Two elementary (Pre-K-4) and one middle school (5-8) provide an excellent education to more than 1,100 students in grades Prek-8. Our highly qualified staff consists of 99 core-teaching members, one full time child study team staff, and three principals, a Director of Special Services and a Supervisor of Curriculum and Instruction. A seven member Board of Education, dedicated to maintaining excellent educational programs, facilities, and an ongoing safe school environment, guides the district. The Board of Education recognizes that teacher training is a key factor in meeting each of these objectives. To that end, the Board supports a professional development schedule that includes ongoing embedded professional development, common planning time for all teachers, team planning meetings, and a modified block schedule allowing for 80 minutes of Math and Language Arts Literacy instruction each day.
