2045	Zineb	12122-67-7	2588	

NJ Environmental Hazardous Substance List in Alphabetical Order

FOOT-NOTES

1. Many of the listed chemical categories have a "Category Number" instead of a CAS number. The Category Number is formatted as "Nxxx" where each "x" may be any number from 0 to 9.
2. Be advised that there are two (2) chemical categories, "Diisocyanates" and "Polycyclic aromatic compounds (PACs)," that are restricted to the chemicals listed under the appropriate heading. If you have more than 500 pounds in combination of any of the listed chemicals, you are to report them under the category heading (that is, do not report the individual chemicals or their CAS numbers).
3. One diisocyanate compound, **Methylenebis(phenylisocyanate)**, was once a separately listed substance but is now grouped in this compound category.
4. Under N.J.A.C. 7:1G, environmental hazardous substances in mixtures such as gasoline or new and used petroleum oil may be reported under the following generic categories:

<u>Substance</u>	<u>Substance Number</u>	<u>CAS Number</u>	<u>DOT Number</u>
Diesel Fuel or #2 Heating Oil	2444	68476-34-6	1993
Gasoline	0957	8006-61-9	1203
Kerosene	1091	8008-20-6	1223
Petroleum Oil	2651	_____	1270
Waste Oil	2851	_____	1270

These substances must be reported if they were present at your facility in 2006 in quantities at or above 10,000 pounds at any one time. Please use the appropriate codes as indicated above.

- * = EPCRA Section 302 Extremely Hazardous Substance. The presence of these substances in quantities equal to or in excess of the Threshold Planning Quantity (TPQ) requires certain emergency planning activities. A letter should be sent to both the State Emergency Response Commission (SERC) and the LEPC giving the company name and location address (not mailing address, if different from location); an emergency contact person at the facility, with both a work phone number and an after hours phone number; and the substance(s) present onsite that meet the threshold planning quantities. Notification to the SERC should be sent to: New Jersey Department of Environmental Protection, Office of Pollution Prevention and Right to Know, Attn: 302 Notification, 22 South Clinton Avenue, PO Box 405, Trenton, NJ, 08625-0405. For further information, contact the Office of Pollution Prevention and Right to Know at (609) 292-6714, (609) 777-0518 or (609) 984-3219.
- + = EPCRA Section 302 Extremely Hazardous Substances with a TPQ of less than 500 pounds. The reporting thresholds for those substances are indicated by the TPQ for the particular chemical.
- (S) = Synonym of EHS listed elsewhere on this list.
- # = Report only those materials with the indicated CAS number.

REMINDERS: The reporting threshold for sodium pentachlorophenate is now 500 pounds. Naphthalene is reportable at the de minimis quantity of greater than 0.1%.

- ◆ View the EHS list by CAS and substance number at <http://www.nj.gov/dep/opppc/figdoc.htm>. If you do not have access to the Internet, you may contact the Office at (609) 292-6714 or (609) 777-0518 to obtain a hard copy of this list.
- ◆ For substances not listed on Table A and which meet the federal EPCRA reporting threshold of 10,000 pounds, check the EPCRA Only circle on the Part 2 of the CRTK Survey.
