PUBLIC DEER HUNTING LAND IN NEW JERSEY

New Jersey has more than 750,000 acres of public land available to the deer hunter. This list is arranged by deer management zone for public land open to deer hunting. Generally, only areas with 100 acres or more of upland habitat are listed. State parks and forests that allow hunting may have some sections which are closed to hunting. Some areas allow deer hunting only during certain seasons, require an access fee or have other special regulations. Refer to the Digest section Special Areas Hunting Season Information or contact the appropriate authority for details. See page 83 for hunting opportunities on national wildlife refuges in New Jersey.

Remember: Hunters must have permission to hunt agricultural land even if the land is not posted. Hunters should obtain permission before hunting any private property. Hunters are advised not to purchase a deer permit for a zone in which they have no place to hunt.

SAFETY ZONE Awareness: Protecting Your Hunting Privilege

New Jersey hunters enjoy many types of hunting, numerous days afield and generous bag limits. But development and other human encroachment on the forests and fields of the Garden State has changed wildlife habitat and land suitable for hunting, such that SAFETY ZONE awareness is even more critical for modern hunters.

What is a SAFETY ZONE?

- The SAFETY ZONE is the area within 450 feet of a building or school playground, even if not occupied.
- The SAFETY ZONE is the place where you, the hunter, cannot carry a loaded firearm or nocked arrow unless you have written permission in hand.
- The SAFETY ZONE was established by legislation in 1946 as an area to place some physical distance, a buffer, between hunters and homeowners.
- The SAFETY ZONE could be land where there is suitable wildlife habitat for adaptable species, like the white-tailed deer, cottontail rabbit and Canada goose.

- The SAFETY ZONE is not a magic shield which can stop a misdirected bullet from entering the area around a home

What can you do to heighten your SAFETY ZONE awareness?

1. Post SAFETY ZONE signs.
2. Talk with landowners.
3. Hunt SMART and remind your hunting partners to Hunt SMART.
4. Know the law.

Remember, failure to hunt safely and responsibly is inexcusable. You must always be a responsible hunter, aware of your surroundings, the target and what may lie beyond the target. The principles of hunter education do not disappear at the completion of a course, but are called into practice every time you hunt.

Take special care hunting on “high visibility” property, habitat where our adaptable wildlife species—especially white-tailed deer—are now flourishing. Here, hunter conduct will be watched closely; the image we portray can have a great impact on the tolerance for our sport. So hunting these special areas carries added responsibility for you, as a hunter, to exercise restraint and make superior judgment decisions.

New Jersey Department of Environmental Protection (DEP) has a new Web-based tool called i-MapNJ.

If you have access to the Web, here is a way to create maps of your favorite Wildlife Management Areas. i-MapNJ also provides a wealth of other environmental information.

This interactive program is updated regularly so most of the latest information is available.

To access i-MapNJ, go to the DEP's Web site at www.state.nj.us/dep. Click the i-MapNJ button in the left column.

If you do not have access to the Web and are interested in a specific Wildlife Management Area, call (609) 984-0547 to request a map.

WORKSHOPS AND HUNTER EDUCATION

Charmaine Ponce was successful at her first guided Pheasant Hunt for Women, one of the Becoming an Outdoors-Woman events.

Outdoor Skills Workshop for Women

New Jersey's "Becoming an Outdoors-Woman" (BOW) Program is part of a nationwide effort to help women overcome barriers to participation in outdoor recreation by providing opportunities to try new activities. Since it began at the University of Wisconsin in 1991, the program has exploded in popularity. BOW can be found in 44 states and eight Canadian Provinces across North America. New Jersey Division of Fish and Wildlife has been offering BOW workshops since 1995.

Although BOW workshops are designed for women, they offer anyone 18 years old and over opportunities to try new outdoor activities, improve existing skills, and meet other outdoor enthusiasts. The three-day BOW and one-day "Beyond BOW" workshops offer hands-on instruction in hunting, angling, and related outdoor pursuits in a relaxed, non-competitive atmosphere.

All of our instructors have many years of experience afield. They were chosen for their ability to share their knowledge and their belief in encouraging anyone who has an interest to get involved in the outdoors.

To find out more about the BOW program, log on to our Web site at www.njfishandwildlife.com or mail in the coupon below. Those with an e-mail access can sign up to receive the BOW listserv (electronic mail service) announcements. The BOW listserv will send automatic updates about the BOW program and workshop availability. It's simple to subscribe. On the Division's Web site at www.njfishandwildlife.com go to 'Education' on the left side of the homepage. Click on 'Becoming an Outdoors-Woman,' then click 'BOW E-mail list.' Fill out the electronic form and click submit. That's it! A confirmation message will ask you to return an authorization code. Then you'll be set to receive automatic updates about New Jersey Division of Fish and Wildlife's BOW Program.

To be placed on the BOW contact list, complete this coupon and send to: New Jersey Fish & Wildlife, 26 Rt. 173W., Hampton, NJ 08827.
