This notice shall satisfy the procedural requirements for activities to be undertaken by the New Jersey Department of Community Affairs (DCA).

Per 24 CFR 58.33, the Notice of Intent to Request Release of Funds (NOI-RROF) will be published simultaneously with the submission of the Request of Release of Funds (RROF). The funds are needed on an emergency basis due to a declared disaster from the impacts of Superstorm Sandy, which made landfall on October 29, 2012. As a result, the comment periods for the NOI-RROF and RROF have been combined.

REQUEST FOR RELEASE OF FUNDS

On or about March 2, 2015, the DCA will submit a request to the U.S. Department of Housing and Urban Development (HUD) for the release of Federal funds under the Community Development Block Grant Program (CDBG) pursuant to the Disaster Relief (DR) Appropriations Act of 2013 (Public Law 113-2, approved January 29, 2013) for the Reconstruction, Rehabilitation, Elevation, and Mitigation (RREM) Program. DCA expects to fund the project using approximately \$77,468.74 of RREM funds.

The following information pertains to this project:

Project Title: 51 Valentine Street, Unit 5A

Location: 51 Valentine Street, Unit 5A, Monmouth Beach, NJ 07750

Estimated Cost: \$91,232.74

Project Description: The purpose of this project is to rehabilitate one unit of an existing 8-unit residential dwelling located in Monmouth Beach at 51 Valentine Street (Unit 5A). The structure was constructed in 1976 and was damaged as a result of Superstorm Sandy. Renovations would include addressing storm-related damage and bringing the property up to current minimum property standards. The project involves the minor rehabilitation of a residential condo unit, as necessary. No exterior work will be required. There will be no change in footprint, land use, or density. The unit has public water, sewer, and utilities. General repairs would include: floor protection; caulking; repairs to breaker panel, wiring, ductwork and ventilation.

The activities are being funded under the RREM Program (CDBG-DR) under CDBG-DR B-13-DS-34-0001. The RREM Program is to assist homeowners in achieving safe and code-compliant housing that meets minimum property standards through rehabilitation, reconstruction, elevation and mitigation.

The Responsible Entity, DCA, has determined that the proposed project is Categorically Excluded SUBJECT to §58.5 authorities per 24 CFR 58.35(a)(4)(i). As such, a Statutory Checklist has been completed in order to determine whether the project is in compliance with the authorities cited at 24 CFR§50.4 and 58.5.

Additional project information is contained in the Environmental Review Record on file at the New Jersey Department of Community Affairs, Sandy Recovery Division, 101 South Broad Street, PO Box 800, Trenton, NJ 08625-0800. The record is available for review and may be examined or copied weekdays 9 A.M. to 5 P.M. or can be viewed online at <http://www.nj.gov/dca/divisions/sandyrecovery/review/>.

RELEASE OF FUNDS

DCA certifies (on or about March 2, 2015) to HUD that Richard E. Constable, III, in his capacity as Commissioner of DCA consents to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. HUD's approval of the certification satisfies its responsibilities under the National Environmental Policy Act and related laws and authorities, and allows DCA to use Program funds.

OBJECTIONS TO RELEASE OF FUNDS

HUD will accept objections to its release of funds and DCA's certification for a period of seven (7) days following the anticipated submission date or its actual receipt of the request (whichever is later) only if they are on one of the following bases: (a) the certification was not executed by the Certifying Officer of DCA; (b) DCA has omitted a step or failed to make a decision or finding required by HUD regulations at 24 CFR Part 58; (c) the grant recipient has committed funds or incurred costs not authorized by 24 CFR Part 58 before approval of a release of funds by HUD; or (d) another Federal agency, acting pursuant to 40 CFR Part 1504, has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality.

Objections must be prepared and submitted in accordance with the required procedures (24 CFR Part 58) and shall be addressed to Tennille Smith Parker, DRS, Acting Division Director, HUD, 451 Seventh Street SW, Washington, D.C. 20410. Potential objectors should contact HUD to verify the actual last day of the objection period.
