The accompanying statutory financial statements of Aetna Better Health Inc. (a New Jersey corporation) (the "Company"), indirectly a wholly-owned subsidiary of CVS Health Corporation ("CVS Health"), have been prepared in conformity with accounting practices prescribed or permitted by the State of New Jersey Department of Banking and Insurance ("New Jersey Department") ("New Jersey Accounting Practices") The New Jersey Department recognizes only statutory accounting practices prescribed or permitted by the State of New Jersey for determining and reporting the financial condition and results of operations of an insurance company, which include accounting practices and procedures adopted by the National Association of Insurance Commissioners' ("NAIC") *Accounting Practices and Procedures Manual* ("NAIC SAP"). On November 28, 2018, CVS Health acquired Aetna Inc. ("Aetna") and at that date became the Company's ultimate parent (the "Aetna Acquisition").

A reconciliation of the Company's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of New Jersey for the years ending December 31, 2018 and 2017 is as follows:

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of these financial statements in conformity with New Jersey Accounting Practices requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and revenue and expenses. Actual results could differ from those estimates.

C. Accounting Policies

The Company applies the following significant accounting policies:

(1) Cash, Cash Equivalents and Short-Term Investments

Cash, cash equivalents and short-term investments, consisting primarily of money market instruments and other debt issues with an original maturity of up to one year, are carried at amortized cost. Short-term investments consist primarily of investments purchased with an original maturity date of greater than three months but less than one year. Cash equivalents consist of highly liquid instruments, which mature within three months from the date of purchase. The carrying amount of cash, cash equivalents and short-term investments approximates fair value. Cash accounts with positive balances shall not be reported separately from cash accounts with negative balances. If in the aggregate, the reporting entity has a net negative cash balance, it shall be reported as a negative asset and shall not be recorded as a liability.

(2) Bonds

Bonds, which include special deposits, are carried at amortized cost except for those bonds with an NAIC designation of 3 through 6, which are carried at the lower of amortized cost or fair value. The amount carried at fair value is not material to the financial statements. Bond premiums and discounts are amortized using the scientific interest method. When quoted prices in active markets for identical assets are available, the Company uses these quoted market prices to determine the fair value of bonds. This is used primarily for U.S. government securities. In other cases where a quoted market price for identical assets in an active market is either not available or not observable, the Company estimates fair values using valuation methodologies based on available and observable market information or by using a matrix pricing model. If quoted market prices are not available, the Company determines fair value using broker quotes or an internal analysis of each investment's financial performance and cash flow projections. The Company had no investments where fair value was determined using broker quotes or an internal analysis of financial performance and cash flow projections at December 31, 2018 and 2017. Bonds include all investments whose maturity is greater than one year when purchased. Loan-backed and structured securities are carried at amortized cost adjusted for unamortized premiums and discounts. Premiums and discounts on loan-backed and structured securities are amortized using the interest method over the estimated remaining term of the securities, adjusted for anticipated prepayments. All adjustments between amortized cost and carrying value are reflected in unrealized capital gains and losses and are reported as direct adjustments to surplus. Bonds are recorded as purchases or sales on the trade date.

The Company periodically reviews its bonds to determine whether a decline in fair value below the carrying value is other-than-temporary. For bonds, other than loan-backed and structured securities, an other-than-temporary impairment ("OTTI") shall be recorded if it is probable that the Company will be unable to collect all amounts due according to the contractual terms in effect at the date of acquisition. Declines deemed to be OTTI in the cost basis are recognized as realized capital losses. Yield-related impairments are deemed other-than-temporary when the Company intends to sell an investment at the reporting date before recovery of the cost of the investment.

For loan-backed and structured securities, the Company records OTTI when the fair value of the loan-backed or structured security is less than the amortized cost basis at the balance sheet date and (1) the Company intends to sell the investment, or (2) the Company does not have the intent and ability to retain the investment for the time sufficient to recover the amortized cost basis, or (3) the Company does not expect to recover the entire amortized cost basis of the security, even if it does not intend to sell the security and has the intent and ability to hold. If it is determined an OTTI has occurred because of (1) or (2), the amount of the OTTI is equal to the difference between the amortized cost and the fair value of the security at the balance sheet date and this difference is recorded as a realized capital loss. If it is determined an OTTI has occurred because of (3), the amount of the OTTI is equal to the difference between the amortized cost and the present value of cash flows expected to be collected, discounted at the loan-backed or structured security's effective interest rate and this difference is also accounted for as a realized capital loss.

The Company analyzes all relevant facts and circumstances for each investment when performing its analysis to determine whether an OTTI exists. Among the factors considered in evaluating whether a decline is other-than-temporary, management considers whether the decline in fair value results from a change in the quality of the investment security itself, whether the decline results from a downward movement in the market as a whole, the prospects for realizing the carrying value of the bond based on the investee's current and short-term prospects for recovery and other factors. The risks inherent in assessing the impairment of an investment include the risk that market factors may differ from the Company's expectations and the risk that facts and circumstances factored into its assessment may change with the passage of time. Unexpected changes to market factors and circumstances that were not present in past reporting periods may result in a current period decision to sell securities that were not other-than-temporarily-impaired in prior reporting periods.

(3) The Company did not own any common stock at December 31, 2018 or 2017.

(4) The Company did not own any preferred stock at December 31, 2018 or 2017.

(5) The Company did not have any mortgage loans at December 31, 2018 or 2017.

(6) Securities Lending

The Company engages in securities lending by lending certain securities from its investment portfolio to other institutions for short periods of time. Borrowers must post cash collateral in the amount of 102% to 105% of the fair value of a loaned security. The fair value of the loaned securities is monitored on a daily basis, with additional collateral obtained or refunded as the fair value of the loaned securities fluctuates. The collateral is retained and invested by a lending agent according to the Company's guidelines to generate additional investment income for the Company. Pursuant to Statements of Statutory Accounting Principles ("SSAP") No. 103R - Transfers and Servicing of Financial Assets and Extinguishments of Liabilities ("SSAP No. 103R"), collateral required under the Company's securities lending program is carried on the Company's Statutory Statements of Assets and Liabilities, Capital and Surplus as both a

receivable and payable. Also pursuant to SSAP No. 103R, if the collateral received from a counterparty is less than 100 percent at the reporting date, the difference between the actual collateral and 100 percent is nonadmitted. Collateral value is measured and compared to the loaned securities in aggregate by counterparty. The Company did not have any loaned securities at December 31, 2018 and 2017.

- (7) The Company did not have any investments in subsidiaries, controlled or affiliated companies at December 31, 2018 or 2017.
- (8) The Company did not have any investments in any joint ventures, partnerships and limited liability companies at December 31, 2018 or 2017.
- (9) The Company did not have any derivatives at December 31, 2018 or 2017.
- (10) Aggregate Health Policy Reserves and Related Expenses

Premium deficiency reserves ("PDR") are recognized when it is probable that the expected future hospital and medical costs, including maintenance costs, will exceed anticipated future premiums and reinsurance recoveries on existing contracts. Where allowed, anticipated investment income is considered in the calculation of any PDR. For purposes of calculating a PDR, contracts are grouped in a manner consistent with the method of acquiring, servicing and measuring the profitability of such contracts. The Company had no PDR at December 31, 2018 and 2017.

Unearned premium reserves ("UEP") are recognized for premiums that are recorded by the Company that have not been earned as of the statement date. The Company had no UEP at December 31, 2018 and 2017, respectively.

The Company is required to make premium rebate payments to the State of New Jersey if specific minimum annual medical loss ratios ("MLR") were not met in the prior year. The Company's results for full-year 2018 and 2017 included estimates of \$21,752,304 and \$40,245,217, respectively, of minimum MLR rebates, which were included in aggregate health policy reserves in the Statutory Statements of Liabilities and Capital and Surplus. In April of 2016, the Company received notice from the State of New Jersey, Department of Human Services, that it would not be required to pay the fiscal year 2015 MLR rebate.

- (11) Hospital and Medical Costs and Claims Adjustment Expenses and Related Reserves

Hospital and medical costs consist principally of fee-for-service medical claims and capitation costs. Claims unpaid and aggregate health claim reserves include the Company's estimate of payments to be made on claims reported but not yet paid and for health care services rendered to enrollees but not yet reported to the Company as of the Statutory Statements of Assets and Liabilities, Capital and Surplus date. Such estimates are developed using actuarial principles and assumptions, which consider, among other things, historical and projected claim submission and processing payment patterns, medical cost trends, historical utilization of health care services, claim inventory levels, medical inflation, contract requirement changes in membership and product mix, seasonality and other relevant factors. The Company reflects changes in estimates in hospital and medical costs in the Statutory Statements of Revenue and Expenses in the period they are determined. Capitation costs, which are recorded in hospital and medical expenses in the Statutory Statements of Revenue and Expenses, represent contractual monthly fees paid to participating physicians and other medical providers for providing medical care, regardless of the medical services provided to the enrollee.

The Company uses the triangulation method to estimate reserves for claims incurred but not reported. The method of triangulation makes estimates of completion factors that are then applied to the total paid claims (net of coordination of benefits) to date for each incurrence month. This provides an estimate of the total projected incurred claims and total amount outstanding or claims incurred but not reported (claims unpaid). For the most current dates of service where there is insufficient paid claim data to rely solely on the triangulation method, the Company examines cost and utilization trends as well as environmental factors, plan changes, provider contracts, changes in membership and/or benefits, and historical seasonal patterns to estimate the reserve required for these months.

Claims adjustment expenses, which include cost containment expenses, represent the costs incurred related to the claim settlement process such as costs to record, process and adjust claims. These expenses are included in the Company's management agreement with an affiliate described in Note 10.

- (12) As a result of CVS Health's acquisition of Aetna Inc. ("Aetna"), Aetna modified its capitalization policy from the prior period related to furniture and equipment ("F&E") and prepaid assets. Under the revised policy, F&E will be capitalized if greater than \$1,000 versus the previous threshold of \$500. Under the new policy, prepaid assets will be capitalized if greater than \$250,000 versus the previous threshold of \$50,000. These revisions are not expected to have a material impact on the financial results of Aetna or its affiliates, including the Company.

(13) Pharmaceutical Rebate Receivables

The Company estimates pharmaceutical rebate receivables based upon historical payment trends, actual utilization and other variables. Pharmaceutical rebates for a quarter are billed to the vendor within one month of the completion of the quarter with any adjustment to previously recorded amounts reflected at the time of billing. The Company reports pharmaceutical rebate receivables as health care receivables. Pharmacy rebate receivables not in accordance with SSAP No. 84 – *Health Care and Government Insured Plan Receivables* or are over 90 days past due are nonadmitted. All rebates are processed and settled with an affiliated entity.

(14) Premiums and Amounts Due and Unpaid

Premium revenue for prepaid health care products is recognized as income in the month in which enrollees are entitled to health care services.

Nonadmitted amounts consist of all premiums due and unpaid greater than 90 days past due, with the exception of amounts due under government insured plans, which may be admitted assets under certain circumstances.

(15) Investment Income Due and Accrued

Accrued investment income consists primarily of interest. Interest is recognized on an accrual basis and dividends are recorded as earned on the ex-dividend date. Due and accrued income is not recorded on: (a) bonds in default; and (b) bonds delinquent more than 90 days or where collection of interest is improbable. At December 31, 2018 and 2017, the Company did not have any nonadmitted investment income due and accrued.

(16) Covered and Uncovered Expenses and Related Liabilities

Covered expenses and related liabilities represent costs for health care expenses for which a member is not responsible in the event of the insolvency of the Company. Uncovered expenses and related liabilities represent costs to the Company for health care services that are the obligation of the Company and for which a member may also be liable in the event of the Company's insolvency.

(17) Fees Paid to the Federal Government by Health Insurers

SSAP No. 106 - *Affordable Care Act Section 9010 Assessment* ("SSAP No. 106") required (1) that the health insurer fee be recognized in full on January 1 of the fee year (the calendar year in which the assessment must be paid to the federal government), in the operating expense category of insurance taxes, licenses and fees, excluding federal income taxes and (2) that in each data year preceding a fee year a reporting entity pro-ratably accrue by reclassifying from unassigned funds (surplus) to aggregate write-ins for special surplus funds an amount equal to its estimated subsequent fee year assessment. This reclassification has no impact on total capital and surplus and is reversed in full on January 1 of the fee year. On January 22, 2018, Public Law No: 115-120 was signed into law and it imposes a moratorium on the health insurer fee for calendar year 2019. As interpreted in INT 18-02: ACA Section 9010 Assessment Moratoriums, because there is not an ACA Section 9010 fee due in September 2019, there is not an accrual of a liability on January 1, 2019 based on 2018 data year net written premiums. Accrual of a liability on January 1, 2020 for the ACA Section 9010 assessment based on 2019 data year net written premiums and the reclassification from unassigned funds (surplus) to aggregate write-ins for special surplus funds equal to the estimated 2020 fee year assessment accrued in data year 2019 will both continue as prescribed under SSAP No. 106. See Note 22 for disclosure of all amounts related to the health insurer fee for the Company.

(18) The Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act of 2010's (collectively, "Health Care Reform") Risk Adjustment

Reinsurance

Health Care Reform established a temporary reinsurance program that expired at the end of 2016. Under this program, all issuers of major medical commercial insurance products and self-insured plan sponsors are required to contribute funding in amounts set by the U.S. Department of Health and Human Services ("HHS"). A portion of the funds collected will be utilized to reimburse issuers' high claims costs incurred for qualified individual members. The expense related to this required funding is reflected in insurance, taxes, licenses and fees for all of the Company's insurance products with the exception of products associated with qualified individual members; this expense for qualified individual members is reflected as a reduction of premium revenue. When annual claim costs incurred by the Company's qualified individual members exceed a specified attachment point, the Company is entitled to certain reimbursements from this program. The Company records amounts recoverable for claims paid and unpaid and ceded claim benefit recoveries to reflect its estimate of these recoveries. At December 31, 2018 and 2017, the Company did not record a payable or a receivable under the temporary three-year reinsurance program.

Risk Adjustment

Health Care Reform established a permanent risk adjustment program to transfer funds from qualified individual and small group insurance plans with below average risk scores to plans with above average risk scores. Based on the risk of the Company's qualified plan members relative to the average risk of members of other qualified plans in comparable markets, the Company estimates its ultimate risk adjustment receivable or payable for the current calendar year and reflects the impact as an adjustment to its premium revenue. At December 31, 2018 and 2017, the Company did not record a payable or a receivable under the risk adjustment program.

Risk Corridor

Health Care Reform established a temporary risk sharing program, which expired at the end of 2016, for qualified individual and small group insurance plans. Under this program the Company makes (or receives) a payment to (or from) HHS based on the ratio of allowable costs to target costs (as defined by Health Care Reform). The Company records a risk corridor receivable or payable as an adjustment to premium revenue based on the Company's estimate of the ultimate risk sharing amount for the current calendar year. In October 2015, HHS announced that 2014 Health Care Reform risk corridor receivables would be funded at 12.6% to the extent HHS fully collects risk corridor payables. In November 2015, INT 15-01 was issued as guidance to address the accounting for risk corridor receivables. In conjunction with this guidance, the Company recorded a risk corridor receivable that coincides with the portion of the 2014 Health Care Reform risk corridor receivables that are considered collectible. The Company did not record any risk corridor receivables for the 2016 and 2015 program years or any amount in excess of HHS' announced pro-rated funding amount for the 2014 program year because payments from HHS are uncertain. The Company currently has not recorded any risk corridor receivables for the 2017 and 2016 program years.

The Company expects to perform an annual final reconciliation and settlement with HHS of the 3Rs in each subsequent years.

(19)

Federal and State Income and Premium Taxes

The Company was included in the consolidated federal income tax return of its parent company, Aetna and Aetna's other wholly-owned subsidiaries through November 27, 2018 pursuant to the terms of a tax sharing agreement. For the tax period ending December 31, 2018, Aetna and its wholly-owned subsidiaries are included in the consolidated federal income tax return of its parent, CVS Health, pursuant to the terms of a tax sharing agreement (and a Supplemental Tax Sharing Agreement where applicable) between CVS Health and the Company. In accordance with both agreements, the Company's current federal and state income tax provisions are generally computed as if the Company were filing a separate federal and state income tax return; current income tax benefits, including those resulting from net operating losses, are recognized to the extent realized in the consolidated return. Pursuant to these agreements, the Company has the enforceable right to recoup federal and state income taxes paid in prior years in the event of future net losses, which it may incur, or to recoup its net losses carried forward as an offset to future net income subject to federal and state income taxes.

Income taxes are accounted for under the asset and liability method. Deferred income tax assets ("DTAs") and liabilities ("DTLs") represent the expected future tax consequences of temporary differences generated by statutory accounting as defined in SSAP No. 101 - Income Taxes. DTAs and DTLs are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. DTAs and DTLs are computed by means of identifying temporary differences which are measured using a balance sheet approach whereby statutory and tax basis balance sheets are compared. Current income tax recoverables include all current income taxes, including interest, reasonably expected to be recovered in a subsequent accounting period.

Pursuant to SSAP No. 101, gross DTAs are first reduced by a statutory valuation allowance adjustment to an amount that is more likely than not to be realized ("adjusted gross DTAs"). Adjusted gross DTAs are then admitted in an amount equal to the sum of paragraphs a. b. and c. below:

- a. Federal income taxes paid in prior years that can be recovered through loss carrybacks for existing temporary differences that reverse during a timeframe corresponding with Internal Revenue Service ("IRS") tax loss carryback provisions.
- b. The amount of adjusted gross DTAs, after the application of paragraph a. above, expected to be realized within the applicable period and that is no greater than the applicable percentage as determined using the applicable Realization Threshold Limitation Table. The applicable period refers to the number of years in which the DTA will reverse in the Company's tax return and the applicable percentage refers to the percentage of the Company's statutory capital and surplus as required to be shown on the statutory balance sheet adjusted to exclude any net DTAs, electronic data processing equipment and operating system software and any net positive goodwill ("Stat Cap ExDTA").

The Realization Threshold Limitation Tables allow DTAs to be admitted based upon either realization within 3 years and 15% of Stat Cap ExDTA, 1 year and 10% of Stat Cap ExDTA, or no DTA admitted pursuant to this paragraph b. In general, the Realization Threshold Limitation Tables allow the Company to admit more DTAs if total DTAs as reported by the Company are a smaller percentage of statutory capital and surplus.

- c. The amount of gross DTAs, after the application of paragraphs a. and b. above that can be offset against existing gross DTLs. In applying this offset, the Company considers the character (i.e. ordinary versus capital) of the DTAs and DTLs such that offsetting would be permitted in the tax return under existing enacted federal income tax laws and regulations and the reversal patterns of temporary differences.

Changes in DTAs and DTLs are recognized as a separate component of gains and losses in surplus ("Change in net deferred income tax") except to the extent allocated to changes in unrealized gains and losses. Changes in DTAs and DTLs allocated to unrealized gains and losses are netted against the related changes in unrealized gains and losses and are reported as "Change in net unrealized capital gains (losses)", also a separate component of gains and losses in surplus.

State income tax expense is recorded in general administrative expenses in the Statutory Statements of Revenue and Expenses. For the years ended December 31, 2018 and 2017, the Company incurred state income tax expenses of \$1,945,586 and \$2,186,132, respectively. The Company's state income tax payables of \$546,824 and \$37,128 at December 31, 2018 and 2017, respectively, was included in general expenses due or accrued in the Statutory Statements of Liabilities, Capital and Surplus.

(20) Reinsurance

In the normal course of business, the Company seeks to reduce the loss that may arise from catastrophes or other events that cause unfavorable underwriting results and to help balance its risks and capital by reinsuring certain levels of risk with other insurance enterprises. The reinsurance coverage does not relieve the Company of its primary obligations. Reinsurance premiums and reserves related to reinsured business are accounted for on a basis consistent with those used in accounting for the original policies issued and the terms of the reinsurance contracts. Premiums ceded for medical losses and the related unpaid reserves have been reported as reductions of these items. The reinsurance agreements are more fully discussed in Note 23.

D. Going Concern

As of March 1, 2019, management evaluated whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern and management has determined that it is not probable that the Company will be unable to meet its obligations as they become due within one year after the financial statements are available to be issued. Management will continuously evaluate the Company's ability to continue as a going concern and will take appropriate action and will make appropriate disclosures if there is any change in any condition or events that would raise substantial doubt about the Company's ability to continue as a going concern.

2. Accounting Changes and Corrections of Errors

The Company did not have any accounting changes or correction of errors in the years ended December 31, 2018 and 2017.

3. Business Combinations and Goodwill

The Company was not a part of any business combinations that involved the statutory purchase method, a statutory merger, an assumption reinsurance, or an impairment loss in the years ending December 31, 2018 and 2017.

4. Discontinued Operations

The Company did not have any discontinued operations in the years ending December 31, 2018 and 2017.

5. Investments

- A. The Company did not have any mortgage loans, including Mezzanine Real Estate Loans, at December 31, 2018 or 2017.
- B. The Company did not have any debt restructuring in the years ending December 31, 2018 and 2017.
- C. The Company did not have any reverse mortgages at December 31, 2018 or 2017.

D. Loan-Backed Securities

- (1) Prepayment assumptions for single class and multi-class mortgage-backed/loan-backed securities were obtained from industry market sources.

- (2) The Company did not recognize any other-than-temporary impairments ("OTTI") on loan-backed and structured securities in which the Company had the (1) intent to sell, (2) did not have the intent and ability to retain for a period of time sufficient to recover the amortized cost basis or (3) present value of cash flows expected to be collected is less than the amortized cost basis of the securities in accordance with SSAP No. 43R - *Loan-Backed and Structured Securities* ("SSAP No. 43R") at 2018 on loan-backed and structured securities in which the Company had the (1) intent to sell, (2) did not have the intent and ability to retain for a period of time sufficient to recover the amortized cost basis or (3) present value of cash flows expected to be collected is less than the amortized cost basis of the securities in accordance with SSAP No. 43R - *Loan-Backed and Structured Securities* ("SSAP No. 43R").
- (3) The Company had no recognized OTTI on loan-backed and structured securities currently held, in which the present value of cash flows expected to be collected is less than the amortized cost basis at December 31, 2018.
- (4) The Company's unrealized loss position on loan-backed and structured securities held by the Company at December 31, 2018 is as follows:
- | | |
|---|-------------|
| a. The aggregate amount of unrealized losses: | |
| 1. Less than 12 Months | (\$3,404) |
| 2. 12 Months or Longer | |
| b. The aggregate related fair value of securities with unrealized losses: | |
| 1. Less than 12 Months | \$2,496,321 |
| 2. 12 Months or Longer | \$595,1233 |
- (5) The Company has reviewed the loan-backed and structured securities in accordance with SSAP No. 43R in the table above and has concluded that these are performing assets generating investment income to support the needs of the business. Furthermore, the Company has no intention to sell the securities at December 31, 2018 before their cost can be recovered and does have the intent and ability to retain the securities for the time sufficient to recover the amortized cost basis; therefore, no OTTI write-down to fair value was determined to have occurred on these securities.

Total statutory income taxes	2,576,082	18.9 %	7,603,584	32.3 %

The transfer pricing adjustment allows taxpayers to apply different methods to price current period intercompany services at arm's length prices as compared to what would be charged to an unrelated entity, which results in a permanent deduction for tax reporting purposes.

On December 22, 2017, the Tax Cuts and Jobs Act of 2017 (the "TCJA") was enacted, which among other items, reduces the federal corporate tax rate to 21% effective January 1, 2018. The Company re-measured its deferred income taxes for the year-ended December 31, 2017 and recognized incremental tax expense (benefit) related to the change in its net deferred tax asset/liability. The accounting for income tax effects of the TCJA related to life insurance reserves were provisional at December 31, 2017. Accordingly, the items were recorded at a reasonable estimate at December 31, 2017.

- F. Various liabilities arise in the normal course of the Company's business and have been recorded. In the opinion of management, any ultimate contingent losses will not have a material adverse effect on the Company's future results of operations and financial position. The Company, to the best of its knowledge, has no assets that it considers impaired that are not already recorded in the Company's books. The Company has coverage for certain litigation exposures (\$10,000,000 per claim and in the aggregate including defense costs) through an unaffiliated insurance company.

19. Direct Premium Written/Produced by Managing General Agents/Third Party Administrators

The Company did not have any material direct premiums written through/produced by managing general agents or third party administrators for the years ended December 31, 2018 and 2017.

20. Fair Value Measurements

A. and B.

The Company had no material assets or liabilities measured and reported at fair value at December 31, 2018 or 2017.

Certain of the Company's financial instruments are measured at fair value in the financial statements. The fair values of these instruments are based on valuations that include inputs that can be classified within one of three levels of a hierarchy established by U.S. generally accepted accounting principles. The following are the levels of the hierarchy and a brief description of the type of valuation information ("inputs") that qualifies a financial asset or liability for each level:

- **Level 1** – Unadjusted quoted prices for identical assets or liabilities in active markets.
- **Level 2** – Inputs other than Level 1 that are based on observable market data. These include: quoted prices for similar assets in active markets, quoted prices for identical assets in inactive markets, inputs that are observable that are not prices (such as interest rates and credit risks) and inputs that are derived from or corroborated by observable markets.
- **Level 3** – Developed from unobservable data, reflecting the Company's own assumptions.

Financial assets and liabilities are classified based upon the lowest level of input that is significant to the valuation. When quoted prices in active markets for identical assets and liabilities are available, the Company uses these quoted market prices to determine the fair value of financial assets and liabilities and classifies these assets and liabilities as Level 1. In other cases where a quoted market price for identical assets and liabilities in an active market is either not available or not observable, the Company estimates fair value using valuation methodologies based on available and observable market information or by using a matrix pricing model. These financial assets and liabilities would then be classified as Level 2. If quoted market prices are not available, the Company determines fair value using broker quotes or an internal analysis of each investment's financial performance and cash flow projections. Thus, financial assets and liabilities may be classified in Level 3 even though there may be some significant inputs that may be observable.

- C. The carrying values and estimated fair values of the Company's financial instruments at December 31, 2018 and 2017 were as follows:

December 31, 2018

Type of Financial Instrument	Aggregate Fair Value	Admitted Assets	(Level 1)	(Level 2)	(Level 3)	Net Asset Value (NAV)
Bonds, Short Term, and Cash Equivalents	120,937,555	121,634,429	45,590,340	75,247,215	—	—

December 31, 2017

Type of Financial Instrument	Aggregate Fair Value	Admitted Assets	(Level 1)	(Level 2)	(Level 3)	Net Asset Value (NAV)
Bonds, Short Term, and Cash Equivalents	125,638,358	125,163,113	38,949,542	86,688,816	—	—

The valuation methods and assumptions used by the Company in estimating the fair value of debt securities are discussed in Note 1.

There were no material realized and unrealized capital gains, purchases, sales, settlements, or transfers into or out of the Company's Level 3 financial assets during 2018 or 2017. There were no transfers between the Company's Level 1 or 2 financial assets during 2018 or 2017.

In evaluating the Company's management of interest rate and liquidity risk and currency exposures, the fair values of all assets and liabilities should be taken into consideration, not only those presented above.

D. The Company did not have any financial instruments where it was not practicable to estimate the fair value.

21. Other Items

A. Unusual or Infrequent Items

The Company did not have any unusual or infrequent items for the years ended December 31, 2018 and 2017.

B. Troubled Debt Restructuring

The Company did not have any troubled debt restructuring in the years ended December 31, 2018 and 2017.

C. Other Disclosures

(1) Minimum Capital and Surplus

Under the laws of the State of New Jersey, the Company is required to maintain a minimum capital and surplus equal to the greater of (1) \$1,000,000 adjusted annually by the Consumer Price Index; (2) 2% of the annual premium revenues as reported by the Company on its most recent annual financial statement filed with the Commissioner of Health and Commissioner of Banking and Insurance for the first \$150,000,000 of premium reported and 1% of the annual premium in excess of the first \$150,000,000 of premium reported; (3) an amount equal to the sum of three months of uncovered health care expenditures; or (4) an amount equal to the sum of 8% of the annual health care expenditures (not including those expenditures paid on a capitated basis and those made on a managed hospital payment basis) plus 4% of the annual hospital expenditures paid on a managed hospital payment basis. At December 31, 2018 and 2017, the Company's capital and surplus exceeded all such requirements.

The NAIC and the State of New Jersey adopted risk-based capital ("RBC") standards for health organizations, including HMOs, that are designed to identify weakly capitalized companies by comparing each company's adjusted capital and surplus to its required capital and surplus (the "RBC Ratio"). The RBC Ratio is designed to reflect the risk profile of the company. Within certain ratio ranges, regulators have increasing authority to take action as the RBC Ratio decreases. There are four levels of regulatory action, ranging from requiring insurers to submit a comprehensive plan to the state insurance commissioner to requiring the state insurance commissioner to place the insurer under regulatory control. At December 31, 2018 and 2017, the Company had capital and surplus that exceeded the highest threshold specified by the RBC rules.

(2) Health Care Reform

The Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act (collectively, "Health Care Reform" or the "ACA"), has made broad-based changes to the U.S. health care system. If the ACA is not further amended, repealed or replaced, certain of its components will continue to be phased in until 2022. While the Company anticipates continued efforts in 2019 and beyond to invalidate, modify, repeal or replace Health Care Reform, the Company expects aspects of Health Care Reform to continue to significantly impact the Company's business operations and financial results, including pricing, medical benefit ratios ("MBRs") and the geographies in which the Company's products are available.

While most of the significant aspects of Health Care Reform became effective during or prior to 2014, parts of Health Care Reform continue to evolve through the promulgation of executive orders, regulations and guidance as well as ongoing litigation. Additional changes to Health Care Reform and those regulations and guidance at the federal and/or state level are likely, and those changes are likely to be significant. Growing state and federal budgetary pressures make it more likely that any changes, including changes at the state level in response to changes to, or invalidation, repeal or replacement of, Health Care Reform and/or changes in the funding levels and/or payment mechanisms of federally supported benefit programs, will be adverse to us. For example, if any elements of Health Care Reform are invalidated or repealed at the federal level, the Company expects that some states would seek to enact similar requirements, such as prohibiting pre-existing condition exclusions, prohibiting rescission of insurance coverage, requiring coverage for dependents up to age 26, requiring guaranteed renewability of insurance coverage and prohibiting lifetime limits on insurance coverage.

Potential repeal of Health Care Reform, ongoing legislative, regulatory and administrative policy changes to Health Care Reform, the results of congressional and state level elections, the December 2018 U.S. District Court decision invalidating Health Care Reform and other pending litigation challenging aspects of the law or funding for the law and federal budget negotiations continue to create uncertainty about the ultimate impact of Health Care Reform. The pending litigation challenging Health Care Reform includes challenges by various states of the federal government's decision to curtail payments related to the Cost-Sharing Subsidy Program. The time frame for conclusion and final outcome and ultimate impact of this litigation are uncertain. Given the inherent difficulty of foreseeing the nature and scope of future changes to Health Care Reform and how states, businesses and individuals will respond to those changes, the Company cannot predict the impact on it of future changes to Health Care Reform. It is reasonably possible that invalidation, repeal or replacement of or other changes to Health Care Reform and/or states' responses to such changes, in the aggregate, could have a significant adverse effect on the Company's businesses, financial results and cash flows.

As described above, the availability of funding for Health Care Reform's temporary risk corridor program is an example of this uncertainty. The Company continues to believe that receipt of any risk corridor payment from HHS for the 2018 or 2017 program year and receipt of such payments in excess of the announced prorated amount for the 2014 program year are uncertain. At December 31, 2018, the Company had a \$0 receivable for the remaining 2014 program year prorated amount that had not been collected from HHS and had no receivable for either of the 2015 or 2016 program years. 2016 was the last program year for Health Care Reform's risk corridor program. On-going uncertainty regarding the funding of Health Care Reform-related programs and subsidies can be expected to create additional instability in the marketplace.

As described above, the availability of funding for Health Care Reform's temporary risk corridor program is an example of this uncertainty. The Company continues to believe that receipt of any risk corridor payment from HHS for the 2016 or 2015 program year and receipt of such payments in excess of the announced prorated amount for the 2014 program year are uncertain. At December 31, 2018, the Company had no receivable for the remaining 2014 program year prorated amount that had not been collected from HHS and had no receivable for either of the 2018 or 2017 program years. 2017 was the last program year for Health Care Reform's risk corridor program. On-going uncertainty regarding the funding of Health Care Reform-related programs and subsidies can be expected to create additional instability in the marketplace.

In addition to efforts to amend, repeal or replace Health Care Reform and the related regulations, the federal and state governments also continue to enact and seriously consider many other broad-based legislative and regulatory proposals that have had a material impact on or could materially impact various aspects of the health care and related benefits system and the Company's business. The Company cannot predict whether pending or future federal or state legislation or court proceedings, including future U.S. Congressional appropriations, will change various aspects of the health care and related benefits system or Health Care Reform or the impact those changes will have on the Company's business operations or operating results, but the effects could be materially adverse.

In addition, Health Care Reform ties a portion of each Medicare Advantage plans' reimbursement to the achievement of favorable CMS quality performance measures ("star ratings"). Since 2015, only Medicare Advantage plans with an overall star rating of four or more stars (out of five stars) are eligible for a quality bonus in their basic premium rates. As a result, the Company's Medicare Advantage plans' operating results in 2018 and going forward will be significantly affected by their star ratings.

(3) Medicaid

The Company's Medicaid, dual eligible and dual eligible special needs plan products also are heavily regulated by CMS and state Medicaid agencies, which have the right to audit the Company's performance to determine compliance with CMS contracts and regulations. The Company's Medicaid products, dual eligible products and Children's Health Insurance Program ("CHIP") contracts also are subject to complex federal and state regulations and oversight by state Medicaid agencies regarding the services the Company provides to Medicaid enrollees, payment for those services, network requirements (including mandatory inclusion of specified high-cost providers), and other aspects of these programs, and by external review organizations which audit Medicaid plans on behalf of the state Medicaid agencies. The laws, regulations and contractual requirements applicable to the Company and other participants in Medicaid and dual eligible programs, including requirements that the Company submit encounter data to the applicable state agency, are extensive, complex and subject to change. The Company has invested significant resources to comply with these standards, and its Medicaid and dual eligible program compliance efforts will continue to require significant resources. CMS and/or state Medicaid agencies may fine the Company, withhold payments to the Company, seek premium and other refunds, terminate the Company's existing contracts, elect not to award the Company new contracts or not to renew the Company's existing contracts, prohibit the Company from continuing to market and/or enroll members in or refuse to automatically assign members to one or more of the Company's Medicaid or dual eligible products, exclude the Company from participating in one or more Medicaid or dual eligible programs and/or institute other sanctions and/or civil monetary penalties against the Company if it fails to comply with CMS or state regulations or the Company's contractual requirements. The Company cannot predict whether pending or future federal or state legislation or court proceedings will change various aspects of the Medicaid program, nor can it predict the impact those changes will have on its business operations or financial results, but the effects could be materially adverse.

- D. The Company did not have any business interruption insurance recoveries for the years ending December 31, 2018 or 2017.
- E. The Company did not have any transferable and non-transferable state tax credits for the years ending December 31, 2018 or 2017.
- F. The Company did not have any subprime mortgage related risk exposures at December 31, 2018 or 2017.
- G. The Company did not have any retained assets at December 31, 2018 or 2017.

22. Events Subsequent

A. Type I - Recognized Subsequent Events

Subsequent events have been considered through February 27, 2019 for the statutory statement issued on March 1, 2019.

The Company had no known reportable recognized subsequent events.

B. Type II - Nonrecognized Subsequent Events

Subsequent events have been considered through February 27, 2019 for the statutory statement issued on March 1, 2019.

On January 1, 2018, the Company will be subject to an annual fee under Section 9010 of the Federal Affordable Care Act ("ACA"). This annual fee will be allocated to individual health insurers based on the ratio of the amount of the entity's net premiums written during the preceding calendar year to the amount of health insurance for any U.S. health risk that is written during the preceding calendar year. A health insurance entity's portion of the annual fee becomes payable once the entity provides health insurance for any U.S. health risk for each calendar year beginning on or after January 1 of the year the fee is due. As of December 31, 2017, the Company has written health insurance subject to the ACA assessment, expects to conduct health insurance business in 2018, and estimates their portion of the annual health insurance industry fee to be payable on September 30, 2018 to be \$2,827,000. This amount is reflected in special surplus. This assessment is expected to impact risk based capital ("RBC") by 8%. Reporting the ACA assessment as of December 31, 2017, would not have triggered an RBC action level.

As discussed in Note 1, in January 2018, the HIF was suspended for 2019. As a result, there is no annual health insurance industry fee payable on September 30, 2019 and there are no amounts reflected in the Company's aggregate write-ins for special surplus funds related to this payable at December 31, 2018 as a result. There is also no resulting impact to the Company's RBC to assess as of December 31, 2018 as a result of this suspension.

In January 2018, the annual fee was suspended for 2019.

Type II - Nonrecognized Subsequent Events:		Current Year	Prior Year
A	Did the reporting entity write accident and health insurance premium that is subject to Section 9010 of the Federal Affordable Care Act (YES/NO)?	Yes

E	Total Adjusted Capital before surplus adjustment (Five-Year Historical Line 14)	\$ 46,292,970	
F	Total Adjusted Capital after surplus adjustment (Five-Year Historical Line 14 minus 22B above)	\$ 46,292,970	
G	Authorized Control Level (Five-Year Historical Line 15)	\$ 13,275,716	
H	Would reporting the ACA assessment as of Dec. 31, 2018 have triggered an RBC action level (YES/NO)?	No	

23. Reinsurance

The Company and Berkley Life and Health Insurance Company ("Berkley") entered into an excess loss reinsurance agreement for Medicaid only members. Under this agreement, Berkley is liable for 90% of covered expenses in excess of the specific deductible of \$350,000 per covered member, with a maximum reimbursement of \$2,000,000 per member per agreement year. The Company paid reinsurance premiums of \$454,928 and \$332,227 in 2018 and 2017, respectively.

25. Change in Incurred Claims and Claims Adjustment Expense

The following table shows the components of the change in claims unpaid, unpaid claims adjustment expense and aggregate health claim reserves for the years ended December 31, 2018 and 2017.

	2018	2017
Balance, January 1	\$ 43,565,660	\$ 33,683,388
Health care receivable	(1,593,261)	2,970,333

Prior years	(7,512,693)	(5,273,038)
Total incurred	324,806,040	194,712,542
Paid related to:		
Current year	284,305,038	165,115,733
Prior years	29,543,886	24,278,131
Total paid	313,848,924	189,393,864
Balance, December 31, net of health care receivable	52,929,515	41,972,399
Health care receivable	2,730,878	1,593,261
Balance, December 31	55,660,393	43,565,660

In 2018, reserves for incurred claims and claim adjustment expenses attributable to insured events of prior years decreased by \$7,512,693 from \$43,565,660 in 2017 to \$36,052,967 in 2018. In 2017, reserves for incurred claims and claim adjustment expenses attributable to insured events of prior years decreased by \$5,273,038 from \$33,683,388 in 2017 to \$28,410,350 in 2018. The lower than anticipated health care cost trend rates observed in 2018 and 2017 for claims incurred in 2018 and 2017, respectively, were due to moderating outpatient and physician trends and faster than expected claim payment speed. The Company considers historical trend rates together with knowledge of recent events that may impact current trends when developing estimates of current trend rates. Original estimates are increased or decreased as additional information becomes known regarding individual claims. Historical health care cost trend rates are not necessarily representative of current trends. However, the business to which it relates is subject to premium adjustments. The Company excluded the impact of the change in health care receivables related to pharmacy rebates from the above roll-forward to conform to NAIC Annual Statement presentation.

Net coordination of benefits are implicit in the claims incurred but not reported calculation and could not be specifically identified.

26. Intercompany Pooling Arrangements

The Company did not have any intercompany pooling arrangements at December 31, 2018 or 2017.

The Company receives pharmaceutical rebates through an agreement with AHM. AHM has contractual agreements with pharmaceutical companies for rebates, which cover the Company's membership as well as the membership of other Aetna affiliates. The Company receives those rebates from AHM that relate to the Company's membership. The Company estimates pharmaceutical rebate receivables based upon the historical payment trends, actual utilization and other variables. Actual rebates collected are applied to the collection periods below, using a first in first out methodology. At December 31, 2018 and 2017, the Company had pharmaceutical rebate receivables of 316,510 and 188,265, respectively (refer to the Company's accounting practices related to pharmaceutical rebate receivables in Note 1).

The following table discloses the quarterly revenue and subsequent cash collections relating to the pharmaceutical rebates discussed in Note 10.

IDENTIFICATION SECTION

I, Jeffrey J. Drzazgowski, Vice President and Valuation Actuary, am an employee of Aetna Resources LLC, acting in my capacity as the opining actuary for Aetna Health Inc. (a New Jersey corporation) and a member of the American Academy of Actuaries. I was appointed on 06/01/18 in accordance with the requirements of the annual statement instructions. I meet the Academy qualification standards for rendering this opinion.

SCOPE

I have examined the assumptions and methods used in determining loss reserves, actuarial liabilities and related items listed below, as shown in the annual statement of the organization, as prepared for filing with state regulatory officials, as of December 31, 2018. Please note that Aggregate Health Policy Reserves now include an appropriate estimate of rebates payable as of 12/31/18 under the Patient Protection and Affordable Care Act.

H. Any other loss reserves, actuarial liabilities or related items presented as liabilities in the annual statement	Not Applicable
I. Specified actuarial items presented as assets in the annual statement	Not Applicable

RELIANCE SECTION

In forming my opinion on Aggregate Health Policy Reserves, I relied upon data prepared by James Lescoe – Director, Julia Williams - Actuary, Michael S. Lichtenberger - Director, Mark C. Poullos - Director, Dan Klibert – Actuary I and Scott Worthen - Director as certified in the attached statements. In forming my opinion on Unpaid Claims Adjustment Expenses, I relied upon Thomas Roh, Director, Finance as certified in the attached statements. In forming my opinion on all reserve amounts listed above, I relied upon Steven M. Conte, Principal Financial Officer and Controller of Aetna Health Inc. (a New Jersey corporation) as certified in the attached statement. I evaluated that data for reasonableness and consistency. I also reconciled that data to the Underwriting and Investment Exhibit - Part 2B of the company's current annual statement. In other respects, my examination included review of the actuarial assumptions and actuarial methods used and tests of the calculations I considered necessary.

OPINION

In my opinion, the amounts carried in the balance sheet on account of the items identified above:

- A. Are in accordance with accepted actuarial standards consistently applied and are fairly stated in accordance with sound actuarial principles;
- B. Are based on actuarial assumptions relevant to contract provisions and appropriate to the purpose for which the statement was prepared;
- C. Meet the requirements of the laws of the state of New Jersey, and are at least as great as the minimum aggregate amounts required by the state in which this statement is filed;
- D. Make good and sufficient provision for all unpaid claims and other actuarial liabilities of the organization under the terms of its contracts and agreements;
- E. Are computed on the basis of assumptions and methods consistent with those used in computing the corresponding items in the annual statement of the preceding year-end;
- F. Include appropriate provision for all actuarial items that ought to be established.

The Underwriting and Investment Exhibit – Part 2B was reviewed for reasonableness and consistency with the applicable Actuarial Standard of Practice.

The Analysis Of Health Care Receivables Collected and Accrued – Exhibit 3A was reviewed for reasonableness and consistency with the applicable Actuarial Standard of Practice.

Actuarial methods, considerations and analyses used in forming my opinion conform to the relevant Standards of Practice as promulgated from time to time by the Actuarial Standards Board, which standards form the basis of this statement of opinion.

SUPPLEMENT FOR THE YEAR 2018 OF THE Aetna Life Insurance Company

PART 4 - NARRATIVE DESCRIPTION OF MATERIAL FACTORS

Provide a narrative description of any material factors necessary to gain an understanding of the information disclosed in the tables

A. On November 28, 2018 (the "Closing Date"), CVS Health Corporation, a Delaware corporation ("CVS Health"), completed its acquisition of Aetna Inc., a Pennsylvania corporation ("Aetna"). Pursuant to the terms of the previously announced Agreement and Plan of Merger (the "Merger Agreement"), dated as of December 3, 2017, among CVS Health, Hudson Merger Sub Corp., a Pennsylvania corporation and a wholly-owned subsidiary of CVS Health ("Merger Sub"), and Aetna, Merger Sub merged with and into Aetna, with Aetna continuing as the surviving corporation (the "Merger"). As a result of the Merger, Aetna became a wholly-owned indirect subsidiary of CVS Health. Aetna's pre-Merger subsidiaries continue to be owned by Aetna.

Disclosure is made for persons who served as officers of Aetna Life Insurance Company and/or one or more of its subsidiaries (collectively, the "Company") at December 31, 2018 includes:

1. All individuals serving as the principal executive officer ("PEO") or acting in a similar capacity during the last completed fiscal year, regardless of compensation level;
2. All individuals serving as the principal financial officer ("PFO") or acting in a similar capacity during the last completed fiscal year, regardless of compensation level;
3. The reporting entity's three most highly compensated executive officers, other than the PEO and PFO, who were serving as executive officers at the end of the last completed fiscal year; and
4. The next five most highly compensated employees whose individual total compensation exceeds \$100,000, based on 2018 W-2 information.

B. Amount includes salary deferred under the Company's deferral programs.

C. Amounts shown in this column represent cash bonus awards for the relevant calendar year under the Aetna Bonus Plan ("ABP"). For 2018, bonus pool funding under the ABP depended upon Aetna's performance against certain measures through the Closing Date and was pro-rated at target for the period from the Closing Date through December 31, 2018.

D. While the Merger Agreement was in effect, annual equity awards for each annual compensation cycle commencing after 2017 were in the form of RSUs, which were granted under the Aetna Inc. 2010 Stock Incentive Plan. Grant date fair value of the RSUs granted on March 2, 2018 was the stock price on the date of the grant. For information about the treatment of Company equity awards under the CVS Health Merger Agreement, see "Compensation Discussion and Analysis – Impact of the CVS Health Merger Agreement – Long-Term Incentive Equity Awards (SARs, PSUs and RSUs)" in Aetna's 2018 Proxy Statement, filed April 6, 2018.

Also, in connection with the CVS Health Transaction, CVS Health entered into an agreement with Ms. Lynch to amend her current employment agreement with Aetna, effective as of the Closing Date, pursuant to which she will serve as Executive Vice President, CVS Health and President, Aetna (the "Amendment"). Pursuant to the Amendment, on November 28, 2018, Ms. Lynch received a one-time supplemental long-term incentive award for the 2018-2020 award cycle at a target award value of \$2.25 million, delivered in the form of PSUs that vest on April 1, 2021, subject to achievement of the applicable performance goals, as well as a one-time sign-on RSU award with a grant date value of \$2.5 million, which will vest on the third anniversary of the grant date, subject to the terms of the Amendment and the applicable award agreement.

In addition, pursuant to a letter agreement between CVS Health and Mr. Jelinek, dated November 28, 2018, Mr. Jelinek received a long-term incentive award for the 2018-2020 award cycle at a target award value of \$1.25 million, delivered in the form of PSUs that vest on April 1, 2021, subject to achievement of the applicable performance goals, as well as a one-time sign-on RSU award with a grant date value of \$1 million, which will vest on the third anniversary of the grant date, subject to the terms of the applicable award agreement.

E. In accordance with the Merger Agreement, no SARs or options were awarded in 2018.

F. Pursuant to the Amendment, Ms. Lynch received a one-time cash sign-on bonus of \$2.5 million. Ms. Lynch will be required to repay the sign-on cash bonus if CVS Health terminates her employment for "Cause" or if Ms. Lynch resigns without "Good Reason" (each, as defined) within two years of the Closing Date.
