

Instructions for Statement of No Interest Applications

A Statement of No Interest is an official document issued by the State of New Jersey attesting to the fact that a particular property or area is free from all State tidelands claims.

As stated in N.J.S.A. 12:3-10 and N.J.S.A. 13:1B-13, State-owned tidelands are defined as all lands currently and formerly flowed by the mean high tide of a natural waterway. These lands are known as State tidelands claims. For example, if a property was bisected by a small tidal tributary of the Delaware River in 1920 and this tributary was filled in without a State conveyance in 1922, the area that was once occupied by that tributary is a State tidelands claim. This claim represents a cloud on the property owner's title.

A Statement of No Interest may be obtained for some properties as evidence that no such claim exists. These documents are only issued when an applicant can prove beyond all doubt that the State of New Jersey has no tidelands claim to that particular parcel.

Statement of No Interest applications will only be considered in the following circumstances:

1. The State's claim is in close proximity to the subject property.
2. The subject property is affected by a State tidelands claim according to the adopted Tidelands map, but the applicant questions the validity of that claim.
3. The subject property has an undefended shoreline that has been augmented by natural accretion.

Statement of No Interest applications will not be considered in these circumstances:

1. The State's claim is not in close proximity to the subject property.
2. The subject property is affected by a State tidelands claim according to the adopted Tidelands map, but the claim has been eradicated by an existing valid conveyance such as a riparian grant. If the validity of the existing conveyance is in doubt, please submit a grant application.

Statements of No Interest often require complex processing as well as significant amounts of research. Therefore, a Statement of No Interest may take up to one year to obtain.

The State of New Jersey is under no obligation to issue a Statement of No Interest.
