

VERNON TOWNSHIP SCHOOL DISTRICT

539 Route 515
Vernon NJ 07462

K – 12 District
4,440 Students

PROGRAM:

The Vernon Township School District services nearly 4,000 students in the rolling hills of northern Sussex County and includes 6 schools (3 primary, 2 middle, and 1 high school). The district prides itself on offering a comprehensive educational experience that nurtures the academic, social, and developmental needs of all learners. With focus on the “whole child,” the district strives to offer an array of service learning projects, in addition to a comprehensive curriculum in world language, visual, performing, and practical arts. However, the district prides itself on its focus on language arts/literacy and math instruction. A balanced literacy program is used throughout the grade-levels, in tandem with reading specialists and instructional interventionists at the primary school levels, to provide rigorous and research-based instruction to learners of all abilities. Likewise, the district’s focus on science and math instruction is equally valued. A hands-on and pragmatic approach, with real-world applicability, underscores the math and science programs. All programs are enriched with advanced technology for teaching and learning. District technology coaches help to service teachers in providing students with 21st century approaches to instruction. SmartBoards, document cameras, and a host of other web 2.0 tools are readily used to enhance instruction and help foster a distinct sense of pride in the Vernon Schools helping it to continue to sustain a learning culture in which academic excellence is paramount.
