**PROGRAM:**

Gateway Regional High School provides a wide variety of educational choices for students from many diverse communities including National Park, Wenonah, Westville and Woodbury Heights. Along with rigorous academic instruction, Gateway offers advanced training in food preparation and textiles and fashion design. The technology program offers Computer Assisted Design (CAD) and a Computer Assisted Manufacturing lab with a 3D Modeler for students in an independent study class. An Education Academy prepares students for a career in education with college level courses that can provide credits through Fairleigh Dickinson University. Work-Study opportunities through the Option 2 program are also offered.
