Section B. Previous ISRA/ECRA Submissions

- Note as appropriate, whether there have been any previous or concurrent ISRA/ECRA submissions. Provide names, case numbers and status

Section C. Type of Transaction

- Indicate the transaction(s) which initiates the ISRA review. Check **all** that apply.

Section D. Quantities of Hazardous Substances or Hazardous Wastes

- Instructions for this section are noted on the form.

Section E. Acknowledgements

- Notification statements must be initialed by the signatory on the certification page.
- Absence of Contamination Acknowledgement – If the applicant has knowledge that the industrial establishment is contaminated due to prior operations conducted on site, or the applicant has had a discharge of a hazardous substance or hazardous waste during its period of operations that was not remedied and received a No Further Action approval or a Response Action Outcome approval then the applicant does not qualify for this exemption. If the de minimus exemption does not apply, then the owner or operator of the industrial establishment shall file a General Information Notice and remediate the site.

Section F. Person Responsible for Conducting the Remediation Information and Certification

- The certification required in this section above shall be executed as follows:
 1. For a corporation or limited liability company, by a principal executive officer of at least the level of vice president;
 2. For a partnership or sole proprietorship, by a general partner or the proprietor, respectively; or
 3. For a municipality, state, Federal or other public agency, by either a principal executive officer or ranking elected official; or
 4. By a duly authorized representative of the corporation, partnership, sole proprietorship, municipality, state or Federal or other public agency, as applicable. A person is deemed to be a duly authorized representative if the person is authorized in writing by an individual described in 1, 2 or 3 above and the authorization meets the following criteria:
 - i. The authorization specifies either an individual or a position having responsibility for the overall operation of the industrial establishment or activity, such as the position of plant manager, or a superintendent or person of equivalent responsibility (a duly authorized representative may thus be either a named individual or any individual occupying a named position);
 - ii. The written authorization is submitted to the Department along with the certification; and
 - iii. If an authorization is no longer accurate because a different individual or position has responsibility for the overall operation of the industrial establishment or activity, a new authorization satisfying the requirements of this section shall be submitted to the Department prior to or together with any reports, information, or applications to be signed by an authorized representative.
- Please provide the name and mailing address and contact information of the property owner or business owner assuming the primary responsibility for the filing of the affidavit.
- The certification shall be signed and dated by the responsible party who is assuming the primary responsibility for the filing of the affidavit.
- The person responsible for conducting the remediation should note by placing an X in the box if there have been no changes since the last submittal.
