Good Afternoon Morgan,

As per our telephone conversation of June 26, 2014, I am forwarding this email addressing the cleaning up of the water in the area of our Marina only.

Any debris - tires, lumber, plastic bags, bottles, and cans etc. that float into the area of our Marina are removed from the water.

We do not clean any other areas except our Marina.

Please let me know that you received this email and if you need any additional info.

Have a nice day!

Christine Mosley
