CERTIFICATION OF APPROVAL  
OF THE SEPTEMBER 25, 1984 AMENDMENT  
TO THE MERCER COUNTY DISTRICT  
SOLID WASTE MANAGEMENT PLAN

BY ORDER OF THE COMMISSIONER:

A. Introduction

The New Jersey Solid Waste Management Act (N.J.S.A. 13:1E-1 et seq.) established a comprehensive system for the management of solid waste in New Jersey. The Act designated all twenty-one (21) of the State's Counties, and the Hackensack Meadowlands District, as Solid Waste Management Districts, and mandated that the Boards of Chosen Freeholders and the Hackensack Meadowlands Development Commission develop comprehensive plans for waste management in their respective Districts. On July 31, 1980, the Department approved, with modifications, the Mercer County District Solid Waste Management Plan.

The Act requires that all district plans be based on and accompanied by a report detailing the existing waste disposal situation in the district, and a plan which includes the strategy to be followed by the district in meeting the solid waste management needs of the district for the ten-year planning period. The report must detail the current and projected waste generation for the district, inventory and appraise all facilities in the district, and analyze the waste collection and transportation systems which serve the district. The disposal strategy must include the maximum practicable use of resource recovery techniques. In addition to this strategy, the plan must designate sufficient available suitable sites for the disposal of the district's waste for the ten-year period; which sites may be in the district, or if none are available, in another district. (The Act provides procedures for reaching any necessary interdistrict agreements.)

The Act further provides that a district may review its plan at any time, and, if found inadequate, a new plan must be adopted. The Mercer County Board of Chosen Freeholders completed such a review and on September 25, 1984, adopted an amendment to its approved District Solid Waste Management Plan. The amendment was received by the Department of Environmental Protection on September 25, 1984 and copies were distributed to various state level agencies for review and comment, as required by law.

The Department has reviewed this amendment and has determined that the amendment adopted by the Mercer County Board of Chosen Freeholders is approved with modifications as noted in accordance with N.J.S.A. 13:1E-24.

**B. Certification of Mercer County District Solid Waste Management Plan Amendment**

I, Robert E. Hughey, Commissioner of the Department of Environmental Protection, in accordance with N.J.S.A. 13:1E-1 et seq. and N.J.S.A. 13:1E-21, which established specific requirements regarding the contents of the District Solid Waste Management Plan, have reviewed the September 25, 1984 amendment to the approved Mercer County District Solid Waste Management Plan and certify to the Mercer County Board of Chosen Freeholders that the September 25, 1984 amendment is judged in compliance with the requirements of N.J.S.A. 13:1E-21 and is hereby made a final approved part of the Mercer County District Solid Waste Management Plan.

The inclusion within the Plan of the DeLorenzo Twin County Disposal, Inc. transfer station, to be located on Lot 3, Section 211A, in the municipality of the City of Trenton, is approved. The construction of any facilities at this site shall be preceded by the obtaining of all necessary permits and approvals under N.J.S.A. 13:1E-1 et seq. and all other applicable laws. Issuance of construction and/or operating permits pursuant to the Solid Waste Management Act is limited to those applicants found by the Department to be fit and competent to manage such facilities.

Any solid waste collection operation or disposal facility registered by the Department of Environmental Protection and operating pursuant to a contract as herein described, shall be deemed to be in violation of this amendment and of the Mercer County District Solid Waste Management Plan if such renegotiation is not completed within ninety (90) days of the effective date of this amendment; provided, however, that any such registrant may, upon application to the Department of Environmental Protection and for good cause shown, obtain an extension of time to complete such renegotiation.

**2. Compliance**

All solid waste facility operators and collector/haulers registered with the Department of Environmental Protection and operating within

Mercer County and affected by the amendment contained herein shall operate in compliance with this amendment and all other approved provisions of the Mercer County District Solid Waste Management Plan.
