REGULATIONS

Six-day Firearm Deer Season

Dec. 4–9, 2017 and Dec. 3–8, 2018
(Season always opens the second Monday after Thanksgiving.)

© JeffCrawn.com

Regulations in *red* are new this year.

Legal Deer Hunting Hours: half hour before sunrise to half hour after sunset

ONLY ONE ANTLERED DEER may be taken per season statewide regardless of the number of antlered buck permits in possession, except two deer may be taken during the Six-Day Firearm Season. To be legal, all deer harvested must be reported using Fish and Wildlife's Automated Harvest Report System (see page 36), either online or by telephone. Hunters will be assigned a Confirmation Number in place of the metal possession seal formerly provided at check stations. This Confirmation

Number, like the metal seal, must be kept with the deer and its parts.

Note: Only one deer at a time may be taken during any permit season even if you possess both an antlered and antlerless permit, **except** in those zones in Regulation Sets 6, 7 and 8 where two deer at a time may be harvested during the **Fall Bow, Permit Bow, Permit Shotgun, Permit Muzzleloader and Winter Bow** seasons.

NOTE: Sunday bowhunting for deer is legal only on state wildlife management areas and private property.

Feral Hogs

With the ongoing presence of feral hogs in the Gloucester County area, New Jersey Division of Fish and Wildlife will allow deer hunters in Deer Management Zones 25 and 65 to hunt feral hogs during the regular deer seasons. Feral hogs must be checked. Hunters who harvest a feral hog must call (609) 748-2044 to schedule a time to check in the hog.

Deer Management Zone Boundaries

Deer management zone (DMZ) boundary descriptions are now available by scanning this QR code with your mobile device or by visiting our website at NJFishandWildlife.com/pdf/deerzones.pdf. Review the map on page 42 for general DMZ borders and the Regulation Set color-coding scheme.

For quicker results, use the **Deer Hunting Location Viewer** at NJFishandWildlife.com/ahrs.htm with simple instructions above the viewer's map to determine the deer management zone (zone), county, township and deer management unit (unit) where you hunt. Write down all of this information and keep it accessible while in the field for when you must report your deer harvest.

Key Concepts and Definitions

- ♦ **Antlered deer** is defined as any deer with at least one antler measuring at least three inches in length as defined below.
- ♦ **Antler length** is defined as the maximum length of a deer antler measured from the lowest outside edge of the antler burr along the outer curve to the most distant point of what is or appears to be the main antler beam. For the purposes of this definition, the antler length does not include the pedicel or portion of skull between the skull plate and base of the antler point.
- ♦ **Antler point** is defined as any point at least one inch long from its tip to its base line, and the length must exceed the width at some location at least one inch down from the tip.
- ♦ **Antlerless deer** is defined as any deer that does not have an antler length measuring at least three inches. For the purposes of this definition, adult male deer that have shed their antlers, button bucks and adult males with antlers less than three inches are considered antlerless deer.
- ♦ **Antlered Buck Muzzleloader Permit, Antlered Buck Shotgun Permit or Antlered Buck Bow Permit** refers to the antlered buck permits available for purchase which are valid *only* when used in conjunction with the antlerless, zone-specific deer season permit. The antlered buck permits contain an antlered deer Harvest Report (formerly called a transportation tag) and allows for the pursuit and harvest of an antlered deer only.
- ♦ **Antler Point Restriction** zones include Zones 3, 9, 13, 27, 28, 29, 30, 31, 34, 35, 47, 63 and 67. The harvest of antlered deer from these zones during any open season is restricted to deer with at least one antler having a minimum of three antler points as defined above. The goal of the antler point restriction strategy, as part of Quality Deer Management, is to reduce harvest pressure on the 1½ year-old antlered deer in the expectation that they will survive to produce larger antlers as older animals.

Feral Hogs

Report sightings, rooting evidence or other damage caused by feral hogs!

USDA APHIS Wildlife Services at (908) 735-5654 x 2

Deer hunters must report the harvest of feral hogs to New Jersey Division of Fish and Wildlife at (908)735-6938.

For more information on Feral Hogs in New Jersey, visit our website by scanning this code or go to NJFishandWildlife.com/qr/hogs.htm.

- ♦ **Special Areas Deer Management** zones include Zones 37, 38, 39, 53, 54, 56, 57, 58, 61, 64, 66, 67, 68 and 70. They are generally small, publicly-owned properties administered by county, federal or state agencies (other than Fish and Wildlife) where deer season dates, bag limits or regulations differ from those of the surrounding deer management zone. See page 44 for details.
- ♦ **Youth Hunter** status applies to the possessor of a valid Youth Hunting License (or the immediate member of a qualified occupant farmer who is at least 10 years of age) and continues until Dec. 31 of the year in which he or she turns 16 years of age. **The Youth Bow Deer Hunt Day is Saturday, Sept. 23, 2017. The Youth Firearm Deer Hunt Day is Saturday, Nov. 18, 2017.** The bag limit for youth hunters on this day is one deer of either sex. Antler Point Restrictions and Earn-A-Buck requirements do not apply for deer taken on this day by youth hunters. See page 24 for details. See page 31 for a cut-out Harvest Report Card.

Licenses and Permits

- ♦ See *License, Permits and Stamps*, page 8, for details and for Hunter Education requirements.
- ♦ Additional hunting licenses may not be purchased in order to harvest additional deer.
- ♦ Although hunters may purchase multiple deer permits, they are limited to **only one zone-specific ANTLERLESS permit per zone during**

each of the permit seasons. For example, a hunter may buy an ANTLERLESS muzzleloader permit for each of Zones 18, 21 and 24. A hunter may purchase a bow permit, a muzzleloader permit and a shotgun permit for Zone 24; however, they may not purchase two ANTLERLESS bow permits (nor two shotgun permits nor two muzzleloader permits) for Zone 24.

- ♦ It is unlawful to use a bow and arrow for hunting deer while using a firearm license (except during the Six-day Firearm Season) and unlawful while using a shotgun or muzzleloader deer permit. A bow and arrow license and permit (when required) must be in possession using this hunting equipment. In addition, during the overlapping Six-day Firearm Season, bowhunters with a valid Permit Bow Season zone permit in those zones governed by Regulation Sets 4–8 may continue to hunt using their bow and arrow license and must register their harvest with their zone permit Harvest Report Number. Hunters without a Permit Bow Season zone permit who want to use a bow during the Six-day Firearm Season **MUST** also possess a valid Firearms Hunting License and register their harvest using Harvest Report Number on their firearm license.
- ♦ **The zone-specific Bow, Muzzleloader and Shotgun Permits are valid ONLY for the pursuit and harvest of ANTLERLESS deer.** Hunters who want to pursue and take an antlered deer during any of these seasons must purchase an

Antlered Buck Bow, Antlered Buck Muzzleloader or Antlered Buck Shotgun Permit. Hunters may purchase only one Antlered Buck Permit per season. An Antlered Buck Permit must be used in conjunction with zone-specific antlerless permit. The Antlered Buck Permit is not zone-specific; it is valid for use in any zone for which the hunter already holds a zone-specific antlerless season permit, but only one buck may be harvested per season. Adult deer permits are \$28; youth deer permits are \$12.

Antlered Buck Permit Deadline!

Antlered Buck Permits must be purchased by 11:59 p.m. on the following dates: Oct. 28 for Permit Bow; Nov. 27 for Permit Muzzleloader and Dec. 13 for Permit Shotgun seasons, UNLESS you are buying your first zone-specific antlerless permit AND an Antlered Buck Permit at the same time after these dates. See *Antlered Buck Permit Deadline!* page 18.

Deer Hunting

REGULATIONS

Regulations in red are new this year.

Firearms, Ammunition and Sights

- ♦ See chart below and page 26 for general hunting regulations which also apply to deer hunting.
- ♦ **All firearms must be cased and unloaded while being transported in vehicles, including on all-terrain vehicles.** A muzzleloader is considered unloaded when, in the case of a percussion cap rifle or shotgun, the percussion cap has been removed from the nipple; in the case of a flintlock, when the powder is removed from the pan and a boot or cover made of nonmetallic material is placed over the frizzen.
- ♦ Hunters using or possessing **any shotgun slug** in the field during the deer seasons must have a shotgun with adjustable open iron or peep sights or a scope affixed to the shotgun.
- ♦ **Telescopic sights** of any magnification (scope power) are permitted for deer hunting on all firearms, including muzzleloader rifles and smoothbore muzzleloader shotguns. No permits are required for telescopic sights.
- ♦ Any sight or device that casts a beam of light upon the deer is prohibited.
- ♦ Shotgun shells containing single spherical projectiles referred to as **pumpkin balls** are prohibited.
- ♦ While deer hunting with a shotgun, it is illegal to have in possession any ammunition not authorized for deer hunting.

- ♦ Muzzleloaders are legal during the Six-day Firearm season where the hunter must also possess the annual Rifle Permit. See page 12.
- ♦ When hunting during the *overlapping* firearms seasons for deer and when in possession of the proper permits for the current seasons, hunters may carry the firearms legal for the current seasons. For example, when Six-day Firearm and Permit Muzzleloader seasons run concurrently, a hunter may be in possession of a shotgun and *either* a muzzleloading rifle *or* smoothbore muzzleloader.
- ♦ Double-barreled muzzleloading rifles are not permitted during the Six-day Firearm or Permit Muzzleloader seasons.
- ♦ Only one muzzleloading rifle or smoothbore muzzleloader may be in possession while deer hunting, but not both simultaneously.
- ♦ Only **black powder or black powder equivalents**, such as Pyrodex and Triple Se7en, may be used with a muzzleloading firearm when engaged in hunting. Modern smokeless powder is strictly prohibited while hunting game with a muzzleloading firearm.
- ♦ **Special Areas Deer Management Zones** may have regulations that **differ** from the statewide regulations. See page 44 for details.

all sides or within five feet outside the blind and higher than the blind or at least three feet off the ground, whichever is higher. During these concurrent seasons, bowhunters in tree stands also should consider wearing hunter orange.

A “ground blind” is defined as a temporary, man-made structure used for the purpose of concealing from sight a person who is hunting. A ground blind is not a naturally occurring feature that a hunter merely uses for concealment.

The State Park Service has modified its policy on the use of hunting tree stands and ground blinds on state parks, forests and recreation areas where hunting is allowed. To view the updated policy, visit the State Park Service website at NJParksandForests.org/stand-blind_policy.htm.

Baiting

Baiting is allowed for deer hunting. Hunters may hunt for deer while in a tree, on the ground or in a structure and from any height and any distance from the bait pile. Hunters should check with the landowner or administrative agency before placing bait on their hunting area as baiting is not allowed on properties such as national wildlife refuges.

Decoys and Electronic Devices

- ♦ **Persons may hunt with the aid of deer decoys statewide in those zones open for deer hunting**

Blinds and Tree Stands

All firearm and bow and arrow deer hunters utilizing a ground blind when a firearm deer season is concurrently open must display 200 square inches of hunter orange atop the blind and visible from

only during the Fall Bow, Permit Bow and Winter Bow seasons. When carrying or moving deer decoys for the purpose of hunting, persons must wear a fluorescent orange hat or outer garment consisting of at least 200 square inches of fluorescent orange material, which shall be visible from all sides as currently required for firearm deer hunting.

- ♦ It is unlawful to hunt for deer with the aid of an electronic calling device or any device that casts a beam of light upon the deer.

Bag Limits

- ♦ For all seasons except Six-day Firearm, properly licensed and permitted hunters are limited to taking one antlered buck per season, regardless of the number of antlerless, zone-specific permits purchased, when applicable.
- ♦ During fall bow in early season zones, the hunter need only harvest one antlerless deer to satisfy the antlerless-first requirement and may then harvest a buck in any zone where the early season is open.
- ♦ Bag limits for the fall bow and winter bow seasons are as prescribed for each zone (see *Regulation Sets*, page 38) except that once a hunter has met the bag limit in a given regulation set, he or she may not harvest additional deer from any zone in that regulation set or in one of identical or more restrictive bag limits. However, the hunter may subsequently hunt in a zone with a more liberal (greater) antlerless bag limit as described in the regulation sets.
- ♦ Bowhunters may take two antlered deer legally on a Bow or All-around Sportsman License, one antlered deer each during the Fall Bow and Winter Bow seasons. Hunters who want to pursue and harvest an antlered deer during the Permit Bow Season must purchase a buck permit valid only when used in conjunction with the zone-specific antlerless Bow Permit. For permit purchasing deadline, see *Deer Season Permits*, page 18.

- ♦ Bowhunters may take antlered deer with their bow during the Six-day Firearm season, provided that they have a current and valid firearm license in addition to an archery license, or have an All-around Sportsman License. Bow hunters who bag an antlered deer during the Six-day Firearm Season with their bow must use the Harvest Report for the Six-day season from their firearm or All-around Sportsman License only. However, during the overlapping Six-day Firearm Season, bowhunters with a valid Permit Bow Season zone permit in those areas governed by Regulation Sets 4–8 may continue to hunt using their bow and arrow license and must register their harvest with their Permit Bow Season zone permit Harvest Report Number.
- ♦ Firearm hunters legally may take two antlered deer during the Six-day Firearm Season on a firearm or All-around Sportsman License. Hunters will be assigned a Confirmation Number upon reporting their first Six-day Firearm Season buck using the new Automated Harvest Report System, allowing the immediate pursuit and harvest of a second buck. Hunters who want to harvest an antlered deer during the Permit Shotgun or Permit Muzzleloader seasons must purchase a buck permit for the corresponding season, valid only when used in conjunction with the zone-specific antlerless Shotgun or Muzzleloader permit. If hunters take a second antlered deer during the Six-day Firearm Season, their Shotgun Permit Season bag limit is then restricted to antlerless deer only. For purchasing deadlines, see *Deer Season Permits*, page 18.
- ♦ Remember, although two antlered bucks may be taken during the Six-day Firearm Season, when that occurs, the antlered buck bag limit for the Permit Shotgun Season is then zero. Hunters may choose: take either two antlered bucks during Six-day Firearm Season, or one antlered buck during Six-day Firearm Season and one antlered

Deer Hunting—General Seasons vs. Permit Seasons

New Jersey has six distinct deer hunting seasons, all of which require a hunting license and three that also require a deer permit.

General Deer Seasons

Three *general seasons* include the Fall Bow, Winter Bow and Six-day Firearm (buck) statewide seasons open to any hunter bearing a valid license corresponding to the season. During these statewide seasons, hunters are not restricted to hunting particular deer management zones but still must abide by the specific season dates and bag limits regulated on a zone-basis. Consult the *Regulation Sets* beginning on page 38.

For these general seasons, a deer Harvest Report is an integral part of every hunting license valid for taking deer.

Permit Deer Seasons

Three *permit seasons* include the Permit Bow, Permit Shotgun and Permit Muzzleloader *zone-specific seasons* open to any hunter bearing a

valid license corresponding to the season plus an appropriate deer permit (bow, shotgun or muzzleloader) for the deer management zone in which you are hunting. These deer permits are valid only for taking antlerless deer. To harvest an antlered buck during any permit season, the hunter must purchase a buck permit (one per person per season) which is not zone-specific but must be used only in a zone for which the hunter possesses the antlerless zone permit. (See page 33.)

During the Permit Bow Season hunters must possess a valid Bow and Arrow or All-around Sportsmen license *plus* a Bow Permit for the specific zone being hunted.

During the Permit Shotgun and Permit Muzzleloader seasons hunters must possess a valid Firearm or All-around Sportsmen license *plus* either a Shotgun or Muzzleloader Permit for the specific zone being hunted. For the Permit Muzzleloader season, the hunter must also possess a valid Rifle Permit. (See *Muzzleloaders* page 27.)

Expiration Dates

All licenses (Firearm, Bow and Arrow and All-around Sportsmen licenses) are valid for the *calendar year* from January 1 through December 31.

All deer permits (Shotgun, Muzzleloader, Bow permits and their respective Buck permits) are valid for the duration of the season—even when the season crosses into the new year. Numerous deer management zones have seasons that begin in November/December and end in January/February.

All Rifle Permits (not the deer *season* permit) are valid for the fiscal year from July 1–June 30.

Find Regulations by Season

Know the deer management zone where you will hunt. Go to the *Regulation Sets* table on page 38. Zones numbers are listed below each regulation set column heading. Confirm season dates and bag limits according to the chosen sporting arm and the corresponding dates. Several deer seasons may be open concurrently.

buck during Permit Shotgun Season (while possessing an Antlered Buck Permit.) The antlerless bag limit for these permit seasons will be one, two or unlimited depending on the zone and season. See *Regulation Sets*, page 38.

- ♦ **Note: Only one deer at a time may be taken during any permit season even if you possess both an antlered and antlerless permit, except in those zones in Regulation Sets 6, 7 and 8 where two deer at a time may be harvested during the Permit Bow, Permit Shotgun and Permit Muzzleloader seasons.**

Mandatory Harvest Report and Tag Requirements

All hunters are required to report harvested deer on the day killed using the Automated Harvest Report System and now must immediately tag your deer.

Before you go hunting:

1. Before your hunt, verify that you have the correct year's license and proper, valid zone permit. This is essential—both to report your harvest and to comply with the law!
2. Use the Deer Hunting Location Viewer at NJFishandWildlife.com/ahrs.htm with easy instructions above the viewer's map. Use this app to determine the deer management zone (zone), county, township, and deer management unit (unit) where you hunt. Write down all this information and keep it accessible while in the field for when you need to report a deer.

In the field:

Upon retrieval, the deer is considered to be in your possession. The hunter *must*:

1. Immediately fill out the Harvest Report that is part of your license or permit (or a Harvest Report card found on page 31) with the exception of the Confirmation Number (a number automatically assigned by the system which replaces the metal possession seal). Leave

the Harvest Report attached to the license. The Harvest Report is *not* used as a tag. See item 2 below for tagging details.

2. Each deer must have a tag affixed to the carcass bearing the hunter's CID, both the date and zone of harvest, antler points and confirmation number, if applicable. Make your own tag or use the Deer Harvest Report Card on page 31.
3. Report your harvest via the Automated Harvest Reporting System (by phone or Internet as printed on every hunting license and permit) by 8 p.m. during the Fall Bow Season or by 7 p.m. for all other seasons. If unable to access the Automated Harvest Reporting System by the designated time, the deer shall be reported immediately by telephone to the nearest Fish and Wildlife Law Enforcement office (see page 41 for Law Enforcement listings). The hunter must continue to attempt accessing the Automated Harvest Report System until they receive a Confirmation Number for that deer.
4. Record your assigned Confirmation Number on your Harvest Report or card. Keep this report in your license holder – Do not attach to the deer. Retain your Confirmation Number as long as the deer or its parts are in possession. To report the harvest of additional antlerless deer during the same season (and zone, if applicable) reuse the same Harvest Report Number from that season's antlerless Harvest Report for all other antlerless deer taken in this season. Since the license or permit report only has space for two Confirmation Numbers, use the Harvest Report Card in this *Digest* (page 31) and on our website, or make your own card on which to record your harvest data and Confirmation Number for each deer.

NOTE: A hunter may be required to produce the head of the deer—or produce records relating to the location of the head such as the butcher or taxidermist who has possession of the deer's head—upon request by a conservation officer within 48 hours after a deer harvest is reported.

Harvest Reports from 2017 permits are valid for the entire length of the Permit Bow, Permit Muzzleloader and Permit Shotgun seasons, including January and February 2018, if the zone specified on the original permit is open for hunting during these dates.

When regulations allow taking multiple deer, hunting may resume after each deer is reported and a Confirmation Number assigned.

The online license system, including the Harvest Reporting section, is optimized for smartphones and other mobile devices. Mobile device users *must* provide a valid email address and phone number.

After Harvesting a Deer

Even when in possession of deer that have been reported already, each deer *must* be tagged with their assigned Confirmation Number, when applicable, and other information. See *Mandatory Harvest Report and Tag Requirements* on this page for tagging details. See page 31 for a Harvest Report

Card for use when each of your license or permit Harvest Reports have been filled or for use as a tag. Be discreet when transporting your deer to the butcher, taxidermist or home; rinse away excess blood, turn the field-dressed side to face in toward your vehicle and push the tongue back into the deer's mouth.

After Reporting Your Deer—Possession or Sale

- ♦ The Confirmation Number assigned by the Automated Harvest Report System must be retained until all venison is consumed and as long as you keep any deer parts, including antlers. Persons with deer mounts should write their name, assigned Confirmation Number, date of kill and season of harvest on back of the mount for future reference.
- ♦ It is illegal to sell deer meat, deer antlers or any part of a deer except deer hides, tails and the lower portion of the legs. However, nonprofit organizations conducting wild game dinners for social and fundraising events may offer game or furbearer meat (the sale of which is otherwise prohibited) provided that the meat has been harvested, stored and processed in accordance with applicable laws and regulations.

Spotlighting

Spotlighting deer during hours of darkness from a vehicle is illegal while in possession of a weapon capable of killing deer, whether the weapon is cased, uncased or in a locked compartment. This does not apply to the regular use of headlights when traveling in a normal manner on public or private roads. ⚡

Warning to Violators

Be advised: two violations of wildlife management area regulations will result in loss of all sporting licenses and privileges for a period of five years.

Deer Hunting Season

SPECIAL AREAS INFORMATION

Regulations in red are new this year.

All Special Areas

All Special Area Permits go on sale on a first-come, first-served basis at 10 am on MONDAY, September 11, 2017. Refer to specific areas for the closing deadline since permit sales for certain special areas are available only for a limited time.

- ♦ Special areas include federal military installations, certain state and county parks and national wildlife refuges where hunter access is controlled.
- ♦ All state game laws and regulations apply to Special Areas.
- ♦ Only ONE antlered deer may be taken per permit season, statewide, regardless of the number of permits possessed.
- ♦ Due to homeland security measures and military actions, NJ Division of Fish and Wildlife cannot guarantee all military installations will be available or open to hunting throughout each deer season. Hunters are reminded that Fish and Wildlife has a "no refund – no exchange" policy for deer permits.

Special Areas— County and State Parks

Atlantic County Park System (Zone 61)

Permits for Zone 61 will be available for sale until 11:59 p.m. on SUNDAY, October 1, 2017. Permits will be available for sale at all license agents and online over the Internet. The permit quotas for Zone 61 are as follows: 60 permits will be available for the Permit Bow Season, 60 permits will be available for the Permit Muzzleloader Season and 100 permits will be available for the Permit Shotgun Season.

Permit Bow Season: Oct. 28–Dec. 23 and Dec. 26–30, 2017; **Bag limit:** unlimited antlerless deer. In addition, hunters who purchase an Antlered Buck Bow Permit may harvest ONE antlered deer. A total of 60 permits are available.

Picatinny Arsenal (Zone 54)

Not open to the general public. The following information is provided for active duty or retired military personnel and Picatinny Arsenal federal civilian employees or retirees only. Contact Jon Van De Venter at (973) 724-4691 for more information. Deer hunting is not permitted on Christmas Day in Zone 54. There is no Sunday bow hunting allowed in Deer Management Zone 54.

Hunters must purchase a Zone 54 permit from license agents or via Fish and Wildlife's Internet license sales site. Permits will be for sale until the season ends or the permit quota is reached. See *Deer Season Permits*, page 18. The hunter is responsible to confirm they have current authorization for access to Picatinny Arsenal prior to purchasing a permit. Purchasing a Zone 54 permit does NOT guarantee access to Picatinny Arsenal. Only those individuals who have authorization for hunting privileges and corresponding gate access on the installation are allowed to hunt. There are no refunds or exchanges for permits that cannot be used.

Fall Bow Season: Sept. 30–Oct. 27, 2017; **Bag limit:** unlimited antlerless deer and one antlered

deer. Two deer may be taken at one time.

Permit Bow Season: Oct. 28–Dec. 23, 26–30, 2017; **Bag limit:** unlimited antlerless deer. In addition, hunters who purchase an Antlered Buck Bow Permit may harvest ONE antlered deer. A total of 60 permits are available. Two deer may be taken at one time.

Six-day Firearm Season: Dec. 4–9, 2017; **Bag limit:** two antlered deer. However, if a hunter harvests two antlered deer, they forfeit the opportunity to harvest an antlered deer during the Permit Shotgun Season. Only one buck may be taken at a time.

Permit Muzzleloader Season: Nov. 27, 28 and Dec. 11–30, 2017 and Jan. 1–6, 2018; **Bag limit:** unlimited antlerless deer. In addition, hunters who purchase an Antlered Buck Muzzleloader Permit may harvest ONE antlered deer. Two deer may be taken at one time. A total of 50 permits are available.

Permit Shotgun Season: Dec. 4–9 and 16, 2017 and Jan. 6 and 8–12, 2018; **Bag limit:** unlimited antlerless deer. In addition, hunters who purchase an Antlered Buck Shotgun Permit may harvest ONE antlered deer. However, for hunters who harvest two antlered deer during the Six-day Firearm Season, the bag limit in the Permit Shotgun Season is restricted to unlimited antlerless deer only. Two deer may be taken at one time. A total of 50 permits are available.

Winter Bow Season: Jan. 1–31, 2018; **Bag limit:** unlimited antlerless deer and ONE antlered deer. Two deer may be taken at one time.

Special Areas— U.S. Fish and Wildlife Service, National Wildlife Refuge System

Special regulations for U.S. Fish and Wildlife Service (USFWS) lands are in effect throughout all authorized deer hunting seasons, in addition to state game laws and regulations. **NOTE: No Sunday bowhunting on national wildlife refuges.** The following federal regulations apply to all national wildlife refuges (NWRs) in New Jersey:

1. Hunting over bait or distributing bait is prohibited on all refuges.
2. The use of a spotlight or other artificial light—including automotive headlights—for the purpose of spotting, locating or taking any wildlife is prohibited on all refuges, regardless of whether one is in possession of a weapon.
3. All firearm hunters (muzzleloader and shotgun) must wear an outer garment consisting of at least **400 square inches of solid fluorescent orange** while deer hunting on any refuge (double the state law requirement).
4. Entry is prohibited on all refuge lands posted **Area Closed** and on refuge roadways posted with **Inholders Only** signs.
5. The use of nails, wire, screws or bolts to attach a stand to a tree, or hunting from a tree into

which a metal object has been driven to support a hunter, is prohibited on all refuges.

Most refuges can accommodate individuals who have obtained a permit for handicapped hunters from New Jersey Division of Fish and Wildlife, including permits to hunt from vehicles. Interested persons should contact the appropriate refuge in advance of the deer hunting seasons.

Cape May NWR

Cape May NWR is open for all six deer seasons. Season dates and bag limits for Deer Management Zone 34 will apply. Contact the refuge office for more information at (609) 463-0994.

Edwin B. Forsythe NWR (Zones 56, 57, 58 and 70)

To hunt Edwin B. Forsythe NWR, hunters must possess the proper permits. **Permits will be available for sale until 11:59 p.m. on SUNDAY, Oct. 1.** There are NO exceptions. Permits will be available for sale at all License Agents and online.

Only designated sections of the Edwin B. Forsythe NWR are open for deer hunting. All other areas are closed. The refuge only allows deer hunting by permit. While the Permit Bow, Permit Shotgun and Permit Muzzleloader seasons may overlap the Six-Day Firearm season dates, refuge hunting is only conducted under applicable permit regulations, not Six-day Firearm Season regulations.

Deer Hunting Season

SPECIAL AREAS INFORMATION

Regulations in red are new this year.

Refuge parking permits and hunt maps will be mailed to hunters after the refuge receives notification of permit holders from New Jersey Division of Fish and Wildlife. Hunt maps are also available on the refuge website at www.fws.gov/refuge/edwin_b_forsythe/. Not all refuge deer hunting zones are posted with National Wildlife Refuge property and boundary signs. It is the hunter's responsibility to know the zone boundaries.

The refuge encourages hunter feedback on your refuge hunting experience. For any questions, information or comments regarding refuge-specific hunting regulations or activities, call the refuge manager at (609) 652-1665. Additional information about the refuge may also be found at the refuge's Facebook page: www.Facebook.com/ForsytheNWR.

Hunters Helping the Hungry Needs Help with Meat-processing Costs

Hunters Helping the Hungry, an organization that has enabled hunters to provide over one million servings of tasty and nutritious venison to feed New Jersey families since 1997, needs some help from the public to cover the costs of professional meat processing.

The program, which donated more than 20,270 pounds of venison (more than 81,000 meals from 545 hunter-provided deer) to food banks and charitable organizations last year alone, operates with limited funding. Butchers who participate in the Hunters Helping the Hungry program receive \$65 to process the donated deer. Currently, hunters who donate deer to feed the hungry must contribute either \$10 (for field-dressed deer weighing 50 lbs. or more) or \$30 (for deer under 50 lbs.) toward that processing fee. **However, during the early season (Sept. 9 through Sept. 29), the hunter fee will be waived except for small deer (dressed weight under 50 pounds) where the hunter fee will remain at \$30.** If the program's funding runs out, hunters who donate deer will have to cover the entire cost for meat-processing.

Hunters should check on funding availability before harvesting a deer intended for donation by visiting the website below.

Anyone interested in making a charitable contribution to offset the program's meat-processing costs can visit our website at HuntersHelpingTheHungry.org to donate securely through PayPal or send a check payable to: Hunters Helping the Hungry, P.O. Box 587, Lebanon, NJ 08833.
