# BEACH HAVEN SCHOOL

**700 Beach Avenue  
Beach Haven NJ 08008**

**Pre-K – 6 District  
75 students**

**PROGRAM:**

The Beach Haven School, located since 1912 at its current site, is a small, family-oriented single-building school district. It sits one block from the Atlantic Ocean and two blocks from the Bay. It relies entirely on local funding. After graduation, the students attend Southern Regional School District. Beach Haven School, existing in a fragile beach environment, is immersed in the green movement and educational programs focus on marine biology. This includes programs such as beach erosion and replenishment, horseshoe crab migration, and efforts to re-claim the bay.
