Dear Ms. Tolmachewich:

The Department of Environmental Protection's Division of Solid and Hazardous Waste is in receipt of a proposed amendment to the Middlesex County District Solid Waste Management Plan (County Plan) dated December 17, 2020. Administrative Action 003-20 to the County Plan proposes County Plan inclusion of GP Harmon Recycling, LLC dba Harmon Associates and Georgia-Pacific Recycling ("GPR") located at Block 480, Lot 1 with a street address of 200 Helen Street in the Borough of South Plainfield. The facility will accept up to 1,600 tons per day of Class A recyclable materials (glass, metal, paper, plastic, and cardboard). All processing and storage of Class A recyclable materials will occur indoors. The facility will operate Monday through Saturday, 24 hours per day. Recyclables will be sorted, baled, and shipped to recycling markets.

Pursuant to N.J.A.C. 7:26-6.11(b)3, the inclusion of a new recycling facility for processing Class A recyclable materials can be accomplished via an administrative action. Therefore, the County Plan inclusion of GPR as a Class A recycling facility is hereby approved as an administrative action pursuant to N.J.A.C. 7:26-6.11(f).

If you have any questions relative to this matter, please contact Dawn Slawsky of my staff at (609) 292-4393 or by e-mail at dawn.slawsky@dep.nj.gov.

Sincerely,

Seth Hackman, Chief
