- 1. Regarding the FFC proposal, is it necessary to host the program at a local school or would it be possible for us to incorporate the students into one of our Club facilities where they will have access to additional resources such as a pool?**

No. FFCs are required to operate in a local school setting. Programs can take students to resources in the community to expand resources and services.

- 2. Are existing Family Friendly programs allowed to apply for additional centers within the same city?**

Yes.
