**NJ DEP Testing Information for Pump Installer and Well Driller License Exams
EXAMINATION DATES 2012**

**(Exams begin at 9:00 AM at the Rutgers EcoComplex in Bordentown, NJ 08505)
Directions may be found on their website – EcoComplex Rutgers**

Please be advised that the application fee to take any NJ pump installer or well driller examination is \$50.00 per application

The deadline to submit an application is the first day of the month preceding the month the exam will be administered. It is highly recommended that to submit the exam application 3-4 weeks ahead of the deadline to allow for the correction and submission of deficient or erroneous information on the exam application.

Once approved to sit for a particular examination, the candidate is eligible to sit for four consecutive testing periods for that exam only. Candidates must complete the appropriate, abbreviated application and test fee. More information will be provided to test candidates once the application has been accepted and approved.

Exam Dates are held for the all of the following license classes: Pump Installer, Master, Journeyman, Journeyman B, Monitor, Soil Borer, and Dewatering.

Test	Test Date	Application Due Date	Recommended Submittal Date
All license classes	April 4	March 1	February 2
All license classes	June 13	May 1	April 3
All license classes	October 3	September 1	August 10
All license classes	December 12	November 1	October 4
