### Specific Substance Usage Distribution

Population details - Youth in this table are included based on the most recent Substance Use (SU) Module completed within 120 days prior to the report start date. The SU Module is an additional series of assessment items activated when a score of 1,2 or 3 is entered in the SU item of the Strength & Needs Assessment. A youth can have multiple substances indentified per SU Module completed. Because of this the totals in this table will not match the unique number of SU Modules completed for the report month.

**Other Metrics**

School Attendance scores are counted only for assessments completed 120 days prior to the start date of the report period.

Legal Involvement is reported from the Legal Module/Seriousness item. This module is opened when a 1, 2 or 3 is entered in the Legal Involvement question on the Stength & Needs Assessment.

Insurance Coverage is determined by Medicaid numbers associated with Authorizations active during the report period with the exception of 'Private Insurance' which is identified via the TPL tab in CYBER. These counts are not unique as a youth can have different Medicaid numbers for different authorizations.
