Lead and Copper Sample Site Change Form

Requirements Pursuant to 40 CFR 141.90(a)(1)(v)

**This form must be submitted to the State within 10 days following the end of the monitoring period **

PWSID#: _____ Water System Name: _____

Monitoring Period: _____

Date of Lead and Copper Sampling: ____/____/____

Number of Sites Sampled (Total): _____

Number of Sites Changed: _____

Original Site Address & Tier	New Site Address & Tier	Distance Between Sites (approximately)	Reason for Change (attach additional pages if necessary)

*A water system may only change sample site locations if the water system can no longer gain access to the site or if the original site location no longer meets the Tier requirements. (For example a Tier 1 home is demolished and a new home is built no longer meeting the Tier 1 definition.) Note: the new site must be from the water system's approved sampling pool, meet the same targeting criteria and be within reasonable proximity of the original site.

*This form must be completed for any sample site change (deletions or additions) from the previous monitoring period.

*If more than five sample site locations were changed, submit additional pages illustrating the additional sites.

The public water system named above hereby certifies that the above lead and copper sampling sites were changed in accordance with 40 CFR Part 141.86(b)(4) and is notifying the State of all sample site locations changes in accordance with 40 CFR Part 141.90(a)(1)(v).
