Subject Matter Preparation

- For certification as a **Chinese** teacher, current regulations require that applicants complete a minimum of 30 credits in a coherent sequence in the subject field of **Chinese**. Professional Teacher Preparation

- Current regulations for certification require that applicants complete a coherent sequence of study in professional education which may be completed in a provisional teacher program or an approved teacher preparation program. This is to advise that courses presented by the applicant in professional education must be a coherent sequence of courses that culminates in supervised student teaching.

You must possess linguistic competency in the designated world language as demonstrated on a Department-approved, nationally recognized test of oral language proficiency for spoken language, reading/writing proficiency for classical languages or receptive/expressive proficiency for American Sign Language.
