of Intent to Request Release of Funds (NOI-RROF) and the Notice and Public Explanation of a Proposed Activity in a 100-Year Floodplain will be published simultaneously with the submission of the RROF. The funds are needed on an emergency basis due to a declared disaster from the impacts of Superstorm Sandy, which made landfall on October 29, 2012. As a result, the comment periods for the NOI-RROF, 100-Year Floodplain and RROF have been combined.

REQUEST FOR RELEASE OF FUNDS

On or about October 17, 2014, the New Jersey Department of Community Affairs (DCA) on behalf of EDA will submit a request to the U.S. Department of Housing and Urban Development (HUD) for the release of Federal funds under the Community Development Block Grant Program (CDBG) pursuant to the Disaster Relief (DR) Appropriations Act of 2013 (Public Law 113-2, approved January 29, 2013) for the Stronger New Jersey Neighborhood and Community Revitalization (NCR) program. EDA expects to fund the project using approximately \$1,437,966 of NCR funds.

The following information pertains to this project:

Project Title:	NCR38959 - Storm drainage and streetscape improvements and commercial façade rehabilitation, Keansburg, NJ.
Location:	Main Street, Carr Avenue, Church Street, Raritan Avenue, East Shore Street, Beachway Avenue, and Oak Street, Keansburg, NJ
Estimated Cost:	\$1,622,966
Project Description:	Building façade rehabilitation of up to 37 commercial properties within an approximately 61.17-acre area along Main Street, Carr Avenue, and Church Street, Keansburg, Monmouth County; and drainage and

streetscape improvements to three areas totaling approximately 3.36 acres along Raritan Avenue, East Shore Street, Beachway Avenue, and Oak Street also in Keansburg, Monmouth County.

The NCR Program supports the long-term recovery of small businesses and communities by funding projects that contribute to the economic revitalization throughout New Jersey, but focusing on the nine most impacted counties. The NCR Program supports projects that retain or hire new employees, contribute to the State's economy, serve low or moderate income (LMI) areas, create or maintain LMI jobs, remove slum or blight, or address an urgent need related to Superstorm Sandy. These projects are commercial or mixed use projects, typically development and public improvement or streetscape revitalization.

EDA has determined that the proposed project is Categorically Excluded SUBJECT to §58.5 authorities per 24 CFR 58.35(a)(4)(i). As such, a Statutory Checklist has been completed in order to determine whether the project is in compliance with the authorities cited at 24 CFR§50.4 and 58.5.

Additional project information is contained in the Environmental Review Record (ERR) on file at the New Jersey Economic Development Authority, 36 West State Street, PO Box 990, Trenton, New Jersey 08625. The record is available for review and may be examined or copied weekdays 9 A.M. to 5 P.M. by contacting Erin B. Gold at 609-858-6718 or may be viewed online at <http://www.nj.gov/dca/divisions/sandyrecovery/review/>.

NOTICE AND PUBLIC EXPLANATION OF A PROPOSED ACTIVITY IN A 100-YEAR FLOODPLAIN

This is to give notice that the EDA has conducted an evaluation as required by Executive Order 11988, in accordance with HUD regulations at 24 CFR 55.20 Subpart C Procedures for Making Determinations on Floodplain Management and Wetlands Protection. The activity is funded under the NCR program under Grant B-13-DS-34-001. The proposed project is building façade rehabilitation of up to 37 commercial properties within an approximately 61.17-acre area along Main Street and Carr Avenue, Keansburg, Monmouth County; and drainage and streetscape improvements to three areas totaling approximately 3.36 acres along Church Street, Beachway Avenue, Raritan Avenue, East Shore Street, and Oak Street also in Keansburg, Monmouth County.

All project areas are located within the Special Flood Hazard Area Zone AE, as shown on the Federal Emergency Management Agency (FEMA) Flood Insurance Rate Map (FIRM) map number 34025C0034F, dated September 25, 2009.

DCA has considered the following alternatives and mitigation measures to minimize adverse impacts and to restore and preserve natural and beneficial values. Alternatives to relocate the storm drainage and streetscape improvements and commercial façade rehabilitation project outside of the floodplain are not available and would be contrary to the purpose and function of the proposed improvement. In addition, the entire commercial business district is located within the 100-year floodplain. Therefore, there is no surface alternative where the project could be

relocated outside of the 100-year floodplain. A No Action alternative was considered and rejected because taking no action would not address the storm management needs of the area, would not aid in community and economic recovery in Keansburg through improvement of the commercial business district, and would not address the needed reduction of future flood risk and associated human health, safety and welfare impacts. Implementation of the proposed action will require local and state permits, which may place additional mitigation requirements on the project.

DCA has reevaluated the alternatives to building in the floodplain and has determined that it has no practicable alternative. Environmental files that document compliance with steps 3 through 6 of Executive Order 11988 are available for public inspection, review and copying upon request at the times and location delineated in the last paragraph of this notice for receipt of comments.

DCA has determined that construction and operation of the proposed project would not result in significant adverse impacts to flood levels, flood risk, or the flow of floodwaters on the project site or surrounding areas. The project would reduce flood level, flood risk, and the flow of floodwaters onto the project area. Therefore, the proposed project would be compliant with the National Flood Insurance Act of 1968 (44 CFR § 59) and EO 11988 on Floodplain Management (42 FR 26951).

PUBLIC COMMENTS

Any individual, group, or agency disagreeing with this determination or wishing to comment on this project may submit written comments to Stacy Bonnaffons, Assistant Commissioner, Sandy Recovery Division, New Jersey Department of Community Affairs, 101 South Broad Street, PO Box 800, Trenton, NJ 08625-0800 or online at <http://www.nj.gov/dca/divisions/sandyrecovery/review/> and to Tennille Smith Parker, DRS, Acting Division Director, HUD, 451 Seventh Street SW, Washington, D.C. 20410. All comments received by October 24, 2014 will be considered by DCA and EDA. Comments should specify which Notice (Notice of Intent to Request Release of Funds [NOI-RROF] or Notice of Public Review of a Proposed Activity in a 100-year Floodplain) they are addressing.

RELEASE OF FUNDS

DCA certifies (on or about October 25, 2014) to HUD that Richard E. Constable, III, in his capacity as Commissioner of DCA consents to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. HUD's approval of the certification satisfies its responsibilities under the National Environmental Policy Act and related laws and authorities, and allows DCA to use Program funds.

OBJECTIONS TO RELEASE OF FUNDS

HUD will accept objections to its release of funds and DCA's certification for a period of seven (7) days following the anticipated submission date or its actual receipt of the request (whichever is later) only if they are on one of the following bases: (a) the certification was not executed by

the Certifying Officer of DCA; (b) DCA has omitted a step or failed to make a decision or finding required by HUD regulations at 24 CFR Part 58; (c) the grant recipient has committed funds or incurred costs not authorized by 24 CFR Part 58 before approval of a release of funds by HUD; or (d) another Federal agency, acting pursuant to 40 CFR Part 1504, has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality. Objections must be prepared and submitted in accordance with the required procedures (24 CFR Part 58) and shall be addressed to Tennille Smith Parker, DRS, Acting Division Director, HUD, 451 Seventh Street SW, Washington, D.C. 20410. Potential objectors should contact HUD to verify the actual last day of the objection period.

Commissioner Richard E. Constable, III
New Jersey Department of Community Affairs
