Deliver proposal to: 50 East State Street, 3rd Floor

Trenton, New Jersey 08625-0717

- 1. Will the DCF accept a project budget that exceeds \$10,000 to illustrate the full scope of the project, or should we submit a budget of \$10,000 or less that details a specific component(s) of the needed upgrades?**

We will accept projects whose budget exceeds \$10,000.00 as long as the agency can definitively show they have the funding to complete the project. We can definitely fund a portion of a project. It makes good sense for an agency to do a project they really need if they can fund a component of it.

- 2. Is it acceptable to include quotes/bids from more than a single vendor, if we anticipate different vendors may be involved with different aspects of the project?**

It is acceptable to have bids from various vendors if they are going to each be doing part of the project.

- 3. May we include time/labor for our Facilities Manager (who works for us on a consultant-basis) in the project budget if he will be conducting some of the installation work himself?**

Yes, the Facilities Manager may do the work if properly trained, licensed and insured. Also, there needs to be a specific breakdown as to how much the Facilities Manager is going to be compensated out of the grant for his work like any other bid which would include labor.
