**Diana Dove's
DISCOVERING NIGHT WILDLIFE
Campfire Program**

Friday, July 29, 2011 at 6:30 pm

Join Diana Dove in this interactive evening program that introduces night-time wildlife through taxidermy specimens, a song or two and life-like stuffed animals. Participants will learn about nocturnal creatures such as raccoons, skunks, bats, flying squirrels, frogs, and much more. Bring your favorite stuffed wild animal toy or puppet. Bring a blanket or picnic chair to sit. Popcorn and ice pops will be provided. Bring your own water. This event is rain or shine.

**Professor Winklebottom's
Earth Science Circus**

Monday, August 1, 2011 at 6:30 pm

This litter education program, presented by the Grand Falloons, takes participants on a unique and lively exploration of "Our Earth". Attendees will learn what litter is, what limited resources are, why we should recycle, and what happens to garbage after it is put out on the street for collection.

Be prepared for an active learning experience!

Bring a blanket. Popcorn will be provided. Bring your own water. This is a rain or shine event.

All programs are appropriate for organized groups and the whole family. For more information and to register, call (908) 637-4125. Please visit www.njfishandwildlife.com/budding.htm. NJDEP Division of Fish & Wildlife thanks the Mansfield Township Clean Communities Program for their support of our programs.

REGISTRATION IS REQUIRED
