

Certified Scales in New Jersey

Certified scale operators are under no obligation to perform weighing services to hunters or anglers. For more information, contact the New Jersey Office of Weights and Measures (www.nj.gov/lps/ca/owm.htm), 732-815-4840. The OWM has provided the following suggestions for finding a scale in your area:

Recommends:

- Warehouse with a shipping department
- Concrete, sand and gravel company
- Junk yard
- Scrap metal recycler
- Marinas with party and charter boat fishing

Possibly:

- Bait and tackle shop
- Sporting goods store
- Local deli, butcher, grocer
- Contact your county weights and measures

Note: Truck stops are **not** accurate for weighing deer as the scale increments are too large.

Certified scales have a blue seal about 1 ½" across. Seal will state the year and quarter certified.

To register a scale up to 1000 pounds, contact Division of Weights and Measures: \$20 application fee. Call first to see if manufacturer's scale is one that is able to be approved.
