Television personality and master whitetail hunter Roger Raglin uses Lightfield Slugs.

What can Lightfield Slugs bring to your next hunt?

Alpha Gold, right. Hybred-Elite, left.

Slugs pictured are not to scale.

Alpha Gold 300 – NAHC Members rated 97%. North American Hunting Club member reports noted its ease of loading, accuracy and stopping power. This serrated hollow point 99% pure lead, 300 grain, 50 caliber lethal missile is designed for high velocity, a flat trajectory and the downrange energy for massive stopping power. And it has a higher ballistic coefficient than any sabotated pistol bullet for regular or quick-loading muzzleloaders.

Lightfield's Hybred-Elite™ sabot slug – the deer specialist.

This 1¼ ounce, 99% pure lead slug exits your barrel at 1730 ft/sec, with 3628 ft-lbs of energy and the consistent spin rate that only Lightfield's patented keying of the sabot and slug provides. Lightfield's Hybred-Elite™ delivers on accuracy, expansion and stopping power (with a TKO rating of 80!). It's everything you could want in a sabot slug for deer.

LICENSES AND PERMITS

(continued from page 15)

Permits for Hunters with Disabling Conditions

A permit to use alternative methods/equipment for taking game during the prescribed seasons for certain physically challenged persons may be issued. The application period is Jan. 1 to Aug. 31 of each year.

Permits to Shoot from a Standing Vehicle

A permit to hunt or shoot from a standing vehicle that is parked off the road may be issued to licensed hunters who 1.) have a permanent or irreversible physical disability that limits their ambulatory ability, 2.) suffer from cardiovascular disease and are classified as Class 3 or 4 heart patients according to American Heart Association standards, or 3.) suffer from chronic lung disease. This permit will be issued if the need is certified by a licensed physician or chiropractor.

Individuals hunting with a permit to hunt or shoot from a motor vehicle must mark the vehicle being used for the purpose of hunting either with handicapped license plates issued by the Motor Vehicle Commission or by displaying a sign provided by Fish and Wildlife in the rear window of the vehicle being used.

Bow Use Permit

A special Bow Use Permit may be issued to disabled hunters who cannot use a conventional bow as described in the Game Code. This permit allows the alteration of a long bow, recurve bow or compound bow with a mechanical device that will enable the archer to draw and cock the bow at full or partial draw. In case of demonstrated need, a permit to use a crossbow may be issued.

Special Bow Use Permit applicants must have a disability that meets any one of the following criteria: amputation or other loss of one or both arms above the wrist; an amputation or other loss of index or middle finger on the hand used to draw and release the bow; permanent, substantial loss of function or range of motion in one or both arms, one or both hands, or one or both shoulders; or suffer from cardiovascular disease and are designated as a Class 3 or 4 heart patient according to the American Heart Association standards. These permits will be issued only if the need is certified by a licensed physician.

Additional information about permits for hunters with disabling conditions is available by writing: NJ Division of Fish and Wildlife, Handicapped Permits, P.O. Box 400, Trenton, NJ 08625-0400 or downloaded directly from our Web site: www.NJFishandWildlife.com/disinfo.htm

Permits, Other

Captive Wildlife Permits

The possession, ownership and release of wildlife is regulated and allowed only for limited purposes. Information and applications may be obtained online or by calling: Nongame and Exotics Permits at (908) 735-5450, www.NJFishandWildlife.com/exotic_apps.htm; or for Game birds and Mammals: (609) 292-2966, www.NJFishandWildlife.com/captpermits.htm.

Deer Road-Kill Permits

Deer accidentally killed by motor vehicles may be possessed for private consumption only by obtaining a free permit from the local police department or from a Fish and Wildlife regional law enforcement office. The permit only authorizes the possession of the meat for consump-

tion and is good only for 90 days. The possession of all other parts such as antlers, under terms of this permit, is expressly prohibited. Wrapped venison packages must be labeled with the permit number.

Stamps

Stamps (such as state and federal migratory bird stamps) are not transferable to another person and are not valid unless signed across the face in ink. Stamps need not be affixed to the license. Pheasant and quail "stamps" now print directly on your license at the time of purchase, replacing the former paper stamp for these privileges.

Pheasant and Quail Stamp

Anyone aged 16 and over (except 16 year olds whose youth license remains valid through the end of the year in which they turn 16) hunting or possessing pheasant or quail on the following designated wildlife management areas shall have in possession a current Pheasant and Quail Stamp (the free youth hunting license includes a pheasant and quail stamp):

Assunpink, Berkshire Valley, Black River, Clinton, Colliers Mills, Dix, Flatbrook, Glassboro, Greenwood Forest, Howardsville, Heislerville, Mad Horse, Manahawkin, Manasquan River, Medford, Millville (Bevan), Nantuxent, Peaslee, Pequest, Port Republic, Stafford Forge, Tuckahoe (MacNamara), Walpack, Whittingham and Winslow. The Delaware Water Gap National Recreation Area is also a designated pheasant and quail stamp area. Pheasant and quail stamps are valid for the calendar year, January-December.

New Jersey Waterfowl Stamp

Anyone 16 or older who hunts waterfowl must possess a New Jersey Waterfowl Stamp in addition to the Federal Duck Stamp. Both stamps are valid for the fiscal year, July 1-June 30. A Harvest Information Program (HIP) certification is also required. For HIP details, see Migratory Bird Regulations, page 73. ♫

Deer Season Permits

Permit hunting seasons play a major role in Fish and Wildlife's deer management program. The three permit seasons provide a means to control hunting pressure, and thereby the harvest, in each deer management zone to meet specific deer management objectives. With the additional harvest and recreational opportunity these seasons provide, an additional fee is charged for each permit.

Farmer deer permit information is detailed in the *Farmer Hunting Information* section beginning on page 29. Farmers purchasing non-farmer permits should also read this deer season permit section, below.

For application and purchasing procedures, see *Permits for Hunters and Trappers*, page 12.

- A permit is required to hunt during the Permit Bow, Permit Muzzleloader and Permit Shotgun deer seasons.
- The regular, zone-specific deer permit is valid **only** for the hunting of antlerless deer. To take an antlered buck, hunters must purchase an Antlered Buck Permit. These Antlered Buck Permits are not zone-specific but are valid only

when used in conjunction with a regular, zone-specific deer permit.

- Hunters are still limited to purchasing one Antlered Buck Permit per permit season (i.e., one Antlered Buck Bow Permit, one Antlered Buck Shotgun Permit and one Antlered Buck Muzzleloader Permit.) Buck Permits are valid in any zone for which the hunter has a valid antlerless permit.
- Regular antlerless deer permits are zone-specific and are valid for the duration of the specified zone's permit season, including when that season extends into the 2009 calendar year. Hunters are still limited to purchasing one zone-specific permit per season. Example: If you hunt only Zone 19, you may purchase only one muzzleloader, one bow and one shotgun antlerless permit for Zone 19. If you hunt in more than one zone you may purchase one muzzleloader, one bow and one shotgun permit for each zone.
- Regardless of the number of regular antlerless permits in possession, **hunters are limited to taking one buck during each of the permit seasons ONLY after first purchasing a Buck Permit for that season.** (See *Deer Hunting Regulations, Licenses and Permits* for details, page 30.)
- A resident, non-resident or youth hunting license is a prerequisite to purchase a deer permit. See page 10 for hunting license information.
- Muzzleloader season permits are not valid unless accompanied by both a valid rifle permit and a Firearm or All-around Hunting License while hunting.
- Permits are valid only for the season and zone indicated, are **non-transferable** and **non-refundable**.
- It is illegal to use a permit for a zone, season or hunter other than those named on the permit. Deer permit violations are subject to a fine of \$100-\$500 for each offense.
- The cost per permit (both the regular Antlerless (zone specific) Deer Permit or Antlered Buck Permit) is \$28 for each adult and \$12 for each youth permit.

Important:

Antlered Buck Permits may be purchased only during specific timeframes. Antlered Buck Permits must be purchased before by 11:59 p.m. on the first day of each permit season as follows:

- Antlered Buck Permits for the Permit Bow Season **must be purchased by Nov. 1** at 11:59 p.m.
- Antlered Buck Permits for the Permit Muzzleloader Season **must be purchased by Dec. 1** at 11:59 p.m.
- Antlered Buck Permits for the Permit Shotgun Season **must be purchased by Dec. 17** at 11:59 p.m.
- For hunters who do not purchase a deer permit until after the season opens, an Antlered Buck Permit **may be purchased only with** the initial regular antlerless zone-specific permit. There will be no other chance to purchase an Antlered Buck Permit after your initial permit purchase for a given permit hunting season.
- There are **NO EXCEPTIONS**.

Permits Available at Participating License Agents (Non-lottery Zones)

- The following deer management zones have permit quotas that far exceed hunter demand: Zones 1-19, 21-31, 34-36, 41-43, 45-51, 55, 63, 65, 67 and 68. These permits are available without a lottery on a first come, first served basis. In the unlikely event that sales reach the permit quota for a specific zone and season combination, those permit sales will end.
- Permits sales are available at license agents listed on page 20 and on Fish and Wildlife's Internet sales site www.WildlifeLicense.com/NJ/. See Lottery Permits, below, for zones with lower permit quotas.
- **Bow, muzzleloader and shotgun permits will be available for sale beginning Monday, Oct. 6, 2008 at 10 a.m. and continue until each season ends. Some seasons run through Feb. 14 2009. See the Regulation Sets, page 44.**

PERMIT INFORMATION

(continued from page 17)

license agent. Be prepared.

- To purchase a permit at a license agent a hunter must present his or her valid, current year's hunting license.
- A person may purchase a permit for an absent hunter only when the following conditions are met: 1.) the absent hunter has already completed a Child Support Certification through the Integrated Electronic Licensing System via the Internet or at a license agent and 2.) the buyer shows the absent hunter's valid hunting license and identifying information (date of birth and Conservation ID Number or Social Security Number.) License photocopies not accepted.
- The hunter is responsible to know in what zone and season he or she wants to hunt.
- Hunters are urged to review their permit before leaving the license agent.
- Once a permit fee is paid and the

buyer leaves the store, there will be no returns, exchanges or refunds. **No exceptions.**

- Permits purchased online via the Internet will take 7-10 days for delivery. Hunters will have the option to pay extra for express delivery.

Special Area Deer Management Zones

- Special Areas include federal military installations, certain state and county parks and national wildlife refuges.
- Select zones have specific qualifying criteria which hunters must meet before obtaining a permit. Certain zones are not open to the public. It is the hunters' responsibility to arrange for property access prior to applying for or purchasing a permit.
- Refer to *Special Areas Hunting Seasons* on page 47 for details.

Military Zones

Military base deer management zones include the following: Picatinny Arsenal (Zone 54), Earle NWS (zones 39 and 40), Lakehurst NAES (Zone 53), FAA Tech Center (Zone 66) and Fort Dix (Zone 37.) All have lower quotas with a limited number of available permits. Due to heightened security, hunters must be sure to have proper security clearance and access prior to applying for or purchasing permits for military base zones.

Hunters interested in a Fort Dix, Zone 37 permit must apply in the lottery.

Lottery Permit Zones

Permits will be available by lottery for the following zones: 37, 38, 56, 57, 58, 61, 64 and 70.

Zones which have a limited deer permit quota require a lottery. Hunters may apply for a total of four deer permits (two bow, two firearm) through the lottery. Lottery applications may be submitted at license agents and on Fish and Wildlife's Internet sales site, www.WildlifeLicense.com/NJ/. Two random lotteries will be conducted; afterwards, remaining permits may be available for purchase over-the-counter. See *Special Areas*, page 47 for details.

- For complete instructions on the lottery permit application, drawing and purchase processes, see *Permits for Hunters*

and *Trappers* in the *Licenses, Permits and Stamps* section, page 10.

- Submit only one lottery permit application per hunter.

Lottery - Important Dates

- **Deadline: Applications must be submitted before 11:59 p.m. on Sept. 7, 2008. The application period opens Aug. 1.**
- **Permit award notification and permit pickup begins the week of Sept. 22.** (Note: All permits awarded in the lottery will be held in reserve for pickup at a license agent or will be mailed if claimed via the Internet.)
- Hunters awarded permits in the lottery may also purchase an Antlered Buck Permit while claiming your awarded lottery permit(s) beginning Sept. 22.

Over-the-Counter Sale of Leftover Lottery Permits

- Beginning at 10 a.m. on Monday, Oct. 6, 2008, permits which remain unclaimed will be sold over-the-counter at license agents and at Fish and Wildlife's Internet sales site, www.WildlifeLicense.com/NJ/.
- Leftover permits will be sold on a first come, first served basis.
- A list of available unclaimed permits will be posted on Fish and Wildlife's Web site.

Note: Not all Special Areas permits will be sold over-the-counter. Qualifying hunters should apply for a permit in the lottery instead of waiting for possible leftover permits. See the *Special Areas Information* beginning on page 47.

TAKE A KID HUNTING

Pheasant Hunt: November 1, 2008

The 2008 Take a Kid Hunting Pheasant Hunt will allow properly licensed hunters with a valid youth license to hunt on one of nine stocked Wildlife Management Areas (WMA) on Saturday morning, Nov. 1, 2008. In a cooperative effort between the Division of Fish and Wildlife and the New Jersey State Federation of Sportsmen's Clubs, volunteer hunting mentors with trained bird dogs will guide youth hunters on a pheasant hunt. This experience will increase the young hunters' opportunity for harvesting a pheasant in a setting which encourages responsible and safe hunting practices.

All guided hunt participants must pre-register and be accompanied to the check-in by a parent or guardian. Parents or guardians are welcomed and encouraged to follow the hunters through the fields. All pre-registered hunters will receive an information packet. One session will be offered, starting at 7 a.m.

Only 50 youth hunters will be allowed on each WMA during each session. If the number of applicants exceeds the number of slots available, a random drawing will be held to select participants. To register, please send the application below to:

Take a Kid Hunting, NJ Div. of Fish and Wildlife, Northern Region Hunter Education, 26 Rt.173 W, Hampton, NJ 08827. All entries must be postmarked by Oct. 18, 2008. Information will be mailed around Oct. 28, 2008.

Youth Deer Hunting Days

Youth Bow Hunt, Saturday, Sept. 27, 2008

Youth Firearm Hunt, Saturday, Nov. 22, 2008

Take this great opportunity to introduce youth hunters to deer hunting!

WHO CAN HUNT: Hunters with a valid youth hunting license.

- The youth hunter **MUST** be under the direct supervision of a person who is at least 21 years old and who has a valid firearm or bow and arrow license corresponding to the season hunted. Direct supervision is defined as both the youth hunter and parent/guardian set up together at the same location, hunting as a unit, not hunting independently. The adult **CANNOT** hunt or possess a firearm or bow. The adult may grunt, call or rattle for the youth. In addition to the youth, the adult accompanying the youth should wear the required hunter orange during the youth firearm deer hunt.

BAG LIMITS: Youth may hunt statewide for one deer of either sex on each of the above dates.

- During the Youth Firearm Deer Hunt, youths may hunt either with a shotgun or muzzleloader.
- If the youth is hunting with a muzzleloader, both the youth and the adult must possess a valid rifle permit.
- Antler Point Restrictions do **NOT** apply on these days for the youth hunter.
- These hunts are extensions of the Fall Bow and Six-day Firearm seasons; no special season deer permit is required. Youth hunters may still harvest one antlered deer during the Fall Bow Season, and two antlered deer during the Six-day Firearm Season.

TAGGING REQUIREMENT: The youth hunter must tag their deer with a homemade transportation tag, or cut out the deer transportation tag provided on page 35.

- The tag must include the youth hunting license number or Conservation ID number, sex of deer, number of antler points, date, zone, county and township from which the deer was taken, and must say "Taken during the Bow (or Firearm) Youth Hunt." No supplemental tags are issued when Youth Hunt deer are checked.

Glenn Mealy

It happened so fast. Tyler Mealy, 11, had no time to get nervous when his dad, Glenn, grunted but barely slowed down a buck as it moved through an open area in New Egypt's Zone 17 on Youth Day. The next loud grunt stopped the buck, now looking right at Tyler, who put into action what dad taught him: a perfect double-lung shot at 55 yards with a 20-gauge Remington 870 youth slug gun and Lightfield slugs. This was Tyler's first time hunting.

TAKE A KID HUNTING

Youth Upland Bird Hunt Day

Saturday, November 1, 2008

Youth hunters with a valid youth license, under the direct supervision of a New Jersey-licensed, non-hunting adult 21 years or older, will be permitted to hunt on licensed semi-wild hunting preserves. Youths may hunt for pheasant, quail and/or chukar on Saturday, Nov. 1, 2008 from 8 a.m. to sunset. Take advantage of this great opportunity for hunters belonging to semi-wild preserves to introduce youth hunters to upland bird hunting without competition from adult hunters.

Youth Turkey Hunt Day

April 11, 2009

Youth hunters with a valid youth license who have obtained a turkey permit may begin their spring turkey season on the special youth turkey hunting day, April 11, 2009. Youth must be under the direct supervision of an adult 21 years or older who possesses a valid New Jersey hunting license.

Ted Nichols

After a longbeard called in by her dad at dawn failed to present a good shot, 13-year old Molly Nichols persevered by walking several miles to locate another bird. The turkey strutted for 15 minutes before coming into range. Molly took the bird at 20 yards. The 19-pound gobbler, sporting 7/8 inch spurs and a 10-inch beard, was taken on Peaslee WMA.

Youth Waterfowl Hunting Days

A fine day of duck hunting on great Bay WMA was shared between Michael Castelli of Galloway and Brooke Devlin of Tuckerton.

Youth hunters with a valid youth hunting license and under the direct supervision of a non-shooting New Jersey-licensed adult hunter (age 21 or older) will be permitted to hunt for waterfowl from 1/2 hour before sunrise to sunset on the following dates by zone:

- North Zone Oct. 4**
- South Zone. Nov. 7-8**
- Coastal Zone. Oct. 25**

COASTAL ZONE Each youth hunter may participate on all three days. See the New Jersey 2008-09 *Migratory Bird Regulations* for further details including written zone boundary descriptions and species bag limits. Non-toxic shot is required. Federal and state waterfowl stamps are not required on these youth days. Daily bag limits for ducks, Canada geese, brant, snow geese, coots, moorhens and gallinules will be the same as those allowed during the regular season.
