Section I – General Information

A. Purpose:

The New Jersey Department of Children and Families' (DCF) Office of Adolescent Services (OAS) announces the availability of \$600,000 over the term of the grant period from Street Outreach HHS-2015-ACF-ACYF-YO-0956 CFDA #93.557 (STREET OUTREACH) funding for a Street Outreach program in Atlantic County to provide prevention services to runaway, homeless and street youth who have been subjected to, or are at risk of being subjected to, sexual exploitation and/or sexual abuse. DCF is seeking to expand and enhance street outreach services/community-based homeless youth programming, individualized assessment and case planning, prevention services, education and outreach for youth under 21 years of age. The goal is to provide youth with linkages to the stabilization and supportive services and resources they need, and prepare youth for their transition to adulthood. These programs will provide a continuum of care for homeless youth and will serve as major entry points to ensure engagement and treatment programs are available.

B. Background:

DCF is charged with serving and safeguarding the most vulnerable children, youth, and families in the State and ensuring that service delivery is directed towards their safety, protection, permanency and well-being.

Youth who are homeless or at-risk for homelessness are more vulnerable for becoming a victim of sexual exploitation, abuse, human trafficking, substance abuse, and other risk factors. Through community-based street outreach and other approaches, homeless youth will be identified

and engaged for services and to develop and build upon the necessary protective and promotive factors to help them achieve safety, well-being, and success. DCF will fund one program to conduct street outreach to youth in Atlantic City, link youth with the necessary resources and supports, and promote community awareness and prevention about homelessness, sexual exploitation and human trafficking. The program will protect homeless youth and if possible reunite them with their families. If reunification is not possible, these programs will refer youth to programs that will help them progress from crisis and transitional care to stabilization and independent living. DCF expects the programs to be: safe and welcoming for all youth, including Lesbian, Gay, Bisexual, Transgender, Questioning, and Intersex (LGBTQI) youth; appropriately trained and experienced in providing case management to homeless youth; competent (culturally and linguistically) to diverse cultures and backgrounds of youth; experienced in delivering street outreach services; and providing trauma-informed services.
